REPORT THAT GENERAL BOTHA HAS SURRENDERED.

IS CHIEF BOER COMMANDER

SAID TO HAVE YIELDED TO LORD KITCHENER.

REPORTS ARE UNCONFIRMED

DEWET AND HERZOG COMBINE THEIR FORCES.

London, Feb. 28.—The Sun says it is officially announced that General Botha, the commander-in-chief of the Boer forces, has surrendered to General Kitchener.

The war office at 2:30 p. m. had no confirmation of the reported surrender of General Botha, the Boer commander-in-chief.

HEARD IN MANCHESTER.

Manchester, England, Feb. 28.—The Evening Mail says General Botha formally surrendered to General Kitchener shortly before 10 o'clock this morning.

THE REPORT CREDITED.

London, Feb. 28.—3:43 p. m.—The Pall Mall Gazette credits the news of General Botha's surrender, but a representative of the Associated Press learns that neither the foreign office nor the colonial office have any information confirming the report.

NO OFFICIAL NEWS.

London, Feb. 28.—5:23 p. m.—The war secretary, Mr. Broderick, announced in the house of commons this afternoon that he had no official information of the surrender of General Botha.

BOER FORCES MASSED.

De Aar, Cape Colony, Feb. 28.—The combined forces of General De Wet and Commandant Hertzog are now east of Philipstown, about forty miles northeast of here. The total number of men is about 2,000.

DEWET HELD BACK BY FLOODS.

Wringers, 28.—Latest advices indicate though a few of General s men have succeeded in crossing the Orange river, General DeWet, former President Steyn and the bulk of their force, including Hertzog's commando, are camped on the south bank, wating an opportunity to cross. According to inhabitants who reside along the river side, this would be impossible for at least four days.

The indications are that DeWet intends moving eastward with the object of crossing the line between Norvals Pont and Naauwport.

Thornycroft is pushing from the west, while several columns are ready to meet the Boers in every direction. Last night there was a terrible storm, rain and thunder extending over a wide area, and it is expected that the river will again rise.

WILL BE REJOICING.

New York, Feb. 28.—The London correspondent of the Tribune cables that although no official information has been issued regarding the matter, he learns from a good source that Gen. Louis Botha, the Boer commandant general, has surrendered to the British, thus commemorating Majuba day in the same manner as General Cronje did twelve months ago.

If the war authorities can see their way to confirm the news there will be great rejoicing throughout the British empire. Commandant DeWet must still be reckoned with, however, and until he can be persuaded to lay down his arms hostilities must proceed. Military men in London now assume that the collapse of the Boer arms cannot be deferred many weeks, since it will be impracticable for the burghers to obtain a fresh supply of war material.

Steyn, DeWet and Hertzog are still in the field, but the remnants of their commandoes are without reserves of ammunition and are heading for districts which have been emptied and rendered uninhabitable by Lord Kitchener's policy of corralling the farmers and their families in strongly garrisoned posts.

HE WANTS TO KNOW.

James Miller, who is a brother-in-law to Crowl, the smallpox patient who has been quarantined at 212 Fairfield avenue for several weeks, called on Dr. Ruhl last evening. He told the doctor that Crowl has been in the house ever since he was declared ill of smallpox and that no one has been to see him, not even a physician. He called to Miller from a window yesterday and said he wanted to know something about it. If he has smallpox he don't know it and he wants some doctor to enlighten him on the subject, and if he has not got smallpox he wants something to eat. He and his wife have eaten up everything in the house except the bed clothes, and as they are not allowed to go out and no one is allowed to come in they are now reduced to a pure air diet.

BIG MORTGAGE FILED.

Toledo, Ohio, Feb. 28.—The G. H. Hammond company, of Chicago, today filed a gold bond mortgage for $1,550,000 in the county recorder's office. The mortgage bears 6 per cent. interest and is made out to the Central Trust company, of New York, and Thomas Hammond, trustee. It covers among other property the company's warehouse here.

WILL NOT USE THE MILITIA

MAYOR VANWYCK DECLARES HIMSELF.

Says New York Police Force is Equal to All Emergencies That Are Likely to Arise.

New York, Feb. 28.—Mayor VanWyck has informed members of the armory board that the national guard would not be called out by his orders.

Brigadier Generals Butt and McLeer resented the mayor's reflection on the guard General Butt had asked for an appropriation for a rifle range for the Thirteenth regiment, of which Col. David Austin is the head. Generat Butt explained that soldiers who could not shoot were of no use.

"They do not need to shoot in this city," said the mayor. "With our excellent police force there is no use for militia."

General McLeer turned quickly toward Mayor VanWyck and said:

"There have been strikes when the services of the guard were called for."

"Not since I have been mayor of New York," was the retort. "You nor anyone else will have to call them out while I am chief executive of the city. The police force is capable of handling any and all disturbances, and there will be no shooting."

When the remarks of the mayor were reported at national guard headquarters the officers of General Roe's staff were amazed.

"I cannot understand how the mayor would stand for such a statement," said Col. N. B. Thurston. "But for the services of the militia last year at Croton dam the whole of New York might have been without water. A little dynamite would have done the work."

NO SENSATION AT ALL.

An evening contemporary yesterday published a sensational article concerning Israel Messler, of 108 South Wayne avenue, which involved burglary of his own house, desertion of his family and a lot of other high crimes. The facts are that Mr. Messler left the city with his wife and then left her with some friends in a neighboring town, while he went away to transact some business. He found it necessary to return to Fort Wayne hurriedly to get some papers essential to complete a business deal. He had no key to his house and was obliged to force his way in. He got his papers and went away to complete his deal. This he did and yesterday wrote his wife from Marion asking her to join him and they would go to Nebraska to look over and probably sell a piece of property which he owns there. That is all there is to the sensation.

VALUABLE DOGS POISONED.

E. M. Shell has reported the loss of two fine beagle hound pups by poisoning. The dogs are of a particularly valuable strain and were five weeks old. Both of them had been sold for $50 and were to have been shipped this week. The dogs were poisoned on his back porch at 24 Leith street sometime between dark and 7:30 Wednesday evening. He has an idea who the culprit is, but will give $50 for information that will secure a conviction.

The livery firm of Momper & Keller, on Harrison street, was dissolved today, E. S. Keller retiring. The business will be continued by Mr. Momper.

AGREE ON REPORT

SENATE ACCEPTS CONFERENCE REVENUE AMENDMENTS.

NO OBJECTION IS OFFERED

SAMPSON AFFAIR GETS INTO THE SENATE.

REJECTS POSTOFFICE BILL

THE HOUSE SENDS BILL BACK TO CONFERENCE.

Washington, Feb. 28.—The senate today agreed to the conference report on the war revenue reduction bill. Agreement was reached without objection.

During the debate on the river and harbor bill Mr. Aldrich interrupted consideration of that measure to present the conference report on the revenue bill, which was read and at once agreed to.

The resolution offered by Senator Allen, of Nebraska, calling upon the secretary of the navy for copies of Gunner Charles G. Morgan's letter to Rear Admiral Sampson, seeking promotion and the admiral's endorsements thereon, together with all correspondence bearing upon the matter.

A number of conference reports were agreed to, including those on military academy appropriation bills, agricultural appropriation bill and the bill creating a commission for the adjudication of Spanish war claims in accordance with article 7 of the treaty of Paris. The river and harbor bill then was taken up.

When the senate convened today the president pro tem., Mr. Frye, presented a letter from the marquis of Lansdowne, expressing the appreciation of his majesty, King Edward VII., for the resolution of the senate adopted upon the occasion of the death of Queen Victoria. The letter, which was sent to Ambassador Choate, and by him transmitted to the state department and by Secretary Hay sent to the senate, is as follows:

"London, Feb. 14, 1901.—Your Excellency:—The prime minister duly laid before the king the copy of the resolution of the senate of the United States of America which your excellency forwarded in your note to me of the 8th inst. By command of the king, I am to request your excellency to be so kind as to express to the president of the senate his majesty's most sincere thanks for the mark of respect shown by the senate of the United States to the memory of her deeply lamented majesty, Queen Victoria, empress of India. The terms of the resolution are highly appreciated by his majesty.

"I have the honor to be etc.,
"Lansdowne.

"To His Excellency the Honorable Joseph H. Choate."

IN THE HOUSE.

Washington, Feb. 28.—The house met at 11 o'clock today. Mr. Loud presented a complete conference report upon the postoffice appropriation bill. He explained that the most important amendment agreed upon in conference was that providing for experiments in mail delivery in towns and cities not having free delivery or free rural delivery service. He did not think it wise, as it might commit the government to mail delivery in every city, town and village, and might ultimately involve an expenditure of $25,000,000 per annum. The amendment directing the postmaster general to report upon the feasibility of a government postal telegraph and telephone system he also considered unwise. He was opposed to the government entering upon a postal telegraph scheme, but it had been represented to the conferees that this amendment must be accepted to avoid complications in the closing hour of the session.

The conference report on the postoffice appropriation bill was rejected by the house and sent back to conference.

GAGE ANSWERS INQUIRY.

Washington, Feb. 28.—Secretary Gage today submitted to the house a reply to the resolution of inquiry as to whether our ports or waters have been used for the exportation of horses, mules or other supplies for use in South Africa. Mr. Gage says:

"1. Our ports have been used for the exportation of horses, mules or other supplies for use in South Africa.

"2. Between October, 1899, and January 31, 1901, horses, mules and other supplies to the extent of $20,595,692 were exported to South Africa.

"3. No steps have been taken to prevent the lawful exportation of horses, etc.

"4. The number of horses and mules shipped from our ports during this period was 76,632."

Mr. Gage adds that it is not feasible before congress adjourns to give the shipments by ports in detail.

A table shows all the shipments to South Africa, the chief ones being horses, mules, wheat, canned beef and rum. The items of guns and other firearms are very small.

REVENUE BILL REPORTED.

Washington, Feb. 28.—The conferees of the senate and house upon the war revenue reduction bill today announced the result of their deliberations upon that measure. As already stated, the report of the committee shows a compromise all along the lines of the bill, the changes in the present law being as follows:

Tobacco—Twenty per cent. discount of the original tax of 12 cents per pound, as against 25 per cent. reduction as fixed by the senate and none as the bill has passed the house. The rate agreed upon will make the tax 9.60 per 100 pounds, as stated in these dispatches yesterday.

Cigars—On those weighing more than three pounds per 1,000, the house rate of $3 per 1,000 was retained as against $3.30 as fixed by the senate and $3.60 as in the present law. On those weighing less than three pounds per 1,000, the senate rate of 18 cents per pound was allowed to stand, as against the rate of $1 per 1,000 as fixed by the existing law, was not disturbed by the house.

Cigars—On those weighing not more than three pounds per 1,000, the senate action fixing the rate at 18 cents per pound prevailed. The house did not change the existing law.

Beer—The house rate of $1.60 per barrel and repealing the 7½ per cent. discount was retained.

Bankers' Capital—Present law retained, the senate receding from its amendment.

Commercial Brokers' Tax—Repealed in accordance with original action of both houses.

Certificates of Stock Transfers—The rate of 2 cents for each $100 is retained and the senate amendment making the law include the transactions of bucket shops was accepted by the house conferees.

Sales of Products at Exchanges—The senate amendment exempting sales of merchandise in actual course of transportation was accepted and the rate of 1 cent for each $100, as fixed by the present law was retained, the senate amendment making the rate $2 being disagreed to.

Bank Checks—Repealed in accordance with the house action.

Certificates of Deposit—Tax repealed.

Promissory Notes—Tax repealed.

Money Orders—Tax repealed.

Bills of Exchange, Foreign—The rate fixed at 2 cents for each $100, in accordance with the senate amendment.

Bills of Lading for Export—Repealed.

Express Receipts—Repealed.

Telephone Messages—Repealed.

Miscellaneous Bonds Tax—Repealed, except upon bonds of indemnity. Certificates of damage and certificates not otherwise specified repealed.

Charter Party—Repealed.

Conveyance—Exempted below $2,500; above $2,500, 25 cents for each $500, in accordance with senate action.

Telegraph Messages—Tax repealed.

Insurance—Tax repealed on all kinds of insurance, in accordance with the action of the house, the senate conferees receding on all senate amendments.

Leases—Tax repealed.

Manifests—Tax repealed.

Mortgages—Tax repealed.

Steamship Passage Tickets—Exempted below $50 in value and the rate fixed at 50 cents for each $50 in cost for that price and over.

Power of Attorney—Tax repealed.

Protest—Tax repealed.

Warehouse Receipts—Tax repealed.

Proprietary Medicines—Tax repealed in accordance with house action, the senate amendment being disagreed to.

Perfumery and Cosmetics—Tax repealed.

Chewing Gum—Tax repealed.

Legacies—Law modified so as to exclude from taxation legacies of charitable, religious, literary or educational character.

The total reduction of the revenues as made by the bill agreed upon will amount to about $41,000,000, as against a reduction of $40,000,000 as it passed the house and of $57,000,000 as amended in the senate. The provisions of the bill as agreed upon will take effect on the 1st day of next July.

SCHWAB AT HEAD

YOUNG MAN TO BE PRESIDENT OF STEEL TRUST.

GARY INSTEAD OF FRICK

TO BE CHAIRMAN OF EXECUTIVE COMMITTEE.

ALARM IN GREAT BRITAIN

COMPETITION OF THE STEEL TRUST FEARED.

New York, Feb. 28.—A news association of this city says today:

"It is practically settled that President Schwab, of the Carnegie Steel company, will be selected as president of the United States Steel corporation, and there is semi-official authority for the statement that Elbert H. Gary, president of the Federal Steel company, will be named for the chairmanship of the executive committee. Until today it was generally believed that H. C. Frick would be placed at the head of this committee, but the change of program is said to be due entirely to Mr. Frick's statements to friends that his other interests would not allow him to give sufficient time to the duties of that important position.

"It appears to be settled that F. T. F. Lovejoy, of the Carnegie company will be secretary of the combined company."

ALARM IN GREAT BRITAIN.

London, Feb. 28.—The continuous decline in Scotch pig iron, prices having reached a ruinous level, is said to be the result of the formation of the steel trust in the United States. It is claimed that the makers are alarmed at the prospects. Replying to Sir Howard Vincent, conservative, the chancellor of the exchequer, Sir Michael Hicks-Beach, said he was aware that the exports of the United States in iron and steel amounted last year to $145,000,000, over double the value of similar exports in 1899. He altogether demurred, however, at the statement that the greater proportion was not required in America and was sent to the united kingdom. As a matter of fact, for the year ending June 13, 1899, the proportion was under $20,000,000 out of a total of $106,000,000.

The chancellor of the exchequer added that Sir Howard Vincent, in asking the government to take steps to secure such fiscal treatment for these and other competing foreign manufactured products, amounting to $400,000,000, as shall establish an equality of foreign goods with British goods in British markets and place upon the foreigner a portion of the pecuniary expense of the Boer war, merely expressed an opinion with which he did not agree.

Sir Howard Vincent also asked a question about the United States Steel corporation and the president of the board of trade, Gerald Balfour, replied that he understood a combination was in course of formation, but he was not inclined to adopt Sir Howard Vincent's statement that the main object of the combine was to destroy the iron and steel industries of Great Britain. He did not think any action on the part of the government could be usefully taken.

MORGAN MAKES $30,000,000.

New York, Feb. 28.—More than $7,500,000 in actual cash value is the commission upon which J. P. Morgan & Co. reckon for carrying through the gigantic steel project embodied in the United States Steel corporation. This sum takes no account of the firm's share of what profits may be made in handling the underwriters' money or of the advantages which may accrue to them as shareholders in some of the merged companies by reason of the economics of consolidation.

From a banker of wide reputation it was learned that the underwriters' syndicate, which will include as syndicate managers the firm of J. P. Morgan & Co., is to get a bonus of $25,000,000 in preferred stock of the new company and $25,000,000 of its common stock. Of this bonus Mr. Morgan's firm gets 25 per cent—that is to say, $6,250,000 of preferred and $6,250,000 of common stock.

"Will you say something as to the basis of the underwritings?" Mr. Morgan was asked.

"What do you mean by 'the basis of the underwriting?'" Mr. Morgan asked.

Reference was then made to the probable profits of the underwriters, and Mr. Morgan exclaimed:

"Well, in the first place, that is not the public's business. You might just as well come in here and asks me how many dollars I have in my pocket—just as well."

"The United States Steel corporation is a public corporation," it was suggested in reply.

"Oh, no," said Mr. Morgan. "When the public come to trade in it then it will be time enough for them to inquire."

RUBLEE SUCCEEDS WILDMAN.

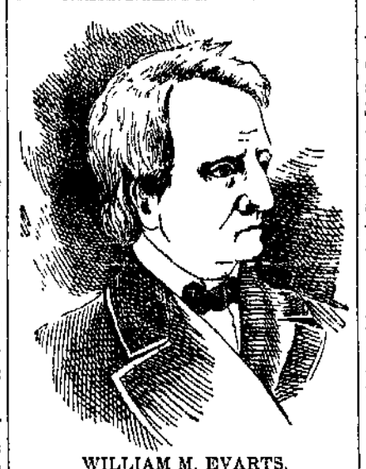
Washington, Feb. 28.—The president has selected William A. Rublee, of Wisconsin, as consul general at Hong Kong, to take the place made vacant by the death of Mr. Rounseville Wildman and it is expected that his nomination will be made to the senate in a day or two. Mr. Rublee is a graduate of Yale and is at present engaged as an editorial writer for the Milwaukee Sentinel. He has had experience in the consular service, having served as consul at Prague during the administration of President Harrison. His appointment to the Hong Kong consulate was advocated by Senator Spooner and other prominent men of Wisconsin.

WILLIAM M. EVARTS IS DEAD

AGED STATESMAN YIELDS TO PNEUMONIA.

Was Surrounded By His Family When the End Came—Was 83 and Had Long Been Failing.

New York, Feb. 28.—William M. Evarts died at his home in this city today. Mr. Evarts was 83 years old. His death was caused by pneumonia. For several years past he had been without the use of his eyes and was otherwise so feeble that he was unable to leave his home.



WILLIAM M. EVARTS.

Up to the time of death he was the nominal head of the law firm of Evarts, Choate & Seaman, although for many years he had not been in active practice.

Soon after 4 o'clock this morning Mr. Evarts suffered a relapse which caused him to sink rapidly. He had not rested well during the night and morning. The doctor and the nurses were put to their utmost resources, but they could not prevent the patient from sinking into unconsciousness at 6 o'clock. He became weaker and weaker until he breathed his last at ten minutes after 9 o'clock, without regaining consciousness. From the time he became unconscious the dying man's wife and children were with him in the room. There were our daughters and the same number of sons. The latter are Allan, Sherman, Prof. Dr. Prescott and Maxwell Evarts, and the daughters are Miss Mary Evarts, Mrs. Beaman, Mrs. Tweed and Mrs. Scudder.

WORK PROGRESSES WELL.

Exactly 192 solicitors are making the canvass of the city in the interest of the auditorium fund, and while none have made more than fragmentary reports, these are of a very favorable nature, and the committee is highly gratified with the result thus far. It is stated that for the most part the subscriptions are being made by notes of from $5 to $10, few subscriptions being less than the former amount. These notes may be paid in monthly installments, so that the investment is not burdensome.

CHINA WAR BILL.

Berlin, Feb. 28.—The third supplementary estimate of 3,000,000 marks for expenses incurred by the war in China has been issued. Transportation and the purchasing of remounts will require 2,000,000, while provisions and forage will call for 1,000,000. This brings the total voted for the fiscal year to 93,309,153 marks.

MOB VIOLENCE NOT FEARED IN INDIANAPOLIS.

NO CHANCES TO BE TAKEN

GATTLING GUN SQUAD AND SOLDIERS READY.

ALLEGED RAPIST IN JAIL

VICTIM IDENTIFIES HIM AS HER ASSAILANT.

Indianapolis, Feb. 28.—There was no attempt to day to make a demonstration against the county jail, where "Doc" Reed, charged with brutally assaulting Miss Dorothy Darter Thursday afternoon in Irvington, a suburb of this city, is confined.

Orders have been issued to the gatling gun squad of Battery A, and one company of militia to move at a moments notice, but, apparently, all danger of lynching has passed.

Detectives sent to Danville, where a colored man has been arrested on suspicion, returned today having decided that the man is not wanted in the case.

REED MAY BE INNOCENT

Reed insisted today that he was not in Irvington at the time of the assault. His statement has been corroborated by citizens of Morristown, where he claims to have been at the time of the assault.

Lynching excitement reached some pitch last night, and for several hours there was danger of a conflict between threatening crowds that jammed the streets and a small army of militiamen and policemen which had been called into service to protect Reed from violence.

Before the show of military force was made the negro had a narrow escape from lynching. His life was saved only by the pity or timidity of his victim, who, when she was called upon to identify him, hesitated and expressed uncertainty—moved by the knowledge that within earshot was a mob of 300 or 400 men ready to take the man's life the instant a word from her fixed his guilt.

IDENTIFIED BY VICTIM.

After the negro and the mob had left she said she had positively identified him, but feared to say so, dreading that the crowd would hang him in her yard.

Reed had been arrested earlier in the day at Newcastle. After the girl's failure to identify him he was brought to this city from Irvington. When the news of Miss Darter's identification was spread about it caused a rise in the feeling against the negro, and there indications of a purpose to cause trouble.

A hasty consultation between the governor, adjutant general, sheriff and superintendent of police was called, and the companies of the National Guard here were placed under orders to be ready at a moment's notice to quell a mob. One hundred stands of arms were taken from the state armory to the county jail, and seventy-five deputy sheriffs were at once sworn in. In addition to this fifty policemen were put on guard in every street near the jail, and everyone was prevented from approaching. This method of avoiding trouble will continue through the night.

MOBS CROWD THE STREETS.

Thousands of people began gathering on the down town streets early last evening, and black groups of men appeared from the city police station. Stern orders to disperse, however, separated them. The negro was greatly frightened, and kept imploring the officers in the jail to save him.

RESTORED TO FAMILY.

Madrid, Feb. 28.—Senorita Ubao, the young girl who was lately restored to her mother by the authorities of the Jesuit convent, which she had been induced to enter, had an affectionate meeting last evening with her mother and brother, after which she wrote her lawyer, instructing him to abandon all legal proceedings in the case. She declared the sisters of the convent assured her that her brother intended to take her to Russia and abandon her there; also that he intended to burn the convent.

TO DEVELOP JAMAICA.

Kingstown, Jamaica, Feb. 28.—It is reported that Elder, Dempter & Co., of Liverpool, are heading a movement in England for the formation of a company with a capital of $2,500,000 for the development of the agricultural resources of Jamaica.

UNITED IN DEATH

EDWARD AND FRANK HENRY DIE FROM PNEUMONIA

BUT TWO BRIEF HOURS APART

HEAVY AFFLICTION OF A FAMILY NEAR NEW HAVEN.

CONRAD RODENBECK IS DEAD

OTHER DEATHS AND FUNERALS OF THE DAY.

Affliction's hand rests heavily upon the home of Mr. and Mrs. Frank Henry, who reside a short distance east of New Haven. Wednesday evening, within the space of two brief hours, two sons, Edward and Frank Henry, jr., died from pneumonia. Edward, sixteen years of age, died at 8 o'clock, and two hours later Frank, aged seventeen, passed away from the same disease.

Other members of the family have also been ill, a daughter, Miss Mamie, having almost entirely lost her voice from the effects of la grippe. The young men were nephews of Joseph Romary, of this city, and Mrs. Henry Schone and Mrs. Frank Veith are cousins of the bereaved father.

RODENBECK.

Conrad Rodenbeck, for half a century a well known Allen county farmer, died at 11:30 o'clock Wednesday night at his home, three miles north of the city, upon the Coldwater road. Mr. Rodenbeck had been ill about three weeks and death was due to the infirmities of his advanced age —seventy-nine years, two months and twenty-four days.

Mr. Rodenbeck was born at Quetzen, bei Minden, Germany, and came to Allen county in 1850; purchased a tract of woods north of the city, cleared it and developed it into the splendid farm which had since been his home. He was industrious and upright and was regarded as one of the substantial citizens of Washington township. Mr. Rodenbeck had been a member of St. Paul's Lutheran church ever since his arrival in the county.

His marriage occurred in 1851 to Miss Louise Geiseking, who, together with nine children, survives. The children are Frederick Rodenbeck, Mrs. Frederick Busse, Mrs. Carl Muhlenbruch, Mrs. William Bartels, the Misses Minnie, Sophia and Christine Rodenbeck and Rev. Carl Rodenbeck, of Scrobner, Neb. There are twenty grandchildren.

The funeral services will be held from the residence Sunday afternoon at 2 o'clock, Rev. Jacob Miller officiating. The interment will occur at the Lutheran cemetery on the Coldwater road.

RAUDEBUSH.

Malcolm Dale Raudebush, the infant son of Mr. and Mrs. L. J. Raudebush, of 30 Summit street, died this morning at the age of two months and seven days.

Funeral services will be held from the residence Saturday morning, at 10 o'clock.

FUNERAL ANNOUNCEMENTS.

Braeuer—The funeral services of Mrs. Catherine Braeuer will be held Friday afternoon at 1:30 o'clock from the residence, 92 Huestis avenue, and at 2 o'clock from Emanuel Lutheran church.

Lahrmann—The funeral of George Lahrmann will be held Friday afternoon at 1 o'clock from the family home, in Marion township, and at 1:45 from the Lutheran church on the Piqua road, Rev. Franke officiating.

LIPTON IS SATISFIED.

London, Feb. 28.—The reply of the New York Yacht club to the latest suggestions from this side on the subject of the international yacht race reached the Royal Ulster Yacht club today. The answer is regarded as clearing up the ambiguity in regard to the starting rule. Sir Thomas Lipton informed a representative of the Associated Press today that he is perfectly satisfied with the New York Yacht club's reply and considers that the Royal Ulster Yacht club's suggestions have been met in a sportsmanlike spirit.

SMALL TOWN FIRE-SWEPT.

Mantua, Ohio, Feb. 28.—A fire originating in the saloon of J. V. Rosenstet, shortly before midnight, destroyed a large portion of the business part of Mantua this morning. The village is without fire protection and the fire soon gained such headway as to be beyond control and aid was summoned from Cleveland. The burned district extends along Main street, from Prospect street south to the Erie railroad, and one block east on Prospect street. The principal losers are: I. J. Hays, clothier; Mrs. Goddard, bazar; James Kirk, photographer; S. Eldridge, jeweler; the postoffice; the Brown house; the Mantua house; J. V. Rosenstet, saloon; A. Gentile, saloon; M. Brown, saloon. The loss will amount to $75,000 and is only partly covered by insurance.

STRIKE ORDER IS OBEYED.

Cleveland, Ohio, Feb. 28.—Telegrams received at the local headquarters of the Marine Engineers' association today from various lake ports indicate that the strike order issued yesterday by National President Uhler will be obeyed by all members of the organization. It is stated that engineers engaged in making repairs or fitting out vessels have ceased work at all points on the lakes where such work has been in progress. While many prominent vessel owners continue to assert that they will be glad to see all vessels tied up until late in the season in order to stiffen carrying rates, some of the more conservative and influential vesselmen intimate that the strike will soon be compromised. Officials of the passenger boat lines declare that they will make every effort to start their steamers just as soon as the ice permits. It is intimated that if they cannot secure non-union men they will withdraw from the lake carriers' association and comply with the demand of the engineers.

CONSUL ORDERED HOME.

Lisbon, Feb. 28.—The Brazilian government has ordered its consul at Oporto to return immediately to Brazil with his family.

MARRIAGE LICENSES.

Abraham C. Deardorff and Charlotte Lemay.

[In this case both the parties are under age, the lady being but seventeen. The parents of both, however, gave their written consent to the issuance of the license.]

LOCAL LINES.

Judge F. S. Roby, of Auburn, is in the city.

Sister M. Regis, a Sister of Providence at St. John's academy, arrived in the city yesterday to be at the bedside of her father, Thomas Tiernan.

Architect Grindle has gone to Palm Beach, Fla., where he will spend some weeks. He is preparing plans for an elaborate residence there for a wealthy southern gentleman.

Thomas Travers will arrive in the city this evening from St. Paul seminary at St. Paul, Minn. He is called home by the illness of his grandfather, Thomas Tiernan, who is in a critical condition.

Mr. and Mrs. Charles Schroeder were pleasantly surprised Wednesday evening at their West Washington street home by a merry party of masqueraders, the occasion being Mrs. Schroeder's birthday anniversary. The evening was spent in playing pedro and other social diversions, and at the close of the games a fine lunch was served.

The situation in the building trade, so far as it relates to employer and employe, has not materially changed. The contractors who have not signed the scale appear firm in the determination not to do so, and those who did sign are making no effort to induce others to do likewise. One of the contractors who signed the scale said this morning that the city papers were misinformed as to the number of signers. Instead of thirty or forty, there were only nine names upon the wage agreement.

TO CHANGE RAILWAY SYSTEM

GERMAN EMPEROR FAVORS AN ELECTRIC SERVICE.

It Is Expected a Speed of 150 Miles an Hour Will Be Attained on Electric Lines.

Washington, Feb. 28.—It is reported that Emperor William has expressed himself in favor of a complete change in the entire German railway service, according to a communication received at the state department from Consul General Guenther at Frankfort.

At an audience recently held by Privy Councillor Rathnau, a promoter of great electrical enterprises, the latter gave the emperor detailed information emphasizing the necessity of constructing electrical railways for direct and rapid connection between Berlin and the principal cities of the German empire. He also brought out the fact that a great national triumph would be gained if Germany could be the leader in the creation of an entire electrical railway system.

The German secretary of war has placed the military line from Berlin to Zossen at the disposal of the promoters, who are urging upon the government this mode of travel for experimental purposes.

This line is eighteen miles in length, and it is hoped that a speed of from 125 to 155 miles an hour can be attained. The cars each will accommodate fifty passengers and will look very much like the sleeping cars now in use. If these trial runs prove satisfactory a great step towards the utilization of electricity as the sole railway motive power will have been gained, and, says the consul general, "the time will not be distant when it will be possible to travel, for example, from Berlin to Hamburg in a little over an hour, in cars which will follow each other at intervals of ten minutes."

For the purpose of furthering this project a number of prominent industrial and banking firms some time ago formed a society for investigation, with Dr. Schulz, president of the imperial railway department, at the head.

Consul General Guenther says in conclusion:

"By raising the speed, which now averages thirty-seven miles per hour, for fast trains to 155 miles per hour, and by dispatching the cars singly, the ideal railway of the future will have been reached."

SALT CURE FAILED TO SAVE.

Hamilton, Ohio, Feb. 28.—Marcus Sauer, sixty-nine years old, died here yesterday after an illness that attracted attention in medical circles throughout America six weeks ago. On January 11 the old man was dying of chronic dropsy. Dr. W. Z. Kumler was summoned and before he arrived the patient had apparently expired. It was at this time that the Loeb-Lingle salt cure was attracting so much attention and in desperation Dr. Kumler tried it. He injected a warm solution of common salt into Sauer's left arm and in twenty-one minutes revived him completely. Mr. Sauer gained strength and was apparently getting well until a week ago pneumonia set in. Then the dropsy developed a gangrene and Mr. Sauer died quietly yesterday. He was a junk dealer of some means and leaves seven children.

HEROIC GIRLS FIGHT FIRE.

Philadelphia, Feb. 28.—The fire brigade of Bryn-Mawr college, composed of girls, some of them with millionaires for papas, did heroic work and extinguished the flames that were burning one of the college's cottages, that occupied by Professor Scott. A number of girl students discovered the blaze and Miss G. E. Fowler, chief of the brigade, blew the horn that summoned the girl fire fighters. Soon the girls—there were forty of them—had two streams of water on the flames, they having drawn the hose cart and hose to the scene in record time. The girls were persistent in their efforts and a half hour after the fire was discovered it was practically under control.

BANKER FOILS EXTORTION.

Bonner Springs, Kan., Feb. 28.—M. D. Bearden, a respected citizen, is under arrest here for connection with an attempt to force $1,000 from Frank Warner, cashier and principal owner of the bank of this place, under pain of death to himself and family or the kidnaping of his child. Bearden was arrested, it is alleged, while making off with a bag of slugs supposed to contain money and which was left at a spot designated in a threatening letter received by the banker.

Mr. Warner took a few friends into his confidence, ordered the gold and had it on display in the bank. Later he filled the bag with slugs and deposited it as directed, David Wood concealing himself near by. The steps led up to the lodgerooms of the Odd Fellows' lodge, of which Bearden was a member. It was the night of the regular lodge meeting and when it was concluded Bearden was the last man to leave the building.

Bearden, according to Wood, drew out the bag and started away, when Wood ordered him to halt. Bearden, it is said, threw the heavy bag at Wood and ran. He was taken in charge by Deputy Sheriff Whitford. The prisoner has lived in Bonner Springs or fifteen years and has borne a good reputation. He has a wife and two children.

EMPLOYES TO SHARE PROFITS

NEW PLAN INTRODUCED AT THE FOX BAKERY.

Workmen Have an Opportunity to Purchase National Biscuit Stock —Many Will Do So.

The 130 employes of the Fox branch of the National Biscuit company in this city are to have an opportunity to become stockholders in that gigantic enterprise, purchasing preferred stock upon the monthly payment plan. With the pay envelopes next Monday will be inclosed a circular letter explaining the plan and a blank application for stock, and Thomas Lau, the assistant manager, stated to The Sentinel this morning that he believed a large number of their workmen would invest in the stock.

The plan was but recently adopted at a meeting of the stockholders of the National Biscuit company, and the offer to become associate proprietors is open to every employe of the company from the laborers to the associate managers. It is the desire to perfect a community of interest between all persons connected with the active work of the company.

The preferred stock of the company amounts to $25,000,000, and of this $23,825,100 is outstanding, being owned by 2,492 persons, of whom more than 1,000 are women. About $10,000,000 worth of the stock is owned by the officers, directors, managers of the plants and their families, but the remaining $15,000,000 represents outside capital. The market value of the stock at the present time is $92.50 a share, and for the three years during which the company has been in existence it has paid an annual dividend of 7 per cent.

The offer goes into effect immediately. In order to become a stockholder it is necessary for an employe to make application to the manager of the plant with which he is connected, stating how much stock he wants to buy, and inclosing $5 as the amount of the first payment. This must be followed by regular monthly payments according to the amount of stock taken out, and employes will be paid 4 per cent. interest on all money paid in until the stock is fully paid for, when they become full-fledged stockholders.

The company agrees to buy the necessary amount of stock from the outside for its employes at the regular market value and assume all expense. Provision is made for refunding money paid in in case an employe is unable to continue his payments or leaves the company.

ASSAILANT IS ARRESTED.

St. Petersburg, Feb. 28.—The man named Karpovich, who shot at and wounded the minister of public instruction, M. Bogoliepoff, yesterday, while the latter was holding a reception, has been arrested. M. Bogoliepoff was formerly rector of the Moscow university and later curator of the Moscow educational district, where he distinguished himself by a strict enforcement of discipline. He when the law was passed punishing obstreperous students with military service. He recently ordered the unsparing enforcement of this law, and approved many sentences against the students.

PURDUE STUDENTS COMING

WILL VISIT MODEL FARMS ABOUT FORT WAYNE.

Fifty Young Agriculturalists in Charge of Director Plumb to Arrive Tuesday.

Fifty students of Purdue university at Lafayette are coming to Fort Wayne for the purpose of inspecting a number of model farms in this vicinity, and the young agriculturalists will arrive Tuesday evening at 6:47 over the Wabash. Prof. C. S. Plumb, director of the experiment station at the college, will be in charge of the young men.

The students comprise a part of those who are taking the agricultural course at the state institution, and next Wednesday will be spent in a visit to at least four farms in this vicinity. The first stop will be made at Brookside farm, owned by Hon. J. H. Bass, and from thence the young men will visit the farm of J. C. Peters, where they will lunch. The Mondamin Meadows farm of Hon. T. E. Ellison will next be visited, and returning to the city an inspection of the plant of the Mondamin Meadows Dairy company will follow. The young men will next visit the farm of the state institution, where they will be the guests of Supt. Alexander Johnson at supper. The party will leave at 8 o'clock Wednesday evening on the return to Lafayette.

A DIPLOMAT WEDS.

London, Feb. 28.—The marriage of W. Bayard Cutting, private secretary to United States Ambassador Choate, and Lady Sybil Marjorie Cuffe, youngest daughter of the present earl of Desart, will probably occur the latter part of April, but the date depends upon when Mr. Cutting's family can come over to be present at the ceremony in London. Mr. Cutting contemplates resigning from the embassy.

FIRM FOUNDATION.

Nothing Can Undermine It in Fort Wayne.

People are sometimes slow to recognize true merit and they cannot be blamed, for so many times in the past they have been humbugged. The experience of hundreds of Fort Wayne residents expressed publicly through newspapers and other sources places Doan's Kidney Pills on a firm foundation.

Mr. S. E. Beck, of 104 Ewing street, says: "Ever since I had my foot cut off six years ago I had symptoms of kidney trouble. I don't know whether it was the shock of the accident or the effects of the operation, but whichever it was, I had kidney complaint, and try what I would I could not get relief until I procured Doan's Kidney Pills at Meyer Bros. & Co.'s drug store and began taking them. My back ached very bad at times and I could hardly stoop. The first few doses of Doan's Kidney Pills did me a great deal of good, and in a short time the symptoms disappeared."

WILL ORGANIZE POLO CLUB.

For a time past a number of young men interested in polo have been discussing the advisability of organizing a polo club and a meeting has been called for this evening at Princess rink to effect an organization. Two teams will be picked, and as polo clubs have already been purchased, practice will begin at once. As soon as the teams become proficient matches will be arranged with teams of neighboring cities and the game of polo promises to become a feature in Fort Wayne this year. Five men compose a team, and of the two aggregations a team of five will be picked to play matches with visiting clubs. Dave Eckert and Frank Dick are the gentlemen who have been most active in endeavoring to organize teams and they are confident that the new club will be a success.

GOT HER COFFEE

And It Pulled Her Out.

"Doctor after doctor said I should not drink strong coffee. It struck me as peculiar that this advice should be so universal.

I have been a school teacher, and a few years ago began to feel I was pretty well worn out and nervous, found that I was depending more and more upon my coffee to carry me through my day's work. Many times, when teaching in a boarding school, I have asked the matron for a cup of coffee "strong" because I felt I could not get through the recitation without it.

Of course, I was living on borrowed strength, and two years ago the physical crash came. Nervous prostration and neurasthenia. For two weeks I could not even walk or stand alone. The physician said it would be two or three years before I could recover so as to be able to do anything. My appetite was gone. I could not sleep, and I was in a desperate condition, nervous and otherwise.

I was wanting coffee very badly, but it was kept from me. One morning about three weeks after the break down, the nurse brought me a cup of coffee, of delicious flavor. 'May I have it?' I exclaimed, 'Yes, the Dr. says it will not hurt you now.' I could not understand it and did not try, but just drank the coffee, and had it every morning after that.

My appetite began to return with the first cup, and I had been enjoying it for a month or more when sister said, 'Does your coffee taste as good as it did before you were sick?' 'Oh yes," I said 'It never tasted better.' 'Is it strong enough to suit you?' I said, 'It could not be improved.' 'Do you know,' she said, 'You are not drinking Mocha or Java, but Postum Food Coffee;' and so it was, every grain of it.

I had often scoffed at Postum Food Coffee before I knew of its value, and its delicious flavor.

It has been a Saviour to me. Instead of waiting two or three years to recover strength, I am now in good working condition six months after the break down, and feel better than I have for ten years past." S. W. H——, Everett, Wash. Full name given by Postum Cereal Co., Ltd., Battle Creek, Mich.

There is a reason for such rapid recovery. Postum Food Coffee contains the natural phosphate of Potash and albumen from the grains of the field, which nature has sent for the use of humanity in the body. These materials combine in the human system and go to make up the gray matter that fills the nerve cells in the brain and all through the structure. We must furnish proper materials if we would build the proper body.

You can get those materials in a delicious form in Postum Food Coffee.

WILL MEET TONIGHT.

The Sentinel last night by mistake announced a meeting of the city democratic committee for last night. The meeting will be held tonight at the city hall. Comptroller Berghoff no longer hesitates in announcing that he will be a candidate for mayor in the event of the passage of the charter amendments. If they are not passed he will not be a candidate. It was suggested to him that no matter who is elected mayor he would in all probability be appointed comptroller at a salary $1,000 better than the mayor's salary. "I know it," said Mr. Berghoff, "but money and salary is not the only thing to be considered. There is a principle at stake and I would rather defend my principles than double my salary."

Talk is cheap, but it ought to become cheaper since the telephone monopoly has lost its grip on the device for long-range conversation.

Governor Durbin put a crimp in the Joss railway consolidation bill that destroys its usefulness. The executive veto of this measure will be commended by the people generally.

J. P. Morgan's "clean-up" for his beneficent and arduous labors in organizing the steel trust, it is reported, will be about $25,000,000. This is tolerably fair compensation and it is presumed Banker Morgan needs the money in pursuit of his ambition to own the earth.

They order councilmanic affairs with novel vigor in Wheeling, West Virginia. When there is no quorum present the police force is set to work to procure one. Republicans who ought to deadlock the council and prevent a democratic official slate from going through were arrested and compelled to give attendance. The police force might be employed to improve the punctuality of a number of Fort Wayne councilmen and drag in a quorum when one is specially needed.

As details of the Terre Haute lynching come out the testimony multiplies that there was almost no effort made by the sheriff, his officers and the police to protect the prisoner in the jail. It would appear that the authorities were stupified by the appearance of the mob or overcome by curiosity to know what the mob would do if given a chance. In addition there seems to have been some ambition of Terre Haute people to make their town achieve the distinction of being the scene of a lynching. It is possible the authorities would not have saved the negro from the mob, but the good repute of the city would have been partly spared and the names of its officers saved from reproach if an effort had been made to foil the mob.

Texas has now become the empire state of the south, having nearly a million more inhabitants than Georgia, which has heretofore had that proud title. It has a greater population than all the New England states combined, exclusive of Massachusetts. Its growth in wealth is no less marvelous than its growth in population. The discovery and development of its oil fields, the vast production of cotton, the extent and constant increase in railroad mileage mark it as one of the greatest and most progressive states in the union, and the states and territories adjacent to it seem to be sharing its prosperity.

Rev. Dr. William Winslow, of Boston, vice president of the Egyptian exploration fund, has just announced the discovery of a valuable trophy among the papyri recently received by him for distribution among universities. It is declared to be the oldest fragment of the Gospels in the world. Dr. Winslow says that the papyrus contains a large part of the first chapter of the gospel of St. Matthew. It was found in Oxyrhynchus, 140 miles south of Cairo, near the famous "Logia," or "Saying of Jesus," and its date is placed by some experts at 150 A. D., and by the editors of the society's publications at fifty or sixty years later. This papyrus of St. Matthew belongs to the same class as the famous Sinaitic and Vatican codices, and is a remarkable corroboration of those texts and the accepted version. Dr. Winslow announces also that valuable papyri of Homer, Thucydides and Euclid are also in the collection.

COMFORT IN FARM LIFE.

[Washington Times.]

A professor in Cornell university has been discussing in print the question whether a farm can be made to pay. He thinks it can, but with some mental reservations on the subject of what it means to have the farm "pay." He says of one of his early experiences with his farm:

"Half of country life in in the living. It is in the point of view. It is in the way in which we look at things. Thoreau rejoiced when it rained, because he knew that his beans were happy. One day my man was agitated because the woodchucks were eating the beans. He would go to town at once and buy a gun. I the simple home comfort which their chucks would probably destroy. He thought from one-eighth to one-quarter of an acre. Now, one-quarter of an acre of field beans should bring me a net cash return of three or four dollars. I told him that he could not buy a gun for that money. If he had a gun he would waste more time killing the woodchucks than the beans would be worth. But the worst part of it would be that he would kill the woodchucks, and at daylight morning after morning I had watched the animals as they stole from the bushes, sniffed the soft morning air and nibbled the crisp young leaves. Many a time I had spent twice four dollars for much less entertainment. My neighbor thought that I ought to cut out the briers in the fence corner. I told him that I liked to see the briers there. He remarked that some folks are fools. I replied that it is fun to be a fool."

There is a good deal of common sense in this. The reason why many people dislike farming is that they want to get their pleasure somewhere else and make the farm pay for it, which it will seldom do. The people who really take comfort in this business are the thorough-going countrymen, who feel stifled if they have to live in a city, and would rather mow a field than keep books. It is very difficult to make a farm pay the cost of living, and also supply enough surplus to provide for all kinds of city wants and whims.

Another reason why many people find life in the country unpleasant is hinted at in the anecdote quoted above. There is really no need of cutting off all the fun of life on a farm from some fancied need of economy. Some farmers insist on trimming off all the briers in the fence corners, destroying all the woodchucks and rabbits, eradicating all the weeds, and reducing their premises generally to a cross between a market garden and a city lawn. This keeps them in a worried and excited state of mind all the time, because nature has a lively and permanent dislike to absolute tidiness, and her cohorts of weeds and grasses and her regiments of small beasts, birds and insects, are enough to keep any wide-awake farmer busy for eighteen hours out of the twenty-four. Farmers of this type are in much the same predicament as a housekeeper who regards a single fly as a cause of serious worry, and believes that the fading of carpets is an evidence of lack of housewifely skill.

We have all seen those delightfully picturesque old places, nestled in some hollow or perched on some hill slope, where everything seems to have been in the same place for generations, where the red squirrels scamper over the stone walls and the cinnamon roses and golden-rod make the waste places beautiful; where there is no furniture too good for the tired people to use, and no floor too finely carpeted for children's feet to tread; and most of us have thought that if one wanted to live in the country, such would be the place in which to do it. Yet on these farms one does not always find the best apples and vegetables, or the most profitable meadow; the greater part of their crop has been for generations asked him how many beans the woodinhabitants got out of them. This intangible harvest does not appear in the census returns, nor is it represented in any bank account; but it has gone to the making of character, and that, after all, is the most valuable crop grown in this country.

William Curie, a prominent St. Joe merchant, is at the Randall.

Mrs. E. P. Green has recovered from an attack of the grip at Canaseraga, N. Y., by the use of Dr. Miles' Pain Pills.

Among the victims of the grip epidemic now so prevalent, F. Coyle is now recovering at Canton, O., by the use of Dr. Miles' Nervine and Pills.

W. E. Nihells, of St. Louis, Mo., who was down with grip, is reported much improved. He used Dr. Miles' Nervine and Pills.

The friends of Mrs. L. Denison will be pleased to learn of her recovery from grip at her home in Bay City, Mich., through the use of Dr. Miles' Nervine and Pills.

Everybody says that J. W. Udy is looking splendid since his recovery from the grip at his home in Des Moines, Iowa. They all know that Dr. Miles' Nervine was what cured him.

Prosecuting Attorney Charles L. DeWaele, who has passed the three-score mile stone, had a time with the grip, but when seen at his home in Roscommon, Mich., the other day, he said Dr. Miles' Nervine was what cured him.

At nearly three score and ten Mrs. Galen Humphrey was fighting against odds when the grip attacked he, but she took Dr. Miles' Nervine and now her neighbors in Wareham, Mass., remark on how well she is looking.

After an illness of five weeks from the grip, Mrs. Harriett Jackson is again about and looking fine. She began taking Dr. Miles Nervine after the fourth week. Her home is in Bowling Green, Mo.

KILLED BY TRAIN

CALVIN BELLOWS LOSES LIFE AT GREENFIELD.

WAS WALKING ON THE TRACK

WOULD-BE ASSASSIN APOLOGIZES TO VICTIM.

HE SHOT AT THE WRONG MAN

GENERAL NEWS OF THE STATE OF INDIANA.

Greenfield, Ind., Feb. 28.—Calvin Ballows, aged 43 years, an employe of the Trees Manufacturing company here, was killed today by the Pennsylvania fast mail.

His home is supposed to have been in New York, where his son is said to be employed in a bank.

Papers in the dead man's pockets showed he was graduated from Columbia college.

SHOT AT THE WRONG MAN.

Logansport, Ind., Feb. 28.—About ten days ago an attempt was made by an unknown person to assassinate Otto Becker, a well known young man of this city. He was assaulted near his home one night and the following night was shot at while sitting in his room, the bullet breaking the glass in the window and lodging in the wall near Becker's head.

Yesterday Becker received a letter stating that a mistake had been made, as he is "not the man wanted." The letter said the writer was one of a party of New York counterfeiters who had come to this city to avenge himself on certain citizens who last summer received letters from the eastern green goods circulators and had complained to the federal authorities.

BOY KILLS HIS STEPFATHER.

Columbus, Ind., Feb. 28.—George Jarrett, aged twenty, murdered his stepfather, Austin Malloy, with an ax. Malloy was drunk and abusing and beat his wife, the boy's mother. When the latter came home a general family brawl ensued. Finally Malloy declared he would kill both of them. He started after his wife with an ax when the boy came up behind with another. In 1894 Arthur Malloy, who then lived with William Jarrett near this city, murderously assaulted Jarrett with an iron poker. Malloy left and went to a distant state. Some time after the death of Jarrett occurred Malloy returned and married the widow. Forty years ago Malloy killed a man named Kane, near here, in a fight brought on over a watch trade. Later he literally cut a man to pieces in a saloon fight and it is currently rumored that he killed another man in Illinois.

A FAMILY POISONED.

Elwood, Ind., Feb. 28.—William Bannon, his wife and three children, members of a prominent Elwood family, were poisoned yesterday. The father is in a serious condition, but the others are recovering. They drank water coming from the well at their home, and, in a short time, all were deathly sick. A brass pump is in the well, and it may have held verdigris. A sample of the water is being analyzed by physicians. They say the family shows signs of being poisoned by arsenic, which may have been thrown into the well by an enemy.

A MISSING WILL.

Noblesville, Ind., Feb. 28.—An envelope, supposed to have contained the will of Mrs. Israel Cook, a wealthy woman, who died last week, was found in her home, and across the back of the envelope, in Mrs. Cook's writing, was a request that if the will was opened before it was admitted to probate it should be declared void. The envelope was opened by County Clerk Carey, in the presence of Judge Neal, last evening. That portion of the will relating to the disposition of the property had been cut out and was missing. Only the names of the witnesses and the acknowledgment of the execution remained. The envelope shows that it had been opened and sealed again, but there is no evidence to show who mutilated the document. A suit may be brought to establish the purport of the will, giving the property to George Palmer, who was raised by Mrs. Cook from infancy. A short time before her death Mrs. Cook asked the undertaker to pay the pallbearers at her funeral and this has been done.

WOMAN KILLED BY A TRAIN.

Lafayette, Ind., Feb. 28.—Mrs. Brats, sixty years old, was killed yesterday by a Big Four passenger train from Indianapolis, at Altamont, a small station, three miles south of here. She was driving and a view of the track was concealed by a Lake Erie freight train, whose conductor shouted to her. Evidently not hearing him, her buggy was struck squarely in center and her body hurled thirty feet, where she was found dead in the detached buggy top. She leaves a family.

AFTER THE SPITTERS.

South Bend, Ind., Feb. 28.—The attempt of the Woman's Progress club to stem the tide of tobacco spitting on the walks of the city has proven futile, although placards appear prominently in the streets. The business men have taken a hand, and they are signing a petition to be sent to the police commissioners, asking that severe measures be taken to stop the practice. The business men have been nearly driven to distraction by the loafers and tobacco chewers.

CIGARETTE PLAGUE.

Frankfort, Ind., Feb. 28.—The Frankfort schools are having considerable trouble with the cigarette question. So many of the younger children have become addicted to the habit that it has been necessary to hold a court of inquiry. As a result affidavits have been filed against storekeepers, and an effort will be made to stop selling the children tobacco.

THREE DEATHS IN ONE FAMILY

Mishawaka, Ind., Feb. 28.—Napoleon Parant, who left this town Sunday to attend his brother's funeral at Ottawa, Canada, dropped dead at the latter's bier, yesterday, and last night his sister expired at the supper table at her home in South Bend.

SCARE IN A THEATER.

Huntington, Ind., Feb. 28.—While a play was in progress at the theater a drunken man in the balcony dropped a loaded pistol over the railing. A woman screamed and a panic was narrowly averted.

PREPARES FOR HIS DOOM.

Wabash, Ind., Feb. 28.—John Rinkard, the condemned murderer, who is imprisoned in the Wabash county jail, while expressing the hope that his attorneys will yet save him from the gallows, is preparing to meet his doom. He asked Deputy Sheriff Brewer for a Bible, and urged that it be given to him at once. Rinkard has written an ungrammatical, misspelled letter to his lawyers, at Marion, requesting them to procure certain new evidence, which Rinkard says will be of value in the new trial if it is granted. The lawyers for the prisoner are complaining that the newspapers have not treated Rinkard fairly, and that he was convicted before the real trial for murder began. Judge Shively is incensed at the charge. He says that all reference to the murder and the trial was excluded from the papers during the jury trial of the question of sanity, and that, while the trial for murder was in progress the jury, by his expressed order, was deprived of all newspapers, and certainly could not have been influenced by the publication of the testimony. The motion for a new trial will be argued next week, and it is expected to be promptly overruled and sentence pronounced on Rinkard.

THE DUTY OF MOTHERS.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment, and her mother should see that she gets it.

Many mothers hesitate to take their daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham and secure the most efficient advice without charge. Mrs. Pinkham's address is Lynn, Mass.

Mrs. August Pfalzgraf, of South Byron, Wis., mother of the young lady whose portrait we here publish, wrote Mrs. Pinkham in January, 1899, saying her daughter had suffered for two years with irregular menstruation—had headache all the time, and pain in her side, feet swell, and was generally miserable. Mrs. Pinkham promptly replied with advice, and under date of March, 1899, the mother writes again that Lydia E. Pinkham's Vegetable Compound cured her daughter of all pains and irregularity.

Nothing in the world equals Mrs. Pinkham's great medicine for regulating woman's peculiar monthly troubles.

GIVEN ALL POWER

PRESIDENT IS ABSOLUTE IN THE PHILIPPINES.

SPOONER AMENDMENT PASSES

AFTER AN EXCITING DEBATE IN THE SENATE.

CUBAN AMENDMENT PASSED

BOTH GO THROUGH BY LARGE MAJORITIES.

Washington, Feb. 28.—The senate, after an exciting session, has taken decisive action regarding our position in the Philippines and Cuba. The army appropriation bill was passed a few minutes before 1 o'clock this morning.

The Spooner amendment extending the president's power in the Philippines caused the most heated discussion, but was finally passed by a vote of 45 to 25. Amendments proposing to extend the constitution to the islands were rejected.

THE SPOONER AMENDMENT.

The Philippine amendment as agreed to in the senate is as follows:

"All military, civil and judicial powers necessary to govern the Philippine islands, acquired from Spain by the treaties concluded at Paris December 10, 1898, and at Washington, November 7, 1900, shall, until otherwise provided by congress, be vested in such manner as the president of the United States shall direct for the establishment of civil government and for maintaining and protecting the inhabitants of said islands in the free enjoyment of their liberty, property and religion;

"Provided, That all franchises granted under the authority hereof shall contain a reservation of the right to alter, amend or repeal the same.

"Until a permanent government shall have been established in said archipelago full reports shall be made to congress on or before the first day of each regular session of all legislative acts and proceedings of the temporary government instituted under the provisions hereof; and full reports of the acts and doings of said government and as to the condition of the archipelago and its people shall be made to the president, including all informaiton which may be useful to the congress in providing a more permanent government.

"Provided, That no sale or lease, or other disposition of the public lands or the timber thereon, or the mining rights therein, shall be made; and, provided further, that no franchise shall be granted which is not approved by the president of the United States and is not in his judgment clearly necessary for the immediate government of the islands and indispensable for the interests of the people thereof, and which cannot without great public mischief be postponed until the establishment of permanent civil government; and all such franchises shall terminate one year after the establishment of such permanent civil government."

PASSIONATE ORATORY HEARD.

Not since the enactment of the resolutions declaring the state of war to exist between the United States and Spain has there been such an avalanche of passionate oratory as the senate listened to today. Throughout the session the army appropriation bill was under discussion, the controverted questions being the Spooner Philippine amendment and the Platt Cuban amendment.

The most notable speech of the day was delivered by Mr. Bacon, of Georgio. He had been thoroughly aroused by reports that the democratic members had been induced by questionable means to withdraw their opposition to the proposed legislation, and he passionately branded as a libel upon honorable men and senators any and all such statements. His arraignment of the administration for "coercing" congress into enacting such provisions in the closing hours of the session was sensationally fierce and he declared that the only possible object of such action was that the "plunderers and vultures" might have an opportunity to prey upon the prostrate land of the Filipinos. Senators Turner, of Washington; Tillman, of South Carolina; Pettigrew, of South Dakota; Hoar, of Massachusetts; Teller, of Colorado; Mallory, of Florida; Lindsay, of Kentucky; Culberson, of Texas; Jones, of Arkansas; Simon, of Mississippi; Allen, of Nebraska, and others, addressed the senate, all of whom denounced the proposed legislation.

VOTE AGAINST CONSTITUTION.

A vote was taken upon the amendment of Mr. Vest, providing that the action of this government or its officials in the Philippines shall be subject to the constitution and laws of the United States so far as they are applicable. The amendment was rejected, 25 to 45, as follows:

Yeas—Bate, Berry, Butler, Caffery, Chilton, Clay, Cockerell, Culberson, Harris, Heitfield, Hoar, Jones of Nevada, Kenney, McEnery, McLaurin, Mallory, Martin, Pettigrew, Pettus, Rawlins, Taliaferro, Teller, Tillman, Turley, Turner—25.

Nays—Aldrich, Allison, Bard, Beveridge, Burrows, Carter, Chandler, Clark, Cullom, Deboe, Dillingham, Dolliver, Fairbanks, Foraker, Foster, Frye, Gallinger, Hanna, Hansbrough, Hawley, Kean, Kearns, Kyle, Lindsay (dem), Lodge, McComas, McCumber, McMillan, Nelson, Penrose, Perkins, Platt, of Connecticut, Platt, of New York, Pritchard, Proctor, Quarles, Scott, Sewell, Shoup, Simon, Spooner, Stewart, Thurston, Warren, Wolcott—45.

REJECTION OF AMENDMENTS.

Mr. Rawlins offered an amendment declaring it not to be the purpose of the United States to hold permanent sovereignty over the Philippines, but only to the extent necessary to secure their pacification and to establish a stable government. Rejected—yeas, 24; nays, 45.

Mr. Bacon offered an amendment to limit the grant of power to March 4, 1904. Rejected—yeas, 26; nays, 46.

Mr. Pettus, of Alabama, offered an amendment providing that every person in whom authority is vested under this grant of power shall take an oath to support the constitution of the United States. Rejected—25 to 41.

Mr. Teller then offered his amendment providing that the civil government established in the Philippines should be so exercised as to secure for the inhabitants thereof the fullest participation consistent with the safety of the government. Rejected—23 to 39.

Mr. Teller then offered as an amendment a provision of the act establishing the Missouri territory in 1812 that all fines shall be moderate, no ex-post facto laws, etc. Mr. Teller said that as the officials in the Philippines were not to be required to take an oath to support the constitution of the United States, and the constitution and laws were not to be made applicable, he offered the amendment to protect the people of the islands. It embodied pretty good republican doctrine, said he, in the days when it became a law. To prevent cruel treatment of the natives under the powers of an autocratic government violative of every principle of free government he declared the amendment should be adopted. It was rejected—23 to 41.

HOAR OFFERS AMENDMENT.

Just as it looked as if the vote was about to be taken the venerable Massachusetts senator, Mr. Hoar, arose.

"There is one principle of constitutional liberty not yet slain," said he, "and I will give it a chance tonight." He then offered an amendment providing that no official of the Philippines vested with legislative power should exercise judicial or executive power and vice versa, "to the end that the government might be one of laws, not men."

The amendment was rejected—yeas 26, nays 43.

VOTE ON SPOONER AMENDMENT.

At last the decisive moment had arrived. It was now 10:30 p. m. The senate had been in session continuously since 11 o'clock in the morning. The vote was taken upon the amended Spooner resolution, which was adopted—yeas 45, nays 27—as follows:

Yeas—Aldrich, Allison, Bard, Beveridge, Burrows, Carter, Chandler, Clark, Cullom, Deboe, Depew, Dillingham, Dolliver, Elkins, Fairbanks, Foraker, Foster, Gallinger, Hale, Hanna, Hansbrough, Hawley, Kean, Kearns, Kyle, Lodge, McComas, McCumber, McLaurin, McMillan, Nelson, Perkins, Platt of Connecticut, Pritchard, Proctor, Quarles, Scott, Sewell, Shoup, Simon, Spooner, Stewart, Thurston, Warren, Wetmore—45.

Nays—Allen, Bacon, Bate, Berry, Butler, Caffery, Chilton, Clay, Cockrell, Culberson, Harris, Hoar, Jones of Arkansas, Jones of Nevada, Kenney, Lindsay, McEnery, Mallory, Martin, Pettigrew, Pettus, Rawlins, Taliaferro, Teller, Tillman, Turley, Turner—27.

VOTE ON CUBAN AMENDMENT.

The Cuban amendment to the army bill was adopted. The vote was 43 to 20, as follows:

Yeas—Aldrich, Allison, Bard, Beveridge, Burrows, Carter, Chandler, Cullom, Deboe, Depew, Dillingham, Dolliver, Fairbanks, Foraker, Foster, Gallinger, Hale, Hanna, Hansbrough, Hawley, Hoar, Kean, Kearns, Kyle, Lodge, McComas, McCumber, McMillan, Nelson, Penrose, Perkins, Platt of Connecticut, Proctor, Pritchard, Quarles, Sewell, Shoup, Simon, Spooner, Stewart, Thurston, Warren, Wetmore—43.

Nays—Bacon, Bate, Berry, Butler, Caffery, Clay, Cockrell, Culberson, Jones of Arkansas, Kenney, Lindsay, Mallory, Martin, Pettigrew, Pettus, Rawlins, Teller, Tillman, Turley, Turner—20.

Several amendments were voted down and the bill was passed—yeas 43, nays 18.

Mr. Allison, of Iowa, reported the sundry civil appropriation bill, and the senate at 1 a. m. adjourned.

Born, to Mr. and Mrs. Will Skelton, of West Jefferson street, a son. Mr. Skelton is traveling salesman for A. H. Perfect & Co.

WORK OF THE LEGISLATURE

HOUSE PASSES TERRE HAUTE CHARTER BILL.

Insurance Measures are Slain in the Senate—Hot Fight on Calumet Canal Bill.

[Special to The Sentinel.]

Indianapolis, Ind., Feb. 28.—The house today passed the Terre Haute special charter bill, giving it a municipal government modeled upon that of Indianapolis, Fort Wayne and Evansville. The senate bill abolishing the live stock sanitary commission, and the Thompson bill, limiting assessors' probing of banks to specific accounts, were also passed by the house.

The senate killed Woods' valued-policy bill and the valued-policy feature of Agnew's insurance bill, and passed a bill that passenger trains must stop at all county seats of five thousand or more population and the bill regulating voluntary associatons. There is a hot fight on over the Calumet canal bill and a vote will not be reached until late.

VETOES CONSOLIDATION BILL.

One of the most important events of the session of the general assembly was the act of Governor Durbin yesterday in vetoing the Moss railroad consolidation bill. It is the governor's first veto. The bill sought to allow railroads to consolidate or otherwise acquire property of another road on the proviso that such roads were not parallel or competing. In his reason for vetoing the bill Governor Durbin says it is against the interest of the state and that it seeks to remove all railroad suits to the federal court. This would work hardship on residents of outlying districts of the state. He says, furthermore, that there is no provision in the bill that would allow subsequent legislatures to legislate against the combinations or consolidations made under the provisions of the law. He holds the bill generally harmful to the state.

WILL DISCUSS FRANCHISES.

The board of works at the meeting tonight will have several matters pertaining to interurban roads to consider. The Southwestern road will be represented and will urge the granting of certain franchises already asked for. The board, however, will not take immediate action for several reasons. One of these reasons will be the presentation of a remonstrance against the granting of a franchise asked for on Fairfield avenue. It states that already South Wayne avenue has been turned over and as Fairfield avenue is the principal residence street running north and south it should be spared. Among other things the petition says:

"We respectfully call your attention to the fact that these interurban companies are urging the passage of senate bill No. 168, section 6 of which gives these companies power to take, transport, carry and convey persons and property on its railroad, by such force and power as it is permitted to use for such purposes in cities and towns into, and through which it shall run and operate its road, and to receive tolls and compensation therefor.'

"This bill gives interurban roads the same power that are given to steam railroads and is intended to take from cities the power to prohibit these roads carrying freight. Some of the courts have held that these interurban roads may carry freight over the streets of the city without any such legislation.

"We urgently protest against turning over the residence streets of our city for the purpose of carrying freight to this or any other town."

It is signed by C. E. Bond, D. N. Foster, C. H. Worden, G. E. Bursley, Lavina A. Bond, S. B. Bond and about half a dozen others.

BOND IS FORFEITED.

Harry Snow, who was to have had a preliminary hearing before Commissioner Logan yesterday on a charge of selling liquor without a government license, failed to put in an appearance, and the commissioner declared his bond defaulted. Attorney Ryan, who has been appearing in behalf of Mr. Snow, stated that he expected to have his client on hand before the close of the week.

SECURED THE TEMPLE.

Masonic Temple has been secured for the annual commencement exercises of the Fort Wayne College of Medicine, which will occur March 26. The class of graduates this year will number four.

RIPPER BILL PASSES.

Harrisburg, Pa., Feb. 28.—The measure known as the Pittsburg "ripper" bill passed finally in the house this afternoon. The bill now goes to the governor for his approval. The bill provides a new charter for the cities of Pittsburg, Allegheny and Scranton; abolishes the office of mayor and creates that of city recorder, who shall be appointed by the governor.

WILL CLOSE EARLY.

The various building and loan associations of the city have reached an agreement to close their offices at 6 o'clock every evening during the month except Saturday evenings. It has been customary heretofore to remain open the first four nights of every month, but this will be discontinued.

DIRECTORS WILL MEET.

The regular monthly meeting of the directors of the Commercial club will be held this evening, and in addition to the routine business a committee from the Brotherhood of Railroad Trainment is expected to confer regarding the effort to bring the next meeting of the order to Fort Wayne.

THE PEOPLE'S STORE.

TO CURE THE GRIP.

Advice of a Famous Physician.

First and foremost, REST.

Take care of yourself. Your already weakened nerves want rest and must have it. If the attack is severe go to bed and remain there. More fatalities result from neglect of this precaution than from any other cause.

Eat sparingly. Your digestive organs are in no condition to take care of large quantities of food.

Drink plenty of pure, cold water. It allays the fever, stimulates the kidneys to action and opens up the pores of the skin. Keep the bowels open with Dr. Miles' Nerve and Liver Pills.

Take three doses of Dr. Miles' Nervine per day, and if you cannot sleep, take an extra dose at bed time. To further control the fever and to overcome the peculiar aches and pains of grip, use Dr. Miles' Pain Pills. They act quickly and effectually and no bad effects result from their use. These remedies have been thoroughly tested more than a million times and their efficiency is thoroughly established. They never fail to give relief.

Dr. Miles' Remedies can be found at any drug store and they are sold on a positive guarantee that first bottle or package benefits or money refunded.

HE MADE THINGS LIVELY

PADDY WALSH DOES EXCITING STUNTS AT WARSAW.

Kept the Entire Police Force and the Sheriffs Busy—Was Finally Subdued.

The Sentinel last evening gave a meager account of the strange actions of P. J. Walsh, foreman for Contractor Peters on the big sewer job. The scene of Walsh's exploits was at and near Warsaw, and the Warsaw Times of yesterday gives the following very lucid and comprehensive account of the antics of the demented man while in that city:

"A man giving his name as P. J. Walsh and his occupation as a sewer contractor of Chicago, who is evidently insane, with a 38 calibre revolver and a box full of cartridges, terrorized the residents of Warsaw last night in the vicinity of Prospect Hill. A posse, consisting of Sheriff Smith, Marshal Moon, Officers Winebrenner and Douglass, tried to effect his capture, but the stranger taking possession of Patrick Scollard's haymow, the entrance to which was through a narrow stairway, kept the officers from approaching by shooting down this narrow passage every time anyone appeared. The only alternative left for the officers was to keep a watch for the appearance of the demented stranger should he emerge from his 'fort.' This vigil finally terminated in an all-night watch from a shed in the vicinity.

"Tuesday afternoon at about 4 o'clock a stranger, well dressed, rather good looking, a thick-set man, with fair or ruddy complexion, light reddish mustache, and whose age is about forty, appeared at the office of Sheriff Smith and asked his protection and afterwards to be turned over to the police of Chicago, where he said he resided on Jackson street. He was of Irish descent and stated that he had come from Fort Wayne over the Nickel Plate as far as Claypool, after having completed a sewer job in that city. The man seemed overcome by fear and stated to the officer that a number of men had been following him singly in Fort Wayne for the past ten days and he feared they intended to kill him. Just as soon as he completed his work he decided to take the train for Chicago, and on that train he said he overheard his name mentioned by a crowd of toughs in a way, he averred, that alarmed him. He got off at Claypool in the hope of getting away from them and came to Warsaw in a sleigh to get the protection of the sheriff. Up to this time Sheriff Smith thought the man only showed an unusual amount of fear and the thought of his probable insanity was not entertained.

"The stranger made the necessary arrangements for Deputy Sheriff Stoner to accompany him to Chicago at 5:24 p. m. On arriving at the Pennsylvania station Joe O'Connell, who accompanied the officers and Walsh, casually remarked that they would arrive in Chicago about 9 p. m. The stranger suddenly decided that he would not, under any circumstances, go into Chicago in the night and that they would wait until this morning. He was shown a hotel where he could pass the night and the officers left him. He registered at the White house as P. J. Walsh and left the hotel at about 6 o'clock. He went to Rutter's, where he purchased a revolver and a box of fifty cartridges, and his shooting promiscuously in the west part of town alarmed the citizens and they sent word to the officers.

"About 7:30 the officers received a telephone message stating that a man had been acting strangely in that section for some time and had finally gone into the barn belonging to Pat Scollard, on West Jefferson street. Officers Winebrenner, Douglass, Stoner, Smith and Moon at once went to the scene and arriving there found the man in the upstairs of the barn, with a revolver and a pitchfork in his possession. The officers tried every way to capture him, but to no avail, for just as soon as he saw anyone move he would fire at them, several of the officers having very narrow escapes from being hit. There was but one access to the upstairs, a narrow flight of steps, and with this guarded by an insane man with a revolver and pitchfork it was impossible to get at him. At about 4 o'clock this morning, after firing some twenty shots, he succeeded in getting out of the barn and making his way to the woodshed of Jacob Phillips, where until near daylight he continued to shoot at everyone and every moving thing that came in sight. At about 5 o'clock this morning, by jumping over several fences, he eluded the officers and went in a southwesterly direction. His hat, a brown derby, was found in the barn this morning, as was also a number of empty shells. His hat bore the trade mark of Wm. Meyer & Bro., of Fort Wayne.

"At noon Sheriff Smith received word by a farmer named Plummer, residing near Orion, that the crazy man was near Ben Hildenbrand's place and that Hildenbrand and others would keep a watch on him until his capture could be effected.

"Sheriff Smith and Marshal Moon captured the lunatic this afternoon near Orion and brought him to jail in Warsaw."

Walsh's brother and Detective Wilkinson arrived at Warsaw last evening and on the early train today left with him for Chicago. Contractor Peter is in receipt of a telegram from the brother, saying that they arrived at Walsh's home without incident and that he seemed to be considerably pacified. It is believed that a good rest and careful nursing will bring him out of his difficulty without any serious results.

BASE BALL.

Until the league magnates now in session at New York see fit to take action on matters regarding the welfare of the Interstate league there can be absolutely nothing new in base ball, locally. The complete failure and utter wiping out of the American association occurred precisely as The Sentinel last Saturday predicted that it would and this leaves Indianapolis and Louisville without any happy, happy home at all. At that there is little likelihood that either of the cities named will drift into the Interstate; neither is it likely that either of the cities will be without base ball this year. The present session of the National league is the first real important one that has been held this year, or since the close of last season, and is the first and only one at which lines have been strictly defined. There will be many changes in the base ball map now that the players have been conciliated and the American league will be forced to an agreement with the National league. The question of grabbing players from the Interstate will be taken up just as soon as the magnates discover that Charlie Strobel is in town. Strobel had an idea that his coming would be heralded and would create at least a four foot rise of the tide. He was disappointed. The magnates not only did not know that he was there, but did not know who he was after they were notified of his presence. Such is fame. Poor Strobel!

The league magnates in session at New York yesterday considered the playing rules for 1901 and made some very important changes and in some instances radical ones. Among the most important so far decided upon are the following:

A rule was adopted which does away with the intentional "fouling off" of pitched balls by a batsman. The first and second foul balls hit by the batsman, unless two strikes have already been called against him, shall henceforth be counted as strikes.

Rule No. 3, defining the position of the catcher's lines, was altered so that the catcher will have to stand within ten feet instead of ninety feet of the plate. This places the catcher "up behind the bat" throughout the game.

A rule making the pitcher deliver the ball to the batsman as soon as the latter takes his position at the plate was adopted. Should the pitcher deliver the ball to any other place than the plate a ball will be called for delivery.

A rule was passed which penalized one ball against the pitcher if he fail to deliver the ball to the batsman within twenty seconds after the latter has taken his position.

A rule was passed empowering the umpire to remove from the game, and, if need be, from the grounds, any player guilty of using improper language to another player, captain, manager, or spectator. Written proof of the offense must be submitted to the president of the league within twenty-four hours, who may, if the proofs be satisfactory, suspend the offender from play.

A batsman may not henceforth take his base if hit by a pitched ball, but the ball will count as a ball against the pitcher.

Several rules conflicting with the changes named were stricken out or changed to conform to the alterations.

CONTAGION AND INFECTION.

La Grippe is Infectious, but Not Contagious.

Contagious diseases are communicated from one person to another; infectious diseases are conveyed through the air.

Smallpox is a contagious disease; la grippe is infectious. When an epidemic of the grip is prevailing it is in the air we breathe and no one is safe.

The only safeguard is to keep the system in the highest possible condition of health and on the first appearance of a cold in the head to use some safe antiseptic like Stuart's Catarrh Tablets freely, a tablet taken every hour or two for a couple of days will be sufficient to break up the attack.

La grippe attacks the weakest part of the system; it may be the lungs, heart, liver, stomach or kidneys, but wherever it finally locates it almost invariably starts with cold in the head and throat, or, in other words, the disease at the beginning is acute catarrh.

This is the reason Stuart's Catarrh Tablets have been so successful in breaking up attacks of the grip. The antiseptic properties of the remedy destroy the germs before the whole system is thoroughly infected.

Dr. Anniston says: Stuart's Catarrh Tablets being free from cocaine and harmful drugs, should be freely used at this time of year on the first appearance of grip symptoms.

They check the excessive catarrhal secretions, stop the fever and prevent pneumonia.

They are composed of antiseptics and may be used by little children as freely as by adults and with great benefit.

Dr. Lewiston says: My usual prescription for the grip is Stuart's Catarrh Tablets, which can be found at all drug stores. Keep to the house for a day or two and use the tablets freely, and I have never heard any complaint of failure to cure.

NEW FURNACE STARTED.

Pittsburg, Pa., Feb. 28.—The second new furnace of the Carrie group at Rankin, Pa., owned by the Carnegie Steel company, was blown in today. The first one was blown in last Tuesday night. The capacity of the new furnace is 750 tons a day, which is said to be the greatest of any furnace of this character in the world.

A workman employed in Schele's coal yard, had his hand badly cut yesterday while engaged in sawing wood. The wound was sewed up by Dr. McCausland.

THE MARKETS.

Chicago, Feb. 28.—Although Liverpool wheat cables were steady and northwest receipts light moderate selling by bears caused a fair decline here in wheat today. May opened unchanged to a shade lower at 76½c to 76@76⅛c and sold off to 75⅝c. Receipts here were 60 cars, 4 of contract grade. Minneapolis and Duluth reported 282 cars against 351 last week and 530 a year ago.

May later reacted to 76⅛c, but closed easy, ½c lower, at 75⅝c.

Renewed selling by commission houses and the absence of any particular outside buying depressed the corn market early. May opened a shade down at 40⅜c to 40⅜c and declined to 40¼@40⅜c. Receipts were 336 cars, 8 of contract grade. Country offerings were moderate.

The closing was steady, May ⅛c higher at 40⅜c.

Oats were dull and a trifle easier with corn. May opened unchanged to a shade lower at 25½c to 25⅜@25½c and sold to 25⅜c. Receipts were 193 cars.

Provisions were quiet and rather irregular, with the tendency easier with grain. May pork opened 7½@10c lower at 14.05@14.07½ and sold to 14.10; May lard 2½c down at $7.50, selling to $7.47½, and May ribs a shade depressed at $7.07½, dropping to $7.05.

THE CLOSE.

Prices at the close were as follows:

Wheat—Feb., 74¼c; March, 74¼c; May, 75⅞c.

Corn—Feb., 39¼c; March, 39¼c; May, 40⅞c.

Oats—Feb., 24½c; March, 24½c, May, 25½c.

Pork—Feb., $13.85; May, $14.02½; July, $13.75.

Lard — Feb., $7.37½; March, $7.37½; May, $7.42½@7.45; July, $7.50; Sept., $7.55.

Ribs—Feb., $6.97½; March, $6.97½; May, $7.02½; Sept., $7.15.

Flax—Cash N. W., $1.63; May, $1.61; Sept., $1.61.

CHICAGO LIVE STOCK.

Chicago, Feb. 28.—Cattle—Receipts, 10,000; market generally steady. Good to prime steers, $4.90@6.00; poor to medium, $3.40@4.80; stockers and feeders, $2.75@4.50; cows, $2.35@4.20; heifers, $2.65@4.50; canners, $2.00@2.60; bulls, $2.40@4.15; calves, $4.00@6.25; Texas fed steers, $4.00@4.90; Texas grass steers, $3.35@4.00; Texas bulls, $2.50@3.50.

Hogs—Receipts today, 33,000; tomorrow, 30,000; left over, 5,161. Market opened steady, closing 5@10c lower; top, $5.52½. Mixed and butchers, $5.30@5.47½; good to choice heavy, $5.37½@5.50; rough heavy, $5.25@5.35; light, $5.25@5.42½; bulk of sales, $5.35@5.45.

THE DAY ON WALL STREET.

New York, Feb. 28.—The features at the opening of the stock market were Sugar, Tobacco and St. Paul. On the sale of 6,000 shares of Sugar, simultaneous quotations were made of 144½ and 142½, compared with 142¾ last night. Tobacco sold at 120¾ and 121, compared with 121 last night. St. Paul was up ⅝ on the sale of 4,000 shares. Changes were mixed otherwise with fractional gains predominating. American Smelting after a fractional gain at the opening jumped 3¾. The Steel stocks shared in the irregularity of the market.

In many stocks fluctuations of a point or more were made during the first hour. Price movements, however, were not uniform, nor was the tendency defined for any special group. Sugar fell off to 141½ and rose again to 143. Smelting reacted 3 points, while the preferred advanced as much and National Steel preferred improved a point. Delaware and Hudson, Erie first preferred, St. Paul, Kansas and Texas preferred and St. Louis and Southwestern preferred gained 1½. International Pump preferred, Pacific Mail and International Power also showed strength. Peoria and Eastern, St. Joe and Grand Island first preferred and General Electric were quite weak. A break to 39¼ in Steel and Wire induced selling of other Steel stocks and Sugar again broke to 140½. At 11 o'clock the market was on the down grade except for the copper stocks. Smelting rising again to near the highest and Anaconda and Amalgamated Copper rising 1 and 2⅝ respectively.

Stock prices gravitated still lower, although the movement was checked at intervals by feeble rallies. Sugar vibrated a point or more frequently and largely governed the course of the other stocks. Below 141 buying became effective, but a point rally was followed by a larger decline. All the Steel stocks fell well below yesterday's closing prices, with pronounced losses in National Tube, Tennessee Coal, American Hoop and Steel and Wire. National Tube lost 2¼ and Steel and Wire preferred 2½ and the others over a point. Bear pressure was resumed against Brooklyn Transit and profit-taking lowered Tobacco 1½. Most of the leading railroads were sold freely, particularly St. Paul, Union Pacific, Southern Railway preferred and Northern Pacific. A few exceptions were noted, C., C., C. & St. L. rising 1 and Lake Erie and Western 1½. International Power was bought confidently and advanced 2½. Rubber rose 3¾ and the preferred 2¼.

Bonds held up well.

FINE RESIDENCE BURNED.

Pittsburg, Pa., Feb. 28.—"Brae-Mar," the handsome residence lately owned by John G. A. Leishman, minister to Turkey, and recently bought by Col. Frank J. Hearne, first vice president of the National Tube company, was totally destroyed by fire at an early hour this morning. The loss will exceed $100,000. The house has been unoccupied for several months past and during the past two weeks workmen have been employed in renovating the building, preparatory to its occupancy by Colonel Hearne. The structure was of brick and stone, three stories in height and of English colonial architecture. Three weeks ago Colonel Hearne purchased it from Minister Leishman for $135,000. How the fire originated is not known.

ABOUT THE COURT HOUSE.

Sarah M. Hite has filed a damage suit for $5,000 against Bartholomew W. Cullen, alleging breach of promise. Cullen had been paying her suit and promised to marry her. His ardor cooled and while the plaintiff is still willing and at all times has been willing to fulfill her part of the contract Cullen has fought shy and flatly refuses to enter the marriage relation. In lieu of a husband Miss Hite thinks about $5,000 would compensate her for her unrequited love. H. I. Smith is plaintiff's attorney.

The Enterprise Paint company sues William Bremer for $200 on a note.

In the circuit court Perry Meyers asks for a new trial of his case in which Carrie Warner obtained a judgment against him for bastardy.

Hannah M. Krueger Kuntz has commenced action against R. L. Roney et al to quiet title.

The jury in the case of the state vs. Boals for assault and battery on Louis Glardot brought in a sealed verdict. It was opened this morning and was found to be for acquittal.

The case of James Sutton vs. the Grand Rapids and Indiana railroad, seeking damages for the killing of a cow, is on trial before the jury in the circuit court.

In the superior court the case of Degitz vs. Lutewiler is on trial before the court.

John F. Tierney has commenced action against John Henry et al. to quiet title.

The county commissioners have discovered that the appropriation for smallpox is about exhausted. The county council appropriated $2,500 to fight the disease with, and that amount and more has been expended. The commissioners are considering the advisability of calling the council together again for the purpose of making an additional appropriation. Monroeville, which was a short time since declared free from the disease, has bobbed up again with new cases. These are said to have resulted from exposure in the case of a child which died of smallpox and was given a public burial. The physician in charge, it is claimed, said it was not smallpox and never reported it as such.

Judge O'Rourke came down town today for the first time since his illness over a week ago. He is much improved and expects to resume his seat on the circuit court bench in the morning. In a few weeks, after the weather gets warmer, he will make a trip to West Baden, where he will remain a few weeks for general recuperation. He has regained his health, but is still suffering from weakness.

The Archer-Sprague-Vernon company has filed articles in the recorder's office increasing the capital stock of the concern from $35,000 to $50,000.

The administratrix's sale of the Hollopeter farm in Cedar Creek township, held at the court house this afternoon, attracted a large number of farmers.

IN JUSTICES' COURTS.

Justice Bullermann yesterday acquitted Mrs. Dahnen of the charge of provoking the two little boys of Mrs. Dunlap. The boys would not swear sufficiently hard to make out a case for the state.

Justice France fined Brice White $2 and costs for Sabbath desecration. The offense consisted of hunting on Sunday.

NEWS IN POLICE CIRCLES.

Ed Wauzy, a colored vagrant, was before the mayor this morning. The evidence showed that Wauzy had been begging in the western part of the city and became very insolent. He asked for food and when it was given him would insist on having coffee and other luxuries. The woman whom he approached became alarmed and called the police and he was locked up. The mayor fixed him for thirty-six days. Impudent colored men are not in much demand in Indiana today, except by mobs, as witness the adventure of the one at Terre Haute and the one now in jeopardy at Indianapolis.

BEAT THE HUNTINGTONS.

The Huntington bowling team was beaten in a contst at the Y. M. C. A. alleys in this city last evening by the Eurekas, made up of Messrs. Hicks, Donohon, Moritz, Hills and Tarmon. This is the fifth time these teams have met, and in each case the Eurekas have been victorious.

TO CONSOLIDATE MINES.

Cincinnati, Ohio, Feb. 28.—A conference was held here today between representatives of the Winnifrede Coal company, the Marmot Coal company and the Gates interests for the purpose, it is said, of consolidating, with a view to the acquirement and development on an extensive scale of coal lands in West Virginia.

A Cross Clerk

Is a rarity. For the most part the young woman behind the counter is smiling and obliging, though her back hurts, her side pains, or her head throbs distractingly. The wonder is, not that a clerk is sometimes irritable, but that she so rarely shows irritation, when every nerve is quivering and she hardly knows how to hold her head up.

The nervous condition, headache and weakness, which are the results of irregularity or a diseased condition of the womanly organs, can be entirely cured by the use of Dr. Pierce's Favorite Prescription. It regulates the functions, stops enfeebling drains, strengthens the nervous system and promotes the general health of the entire body.

Sick women are invited to consult Dr. Pierce by letter, free of charge. All correspondence private. Address Dr. R. V. Pierce, Buffalo, N. Y.

"Having used Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' during the past year," writes Mrs. Mattie Long, of Pfouts Valley, Perry Co., Pa., "I can truthfully recommend the medicines for all female weakness. I have used several bottles of 'Favorite Prescription,' which I consider a great blessing for weak women. I was so nervous and discouraged that I hardly knew what to do. Your kind advice for home-treatment helped me wonderfully. Thanks to Dr. Pierce."

THE WABASH DEAL

PITTSBURG EXTENSION IS A "SURE GO."

DETAILS NOW UNDER WAY

PITTSBURG PAPERS BELIEVE IN THE PROJECT.

NICKEL PLATE PROMOTIONS

A HALF DOZEN WORTHY FELLOWS ADVANCED.

No item of railway news of recent date created more interest than the Associated Press dispatch concerning a Wabash line into Pittsburg, the greatest of all shipping points, which was published in The Sentinel last Monday. The emphatic denials of President R. Blickensderfer, of the Wheeling and Lake Erie, and General Manager Joseph Ramsey, of the Wabash that those railway companies had entered into a combination with a view of opening a new Pittsburg-St. Louis freight line has not destroyed the belief that the Wabash is working in that direction, though the Wheeling may not be a party to the deal. It was noticed that Mr. Ramsey's denial was specific only so far as it concerned the Wheeling. He said nothing concerning the alleged deal with the Cleveland, Lorain and Wheeling road, which very plausible story was sent out from Cleveland and was also published in The Sentinel. The public believes the Wabash contemplates establishing this new iron and coal route and will watch developments with a great deal of interest. If the route is established it will restore to the Fort Wayne branch of the Wabash its old-time importance in the way of an east and west freight line.

The Pittsburg Dispatch adheres to the Wheeling and Lake Erie-Wabash combination story and declares it is true. That paper yesterday published the following concerning it:

"The promoters of the Wabash extension into Pittsburg have been working actively during the past few days perfecting the details for the complete location of all lines and terminals, and it is believed that an early start will be made this spring on the construction. The Pittsburg underwriters are enjoying to the limit "the enraged denials of Joseph Ramsey, jr., vice president of the Wabash, and they admit that the western railroader is simply 'quibbling.'" They say that the consummation of the Carnegie deal will not affect them in the least and that they will forge ahead with their project as though Mr. Carnegie were still the absolute dictator of the great steel properties along the Monongahela.

"The underwriting syndicate, consisting of George J. Gould, Myron T. Herrick, Mr. Ramsey, Francis L. Robbins and others, has now only five months within which to work to comply with the agreement signed by Mr. Carnegie and themselves. This agreement is more far-reaching than most suppose.

"It not only provides that the Gould syndicate, in consideration of its building a line from Pittsburg to the Wheeling and Lake Erie at the Ohio river, shall receive one-fourth of the residue tonnage of the Carnegie company going west out of Pittsburg after the Pittsburg, Bessemer and Lake Erie has had its share, but that it also shall receive one-fourth of the heavy tonnage coming in from the west and northwest, including iron ore from the Mesaba and Lake Superior region, coal and limestone.

"The estimated annual consumption of iron ore by the Carnegie company is from 6,000,000 to 7,000,000 tons, and of this the Pittsburg, Bessemer and Lake Erie receives at its docks at Conneaut harbor from 2,000,000 to 3,000,000 tons each year. The Pittsburg and Lake Erie and the Pennsylvania lines now haul the remainder of this heavy tonnage to the Carnegie furnaces. This will now have to be divided by the railroad combination with the new Gould syndicate, as Mr. Ramsey would 'quibble,' but virtually with the Wabash. It is expected that this tonnage alone will amount to from 1,500,000 to 2,000,000 tons each year. This is insured and the greater increase in the Carnegie consumption and production will add so much to the tonnage of the new Gould road.

"It is not known yet at which point the ore tonnage will be received, but it is probable that advantage will be taken of the facilities at Huron and Toledo, although the Wheeling and Lake Erie, acting with the Wabash, will probably be compelled to spend a large amount of money on docks and harbor improvements to facilitate the economical handling of the freight destined for the Carnegie blast furnaces. The Conneaut docks are now the finest of their kind in the world, but neither they nor the Bessemer railroad can begin to handle the enormous ore tonnage of the Carnegie demands. The Gould road under the Carnegie agreement thus receives a back haul that will place it quickly in the front rank and beyond some roads that have had a much longer existence.

"The Pittsburg promoters of the scheme are not yet prepared to make public their plans. All admit that the publication in the Dispatch, while complete as to its facts, details and statements and while premature, has done no harm to the project. The only fear the promoters had was that announcement before the Carnegie-Morgan deal became a fact might dissolve the contract arrangements. Vice President Ramsey, in a private telegram to the Dispatch last night from St. Louis, virtually admitted the correctness of the Dispatch's statements."

ISSUING NEW POLICIES.

The Brotherhood of Locomotive Firemen is calling in all old life insurance policies and issuing new ones. The old policy did not comply in all particulars with the laws of Indian governing life insurance and the change is made on this account. The new policy is a voluminous affair, gotten up with the view of complying with the laws of every state and territory in the union and every province of Canada. The insurance branch of the brotherhood is in good financial condition and no order's policies are more promptly paid when necessity arises than are those of the B. of L. F.

THE FIRST JOINT MEETING.

A new clause in the by-laws of the Brotherhood of Locomotive Firemen permits monthly joint meetings of the brotherhood lodges and the Ladies' auxiliary. Next Monday evening A. G. Porter lodge will inaugurate these joint meetings, which it is hoped will be found profitable to both the brotherhood and the ladies. It is expected that joint meetings will be held every month hereafter.

LOCOMOTIVE MUSEUM.

Chicago, Feb. 28.—Arrangements have been completed for the establishment of a locomotive museum at Purdue university, Lafayette, Ind. Many of the railroads have been interested in the project and three of them have already agreed to contribute to the collection. The museum will be the only institution of its kind in the country.

PENNSYLVANIA'S MILEAGE.

Philadelphia, Pa., Feb. 28.—Chief Engineer Brown has made public his report on the mileage of the Pennsylvania Railroad company for the year ending December 31. The total mileage of the company is 10,443.78 miles east of Pittsburg and Erie and 4,654.60 west of Pittsburg. The Pennsylvania system comprises a total trackage of 18,602.79 miles. During the year there was an increase of 872 miles of new track on lines east of Pittsburg.

CHANGE IN YARD FORCE.

The retirement of Andrew Delay from the office of night yardmaster of the Nickel Plate will be followed by a general advance in that department of the service. Charles F. Lyons becomes night yardmaster, H. C. Niedhammer becomes chief day clerk, Charles Haenel becomes chief night clerk, William Turner becomes day seal clerk, and John Holly, jr., an extra man, becomes night seal clerk. Mr. Delay was led to this move by the state of his health, which will no longer permit of night work. He will take a position as local freight brakeman in Conductor Fred Deahl's crew, having a run between this city and Knox. As stated, all these changes are promotions and the men effected have earned them by faithful performance of duties. All have been employed at the yards for several years.

A change in night yardmaster at Bellevue is also to take place tomorrow. A. P. Bretz will succeed J. H. Calder, transferred. Mr. Bretz was formerly employed in the Chicago yards of the company.

NEW RAILWAY PROJECT.

Jefferson City, Mo., Feb. 28.—The Springfield, Jefferson City and Chicago Railroad company has been incorporated by the secretary of state with a capital of $2,700,000. The road is to extend from Jefferson City to Springfield and Lawrence county in Missouri, a distance of 200 miles.

WANT INCREASE IN WAGES.

The National Switchmen's union has presented a petition to General Superintendent Blodget, of the Lake Shore road, asking that standard or "Chicago" wages be paid all switchmen employed by the company outside of that city. The request has been taken under advisement. About 1,000 men would be affected by the advance, which amounts to $5 per month for each man.

EMPLOYES' EXCURSION.

The foremen of the various departments of the Pittsburg, who comprise the committee on arrangement for the coming annual excursion of the employes, met in Master Car Builder J. A. Graham's office at 9:30 o'clock this morning to settle upon a date for the excursion. It was decided to run the excursion the first Saturday after the June pay day, which will likely be the 22nd. Formerly only the mechanical department participated in these annual excursions, but hereafter all departments—the mechanical, the transportation and the maintenance of way—will participate in them. This will swell the crowd to 5,000 or 6,000 and require sixty-five to seventy cars to handle them. The coming summer is likely to be a busy one for the passenger department of the road on account of the Pan-American exposition and other events, and it was necessary to thus early settle upon a date for the employes' excursion in order that the transportation officials would have ample time to prepare for the affair.

ANOTHER ENGINE SOLD.

The Bass works will build a 1,200-horse power Corliss engine for the Wheeling Iron and Steel company. The contract was secured yesterday by George T. Ladd, traveling salesman for the company.

INDUSTRIAL NOTES.

Cyrus Bender, of the Wabash blacksmith shop, is sick.

Robert Taylor, machinist at the Bass works, is sick and off duty.

Nickel Plate engine 35 went to the shops yesterday for a general overhauling.

Pittsburg Conductor A. Kniffin has recovered from his recent illness and yesterday reported for duty.

Harry Evans, foreman of the carpenter department of the Electric works, is sick with the grip.

Z. T. Heffner and E. H. Meier, car builders at the east shops, are off duty on account of sickness.

John Brewer, Postal telegraph operator, was taken into Fort Wayne lodge No. 19, A. O. U. W., last night.

Machinist W. S. Wells, of the Pittsburg shops, went to Peru today to attend a meeting of the Foresters.

Conductor Carl L. Shober has been transferred from the Pennsylvania work train to through freight service.

Nckel Plate Engineers George Quidor and T. Sheahan and Fireman R. Drake are off duty on account of sickness.

Chief Draughtsman William Stephan will leave for New York Sunday on business for the Pennsylvania company.

Motive Power Superintendent D. F. Crawford, of the Pennsylvania, has returned from a business trip to Pittsburg.

A. G. Porter lodge, Brotherhood of Locomotive Firemen, has a class to be initiated at the meeting next Monday evening.

Conductor James House and Brakeman A. F. Young have returned to their duties on the Nickel Plate after a few days' absence.

Henry Hartman, of the Pittsburg blacksmith shop, went to Saginaw, Mich., today for a week's visit with relatives and friends.

Supt. T. R. Pickard, of the Bass works, has been in Chicago two or three days looking after some business affairs for the company.

James McConnell, who has been in Ohio attending the funeral of his father, will resume his duties in the Pittsburg freight office tomorrow morning.

Operator H. L. Taylor, who is to succeed Charles A. Hartman at the instrument in Master Mechanic G. S. McKee's office tomorrow, arrived in the city this morning.

Mr. and Mrs. Thomas H. Gallivan, notice of whose marriage appeared in The Sentinel last week, are preparing to go to housekeeping at 87 Hendricks street, in a house recently purchased. Mr. Gallivan is a Nickel Plate brakeman.

G. A. Schultz, boilermaker, and L. M. Murray, boilermaker's helper, resigned their positions in the Pittsburg shop this morning. They have other employment in view.

William Hayes, who operated a steam hammer in the Pittsburg shops and later in the Wabash shops, has taken a position as brakeman on the Grand Rapids and Indiana road.

Division Operator Jennings, who succeeds Mr. Tigar, has completed his first trip over the road and is today looking over affairs in the office The change occurs tonight.

Samuel Cutshall, conductor of the Wabash passenger train which was wrecked near Benton, Ind., Tuesday, was a former resident of Fort Wayne. He is a brother to Mrs. Nellie Fee, of this city.

George Bireline, Martin Shuler and M. R. Hardendorf, Pittsburg shopmen, are sick. Jacob Waldschmidt, also of the shops, is nursing an injured finger and will be unable to work for a few days.

William White, of Lima, general master mechanic of the Lake Erie and Western road, made his monthly visit here yesterday and with Master Mechanic J. W. Mitten looked over the company's property.

The father of Passenger Fireman Charles Souders is lying very ill at his home near Rome City. He is eighty-four years old and on account of his years it is feared he will not recover from the attack.

Walter Stanley, caller at the Nickel Plate yards, is sick and off duty. William Smart is working in Mr. Stanley's place, while John Holly, extra caller, is working at nights in Mr. Smart's place.

Frank Bonner, a draughtsman, has taken the place formerly occupied by Mr. May in the laboratory at the electric works. As previously stated in The Sentinel, Mr. May has been promoted to foreman of the department.

The Nickel Plate has changed its method of running dining cars. On the western division the dining car has been running only between this city and Chicago, coming here on No. 2 at 3 o'clock and leaving on No. 3 at 4:30 o'clock. It will hereafter be a part of the train over the entire line from Buffalo to Chicago.

J. J. Wood and F. S. Hunting, general manager and sales manager, respectively, of the Fort Wayne Electric company, will attend the annual meeting of the General Electric company at Schenectady, N. Y., next Monday and make a report of the business of the Fort Wayne branch. They will leave Saturday evening for Schenectady.

While freight traffic of all Fort Wayne roads is on the increase, some of the roads in Ohio and Pennsylvania are doing a decreasing business. This is particularly true of those roads engaged chiefly in ore and coal traffic. The Wheeling and Lake Erie was compelled to put ten conductors back and to discharge fifteen brakemen this week on account of the falling off in business.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. Mrs. Herbert Lucas, of Indianapolis, who has ben the guest of her parents, Mr. and Mrs. Tony Gerrard, of Lillie street, has returned home.

The Luther league of Trinity English Lutheran church will give a social at the church on Friday evening. There will be a musical program and refreshments.

The little three-month-old daughter of Mayor Scherer is very seriously ill with bronchial pneumonia. At noon the condition of the little one was considered critical.

A still alarm was sent in last night which called the department to the residence of James Summers, on Douglas avenue, where a slight blaze was discovered in the stable on the premises. The fire was extinguished without trouble and without material damage.

Dr. L. P. Drayer and Prof. A. B. Crowe have equipped a laboratory in the White block with a new and improved X-ray apparatus. It is the most complete outfit in the city and the gentlemen are prepared to make fluroscopic impressions and radiographs for the profession.

Milton Coffin, a cook employed at the National saloon, on East Main street, fell on the ice on the sidewalk in front of Belchin's saloon last night about 1 o'clock. He cut a deep and painful gash in his chin and was assisted to his home on Harrison street by Officer Cheviron.

The home of Mr. and Mrs. A. J. Noll, of 307 Lillie street, was invaded last evening by twenty-six of the little friends and neighbors of their daughter, Lillie, who came in honor of that little lady's eighth birthday anniversary. The young hostess was much surprised, but soon had games, etc., provided, by which the young guests enjoyed a most delightful evening. Toothsome refreshments were served.

Miss Hazel Cowdrey, of West Jefferson street, is at Chicago attending the national A. C. L. convention as a delegate from the City Anti-Cigarette league.

Huntington Herald: "Mrs. A. H. and Mrs. E. E. Perfect and Miss Perfect, of Fort Wayne, were in the city today, guests of Harry and Guy Perfect. The first mentioned lady is the mother of the boys, who live here."

There was not a large, but a deeply interested audience in attendance at the evangelistic exercises at Bethany Presbyterian church last evening. There will be preaching this evening and tomorrow evening by the pastor. Sunday morning there will be communion, reception of members and baptism.

Floyd Rumbaugh, in the Ohio penitentiary for the murder of the marshal of Hicksville, has written Detective Streifling a lengthy letter, thanking him for his efforts in his behalf. He protests his innocence and expresses hope that the detective will be successful in his efforts to run down the real criminals. The letter is a very intelligent one and bears every indication of candor and honesty.

The case of Ed Henninger, who has been in jail for several months for attempting to hold up a man named Dohrman near the Gay street bridge, will be called in the circuit court tomorrow morning. Henninger has recovered from the effects of the bullet wound in his leg inflicted by Detective Coling when making the arrest. The bullet, however, has not been found and still remains a part of the personal assets of Mr. Henninger. The prisoner has waived a preliminary examination.

SHE LIKES THE TOWN.

Last evening a man by the name of Lloyd, hailing from Continental, Ohio, came to town in search of his daughter. He said she had left home in company with a young woman from Fort Wayne who formerly worked in a restaurant and he wanted to get her back. This morning the daughter was located at the Wellington restaurant and the old gentleman approached her. The young woman point blank refused to go back to Continental. She said she is of age and proposes to stay right in Fort Wayne, where she can get work. The Lloyd girl is supposed to have a good reputation and there is nothing sensational about her leaving home except that she is tired of the excitement incident to the Ohio village and wants to locate in a bigger town. The father returned home without his daughter.

PRESIDENT READE HERE.

Rev. Dr. T. C. Reade, president of Taylor university, was in the city Wednesday. Taylor university, originally located in Fort Wayne, is now at Upland, Ind., and Dr. Reade reports that it is unusually prosperous. A New Jersey lady has just left the university a legacy of $5,000 Dr. Reade says that Upland is still considered the center of the natural gas field of the state, and in consequence it is just now enjoying quite a boom.

OFFICERS FOR COMING YEAR

CHOSEN BY COUNTY SUNDAY SCHOOL CONVENTION.

Last Work of the Meeting Wednesday—Report of the Resolutions Committee.

The closing work of the annual convention of the Allen County Sunday School association Wednesday afternoon was the election of officers for the ensuing year, as follows:

President—E. A. K. Hackett, Fort Wayne.

Vice President—E. C. Carrington, Harlan.

Secretary and Treasurer—Mrs. Nettie Hubler, Hoagland.

Superintendent Home Class Department—Hiram A. Philley, Fort Wayne.

Superintendent Primary Department—Miss Lizzie Covington, Fort Wayne.

General Superintendent—A. D. Craig, Fort Wayne.

THE RESOLUTIONS.

The committee on resolutions, composed of Rev. J. W. Lake, J. D. Gloyd and S. Doty, presented the following report, which was adopted unanimously:

"Whereas, We believe that the Sunday school is an important factor in redeeming the world; and,

"Whereas, This convention has met for the purpose of advancing the work of the Sunday school in Allen county, Ind.; be it, by this convention,

"Resolved, 1. That we notice with regret the absence of our worthy and beloved president, E. A. K. Hackett, who, although compelled to be absent from us during this session, we feel sure is with us in spirit and work. We also regret the removal from the county of our earnest vice president, Levi Binkley, and his absence from the active work of this convention. 2. That we appreciate the very energetic work of our county superintendent, A. D. Craig, realizing that much of the success of the Sunday school work throughout the county is due to his untiring efforts. 3. That we recognize the great benefits arising from the home class department and primary work in the Sunday school and would urge every school to adopt home class department work and also give greater emphasis to the primary work. 4. That, recognizing the need of greater efficiency among our teachers, we would most heartily recommend the Biole normal course as being extremely helpful in qualifying teachers. 5. That we extend our hearty thanks to all who have taken their places on the program, and especially to State Superintendent. Rev. J. C. Cannon, Mrs. D. W. Thomas, of Elkhart, and Mrs. Bryner, who have each come to us with so many good things for this convention. 6. That we extend our thanks to the pastor of the Berry Street M. E. church, Rev. H. J. Norris, and his board of trustees, for the use of their church during the convention; also to H. Philley and choir for their singing and to the good people of Fort Wayne for their entertainment."

The report of the retiring vice president, Levi Binkley, showed that twenty-one Sunday school conventions have been held in Allen county during the past year, which has marked a notable advance in Sunday school work in the county.

MACABEES ENTERTAIN.

Hive No. 6, L. O. T. M., will entertain tomorrow evening at Grand Army hall, in the Elektron building. Following the stage program will be refreshments and later a dance. The stage program is as follows:

TELEPHONE LINES DOWN.

The National Telephone and Telegraph company is experiencing considerable difficulty with its line between Huntington and this city, owing to farmers felling trees across the line. In some instances crossarms have been broken off and the wires tangled and matted so that it required much work to get the line into service again.

REPORT THAT GENERAL BOTHA HAS SURRENDERED.

IS CHIEF BOER COMMANDER

SAID TO HAVE YIELDED TO LORD KITCHENER.

REPORTS ARE UNCONFIRMED

DEWET AND HERZOG COMBINE THEIR FORCES.

London, Feb. 28.—The Sun says it is officially announced that General Botha, the commander-in-chief of the Boer forces, has surrendered to General Kitchener.

The war office at 2:30 p. m. had no confirmation of the reported surrender of General Botha, the Boer commander-in-chief.

HEARD IN MANCHESTER.

Manchester, England, Feb. 28.—The Evening Mail says General Botha formally surrendered to General Kitchener shortly before 10 o'clock this morning.

THE REPORT CREDITED.

London, Feb. 28.—3:43 p. m.—The Pall Mall Gazette credits the news of General Botha's surrender, but a representative of the Associated Press learns that neither the foreign office nor the colonial office have any information confirming the report.

NO OFFICIAL NEWS.

London, Feb. 28.—5:23 p. m.—The war secretary, Mr. Brodrick, announced in the house of commons this afternoon that he had no official information of the surrender of General Botha.

BOER FORCES MASSED.

De Aar, Cape Colony, Feb. 28.—The combined forces of General De Wet and Commandant Hertzog are now east of Philipstown, about forty miles northeast of here. The total number of men is about 2,000.

DEWET HELD BACK BY FLOODS.

8.—Latest advices indicate though a few of General Wringers,'s men have succeeded in crossing the Orange river, General DeWet, former President Steyn and the bulk of their force, including Hertzog's commando, are camped on the south bank, waiting an opportunity to cross. According to inhabitants who reside along the river side, this would be impossible for at least four days.

The indications are that DeWet intends moving eastward with the object of crossing the line between Norvals Pont and Naauwport.

Thornycroft is pushing from the west, while several columns are ready to meet the Boers in every direction. Last night there was a terrible storm, rain and thunder extending over a wide area, and it is expected that the river will again rise.

WILL BE REJOICING.

New York, Feb. 28.—The London correspondent of the Tribune cables that although no official information has been issued regarding the matter, he learns from a good source that Gen. Louis Botha, the Boer commandant general, has surrendered to the British, thus commemorating Majuba day in the same manner as General Cronje did twelve months ago.

If the war authorities can see their way to confirm the news there will be great rejoicing throughout the British empire. Commandant DeWet must still be reckoned with, however, and until he can be persuaded to lay down his arms hostilities must proceed. Military men in London now assume that the collapse of the Boer arms cannot be deferred many weeks, since it will be impracticable for the burghers to obtain a fresh supply of war material.

Steyn, DeWet and Hertzog are still in the field, but the remnants of their commandoes are without reserves of ammunition and are heading for districts which have been emptied and rendered uninhabitable by Lord Kitchener's policy of corralling the farmers and their families in strongly garrisoned posts.

HE WANTS TO KNOW.

James Miller, who is a brother-in-law to Crowl, the smallpox patient who has been quarantined at 212 Fairfield avenue for several weeks, called on Dr. Ruhl last evening. He told the doctor that Crowl has been in the house ever since he was declared ill of smallpox and that no one has been to see him, not even a physician. He called to Miller from a window yesterday and said he wanted to know something about it. If he has smallpox he don't know it and he wants some doctor to enlighten him on the subject, and if he has not got smallpox he wants something to eat. He and his wife have eaten up everything in the house except the bed clothes, and as they are not allowed to go out and no one is allowed to come in they are now reduced to a pure air diet.

BIG MORTGAGE FILED.

Toledo, Ohio, Feb. 28.—The G. H. Hammond company, of Chicago, today filed a gold bond mortgage for $1,550,000 in the county recorder's office. The mortgage bears 6 per cent. interest and is made out to the Central Trust company, of New York, and Thomas Hammond, trustee. It covers among other property the company's warehouse here.

WILL NOT USE THE MILITIA

MAYOR VANWYCK DECLARES HIMSELF.

Says New York Police Force is Equal to All Emergencies That Are Likely to Arise.

New York, Feb. 28.—Mayor VanWyck has informed members of the armory board that the national guard would not be called out by his orders.

Brigadier Generals Butt and McLeer resented the mayor's reflection on the guard. General Butt had asked for an appropriation for a rifle range for the Thirteenth regiment, of which Col. David Austin is the head. General Butt explained that soldiers who could not shoot were of no use.

"They do not need to shoot in this city," said the mayor. "With our excellent police force there is no use for militia."

General McLeer turned quickly toward Mayor VanWyck and said:

"There have been strikes when the services of the guard were called for."

"Not since I have been mayor of New York," was the retort. "You nor anyone else will have to call them out while I am chief executive of the city. The police force is capable of handling any and all disturbances, and there will be no shooting."

When the remarks of the mayor were reported at national guard headquarters the officers of General Roe's staff were amazed.

"I cannot understand [illegible], the mayor would stand for such a statement," said Col. N. B. Thurston. "But for the services of the militia last year at Croton dam the whole of New York might have been without water. A little dynamite would have done the work."

NO SENSATION AT ALL.

An evening contemporary yesterday published a sensational article concerning Israel Messler, of 108 South Wayne avenue, which involved burglary of his own house, desertion of his family and a lot of other high crimes. The facts are that Mr. Messler left the city with his wife and then left her with some friends in a neighboring town, while he went away to transact some business. He found it necessary to return to Fort Wayne hurriedly to get some papers essential to complete a business deal. He had no key to his house and was obliged to force his way in. He got his papers and went away to complete his deal. This he did and yesterday wrote his wife from Marion asking her to join him and they would go to Nebraska to look over and probably sell a piece of property which he owns there. That is all there is to the sensation.

VALUABLE DOGS POISONED.

E. M. Shell has reported the loss of two fine beagle hound pups by poisoning. The dogs are of a particularly valuable strain and were five weeks old. Both of them had been sold for $50 and were to have been shipped this week. The dogs were poisoned on his back porch at 24 Leith street sometime between dark and 7:30 Wednesday evening. He has an idea who the culprit is, but will give $50 for information that will secure a conviction.

The livery firm of Momper & Keller, on Harrison street, was dissolved today, E. S. Keller retiring. The business will be continued by Mr. Momper.

AGREE ON REPORT

SENATE ACCEPTS CONFERENCE REVENUE AMENDMENTS.

NO OBJECTION IS OFFERED

SAMPSON AFFAIR GETS INTO THE SENATE.

REJECTS POSTOFFICE BILL

THE HOUSE SENDS BILL BACK TO CONFERENCE.

Washington, Feb. 28.—The senate today agreed to the conference report on the war revenue reduction bill. Agreement was reached without objection.

During the debate on the river and harbor bill Mr. Aldrich interrupted consideration of that measure to present the conference report on the revenue bill, which was read and at once agreed to.

The resolution offered by Senator Allen, of Nebraska, calling upon the secretary of the navy for copies of Gunner Charles G. Morgan's letter to Rear Admiral Sampson, seeking promotion and the admiral's endorsements thereon, together with all correspondence bearing upon the matter.

A number of conference reports were agreed to, including those on military academy appropriation bills, agricultural appropriation bill and the bill creating a commission for the adjudication of Spanish war claims in accordance with article 7 of the treaty of Paris. The river and harbor bill then was taken up.

When the senate convened today the president pro tem., Mr. Frye, presented a letter from the marquis of Lansdowne, expressing the appreciation of his majesty, King Edward VII., for the resolution of the senate adopted upon the occasion of the death of Queen Victoria. The letter, which was sent to Ambassador Choate, and by him transmitted to the state department and by Secretary Hay sent to the senate, is as follows:

"London, Feb. 14, 1901.—Your Excellency:—The prime minister duly laid before the king the copy of the resolution of the senate of the United States of America which your excellency forwarded in your note to me of the 5th inst. By command of the king, I am to request your excellency to be so kind as to express to the president of the senate his majesty's most sincere thanks for the mark of respect shown by the senate of the United States to the memory of her deeply lamented majesty, Queen Victoria, empress of India. The terms of the resolution are highly appreciated by his majesty.

"I have the honor to be etc.,

"Lansdowne.

"To His Excellency the Honorable Joseph H. Choate."

IN THE HOUSE.

Washington, Feb. 28.—The house met at 11 o'clock today. Mr. Loud presented a complete conference report upon the postoffice appropriation bill. He explained that the most important amendment agreed upon in conference was that providing for experiments in mail delivery in towns and cities not having free delivery or free rural delivery service. He did not think it wise, as it might commit the government to mail delivery in every city, town and village, and might ultimately involve an expenditure of $25,000,000 per annum. The amendment directing the postmaster general to report upon the feasibility of a government postal telegraph and telephone system he also considered unwise. He was opposed to the government entering upon a postal telegraph scheme, but it had been represented to the conferees that this amendment must be accepted to avoid complications in the closing hour of the session.

The conference report on the postoffice appropriation bill was rejected by the house and sent back to conference.

GAGE ANSWERS INQUIRY.

Washington, Feb. 28.—Secretary Gage today submitted to the house a reply to the resolution of inquiry as to whether our ports or waters have been used for the exportation of horses, mules or other supplies for use in South Africa. Mr. Gage says:

"1. Our ports have been used for the exportation of horses, mules or other supplies for use in South Africa.

"2. Between October, 1899, and January 31, 1901, horses, mules and other supplies to the extent of $20,595,602 were exported to South Africa.

"3. No steps have been taken to prevent the lawful exportation of horses, etc.

"4. The number of horses and mules shipped from our ports during this period was 76,532."

Mr. Gage adds that it is not feasible before congress adjourns to give the shipments by ports in detail.

A table shows all the shipments to South Africa, the chief ones being horses, mules, wheat, canned beef and rum. The items of guns and other firearms are very small.

REVENUE BILL REPORTED.

Washington, Feb. 28.—The conferees of the senate and house upon the war revenue reduction bill today announced the result of their deliberations upon that measure. As already stated, the report of the committee shows a compromise all along the lines of the bill, the changes in the present law being as follows:

Tobacco—Twenty per cent. discount of the original tax of 12 cents per pound, as against 25 per cent. reduction as fixed by the senate and none as the bill has passed the house. The rate agreed upon will make the tax 9.60 per 100 pounds, as stated in these dispatches yesterday.

Cigars—On those weighing more than three pounds per 1,000, the house rate of $3 per 1,000 was retained as against $3.30 as fixed by the senate and $3.60 as in the present law. On those weighing less than three pounds per 1,000, the senate rate of 15 cents per pound was allowed to stand, as against the rate of $1 per 1,000 as fixed by the existing law, was not disturbed by the house.

Cigars—On those weighing not more than three pounds per 1,000, the senate action fixing the rate at 18 cents per pound prevailed. The house did not change the existing law.

Beer—The house rate of $1.60 per barrel and repealing the 7½ per cent. discount was retained.

Bankers' Capital—Present law retained, the senate receding from its amendment.

Commercial Brokers' Tax—Repealed in accordance with original action of both houses.

Certificates of Stock Transfers—The rate of 2 cents for each $100 is retained and the senate amendment making the law include the transactions of bucket shops was accepted by the house conferees.

Sales of Products at Exchanges—The senate amendment exempting sales of merchandise in actual course of transportation was accepted and the rate of 1 cent for each $100, as fixed by the present law was retained, the senate amendment making the rate $2 being disagreed to.

Bank Checks—Repealed in accordance with the house action.

Certificates of Deposit—Tax repealed.

Promissory Notes—Tax repealed.

Money Orders—Tax repealed.

Bills of Exchange, Foreign—The rate fixed at 2 cents for each $100, in accordance with the senate amendment.

Bills of Lading for Export—Repealed.

Express Receipts Repealed.

Telephone Messages—Repealed.

Miscellaneous Bonds Tax—Repealed, except upon bonds of indemnity. Certificates of damage and certificates not otherwise specified repealed.

Charter Party—Repealed.

Conveyance—Exempted below $2,500; above $2,500, 25 cents for each $500, in accordance with senate action.

Telegraph Messages—Tax repealed.

Insurance—Tax repealed on all kinds of insurance, in accordance with the action of the house, the senate conferees receding on all senate amendments.

Leases—Tax repealed.

Manifests—Tax repealed.

Mortgages—Tax repealed.

Steamship Passage Tickets—Exempted below $50 in value and the rate fixed at 50 cents for each $50 in cost for that price and over.

Power of Attorney—Tax repealed.

Protest—Tax repealed.

Warehouse Receipts—Tax repealed.

Proprietary Medicines—Tax repealed in accordance with house action, the senate amendment being disagreed to.

Perfumery and Cosmetics—Tax repealed.

Chewing Gum—Tax repealed.

Legacies—Law modified so as to exclude from taxation legacies of charitable, religious, literary or educational character.

The total reduction of the revenues as made by the bill agreed upon will amount to about $41,000,000, as against a reduction of $40,000,000 as it passed the house and of $37,000,000 as amended in the senate. The provisions of the bill as agreed upon will take effect on the 1st day of next July.

SCHWAB AT HEAD

YOUNG MAN TO BE PRESIDENT OF STEEL TRUST.

GARY INSTEAD OF FRICK

TO BE CHAIRMAN OF EXECUTIVE COMMITTEE.

ALARM IN GREAT BRITAIN

COMPETITION OF THE STEEL TRUST FEARED.

New York, Feb. 28.—A news association of this city says today:

"It is practically settled that President Schwab, of the Carnegie Steel company, will be selected as president of the United States Steel corporation, and there is semi-official authority for the statement that Elbert H. Gary, president of the Federal Steel company, will be named for the chairmanship of the executive committee. Until today it was generally believed that H. C. Frick would be placed at the head of this committee, but the change of program is said to be due entirely to Mr. Frick's statements to friends that his other interests would not allow him to give sufficient time to the duties of that important position.

"It appears to be settled that F. T. F. Lovejoy, of the Carnegie company will be secretary of the combined company."

ALARM IN GREAT BRITAIN.

London, Feb. 28.—The continuous decline in Scotch pig iron, prices having reached a ruinous level, is said to be the result of the formation of the steel trust in the United States. It is claimed that the makers are alarmed at the prospects. Replying to Sir Howard Vincent, conservative, the chancellor of the exchequer, Sir Michael Hicks-Beach, said he was aware that the exports of the United States in iron and steel amounted last year to $145,000,000, over double the value of similar exports in 1899. He altogether demurred, however, at the statement that the greater proportion was not required in America and was sent to the united kingdom. As a matter of fact, for the year ending June 13, 1899, the proportion was under $20,000,000 out of a total of $106,000,000.

The chancellor of the exchequer added that Sir Howard Vincent, in asking the government to take steps to secure such fiscal treatment for these and other competing foreign manufactured products, amounting to $400,000,000, as shall establish an equality of foreign goods with British goods in British markets and place upon the foreigner a portion of the pecuniary expense of the Boer war, merely expressed an opinion with which he did not agree.

Sir Howard Vincent also asked a question about the United States Steel corporation and the president of the board of trade, Gerald Balfour, replied that he understood a combination was in course of formation, but he was not inclined to adopt Sir Howard Vincent's statement that the main object of the combine was to destroy the iron and steel industries of Great Britain. He did not think any action on the part of the government could be usefully taken.

MORGAN MAKES $20,000,000.

New York, Feb. 28.—More than $7,500,000 in actual cash value is the commission upon which J. P. Morgan & Co. reckon for carrying through the gigantic steel project embodied in the United States Steel corporation. This sum takes no account of the firm's share of what profits may be made in handling the underwriters' money or of the advantages which may accrue to them as shareholders in some of the merged companies by reason of the economics of consolidation.

From a banker of wide reputation it was learned that the underwriters' syndicate, which will include as syndicate managers the firm of J. P. Morgan & Co., is to get a bonus of $25,000,000 in preferred stock of the new company and $25,000,000 of its common stock. Of this bonus Mr. Morgan's firm gets 25 per cent—that is to say, $6,250,000 of preferred and $6,250,000 of common stock.

"Will you say something as to the basis of the underwritings?" Mr. Morgan was asked.

"What do you mean by 'the basis of the underwriting?'" Mr. Morgan asked.

Reference was then made to the probable profits of the underwriters, and Mr. Morgan exclaimed:

"Well, in the first place, that is not the public's business. You might just as well come in here and ask me how many dollars I have in my pocket—just as well."

"The United States Steel corporation is a public corporation," it was suggested in reply.

"Oh, no," said Mr. Morgan. "When the public come to trade in it then it will be time enough for them to inquire."

RUBLEE SUCCEEDS WILDMAN.

Washington, Feb. 28.—The president has selected William A. Rublee, of Wisconsin, as consul general at Hong Kong, to take the place made vacant by the death of Mr. Rounseville Wildman and it is expected that his nomination will be made to the senate in a day or two. Mr. Rublee is a graduate of Yale and is at present engaged as an editorial writer for the Milwaukee Sentinel. He has had experience in the consular service, having served as consul at Prague during the administration of President Harrison. His appointment to the Hong Kong consulate was advocated by Senator Spooner and other prominent men of Wisconsin.

WILLIAM M. EVARTS IS DEAD

AGED STATESMAN YIELDS TO PNEUMONIA.

Was Surrounded By His Family When the End Came—Was 83 and Had Long Been Failing.

New York, Feb. 28.—William M. Evarts died at his home in this city today. Mr. Evarts was 83 years old. His death was caused by pneumonia. For several years past he had been without the use of his eyes and was

WILLIAM M. EVARTS.

otherwise so feeble that he was unable to leave his home.

Up to the time of death he was the nominal head of the law firm of Evarts, Choate & Seaman, although for many years he had not been in active practice.

Soon after 4 o'clock this morning Mr. Evarts suffered a relapse which caused him to sink rapidly. He had not rested well during the night and morning. The doctor and the nurses were put to their utmost resources, but they could not prevent the patient from sinking into unconsciousness at 6 o'clock. He became weaker and weaker until he breathed his last at ten minutes after 9 o'clock, without regaining consciousness. From the time he became unconscious the dying man's wife and children were with him in the room. There were our daughters and the same number of sons. The latter are Allan, Sherman, Rev. Dr. Prescott and Maxwell Evarts, and the daughters are Miss Mary Evarts, Mrs. Seaman, Mrs. Tweed and Mrs. Scudder.

WORK PROGRESSES WELL.

Exactly 192 solicitors are making the canvass of the city in the interest of the auditorium fund, and while none have made more than fragmentary reports, these are of a very favorable nature and the committee is highly gratified with the result thus far. It is stated that for the most part the subscriptions are being made by notes of from $5 to $10, few subscriptions being less than the former amount. These notes may be paid in monthly installments, so that the investment is not burdensome.

CHINA WAR BILL.

Berlin, Feb. 28.—The third supplementary estimate of 3,000,000 marks for expenses incurred by the war in China has been issued. Transportation and the purchasing of remounts will require 2,000,000, while provisions and forage will call for 1,000,000. This brings the total voted for the fiscal year to 93,309,133 marks.

PEOPLE ARE QUIET

MOB VIOLENCE NOT FEARED IN INDIANAPOLIS.

NO CHANCES TO BE TAKEN

GATLING GUN SQUAD AND SOLDIERS READY.

ALLEGED RAPIST IN JAIL

VICTIM IDENTIFIES HIM AS HER ASSAILANT.

Indianapolis, Feb. 28. There was no attempt today to make a demonstration against the county jail, where "Doc" Reed, charged with brutally assaulting Miss Dorothy Darter Thursday afternoon in Irvington, a suburb of this city, is confined.

Orders have been issued to the gatling gun squad of Battery A, and one company of militia to move at a moments notice, but, apparently, all danger of lynching has passed.

Detectives sent to Danville, where a colored man has been arrested on suspicion, returned today having decided that the man is not wanted in the case.

REED MAY BE INNOCENT.

Reed insisted today that he was not in Irvington at the time of the assault. His statement has been corroborated by citizens of Morristown, where he claims to have been at the time of the assault.

Lynching excitement reached some pitch last night, and for several hours there was danger of a conflict between threatening crowds that jammed the streets and a small army of militiamen and policemen which had been called into service to protect Reed from violence.

Before the show of military force was made the negro had a narrow escape from lynching. His life was saved only by the pity or timidity of his victim, who, when she was called upon to identify him, hesitated and expressed uncertainty, moved by the knowledge that within earshot was a mob of 300 or 400 men ready to take the man's life the instant a word from her fixed his guilt.

IDENTIFIED BY VICTIM.

After the negro and the mob had left she said she had positively identified him, but feared to say so, dreading that the crowd would hang him in her yard.

Reed had been arrested earlier in the day at Newcastle. After the girl's failure to identify him he was brought to this city from Irvington. When the news of Miss Darter's identification was spread about it caused a rise in the feeling against the negro, and there indications of a purpose to cause trouble.

A hasty consultation between the governor, adjutant general, sheriff and superintendent of police was called, and the companies of the National Guard here were placed under orders to be ready at a moment's notice to quell a mob. One hundred stands of arms were taken from the state armory to the county jail, and seventy-five deputy sheriffs were at once sworn in. In addition to this fifty policemen were put on guard in every street near the jail, and everyone was prevented from approaching. This method of avoiding trouble will continue through the night.

MOBS CROWD THE STREETS.

Thousands of people began gathering on the down town streets early last evening, and black groups of men appeared from the city police station. Stern orders to disperse, however, separated them. The negro was greatly frightened, and kept imploring the officers in the jail to save him.

RESTORED TO FAMILY.

Madrid, Feb. 28.—Senorita Ubao, the young girl who was lately restored to her mother by the authorities of the Jesuit convent, which she had been induced to enter, had an affectionate meeting last evening with her mother and brother, after which she wrote her lawyer, instructing him to abandon all legal proceedings in the case. She declared the sisters of the convent assured her that her brother intended to take her to Russia and abandon her there; also that he intended to burn the convent.

TO DEVELOP JAMAICA.

Kingstown, Jamaica, Feb. 28. It is reported that Elder, Dempter & Co., of Liverpool, are heading a movement in England for the formation of a company with a capital of $2,500,000 for the development of the agricultural resources of Jamaica.

RECOVERING FROM GRIP.

Mrs. E. I. Masters, at her home in Monitor, Ind., used Dr. Miles' Nervine and Pills to cure after effects of grip.

Mrs. A. E. Lopeer, in the little town of Modella, Minn., used Dr. Miles' Pain Pills and Nerve and Liver Pills and was well in a few days

George J. Flannery was relieved of the awful pains in his head in fifteen minutes by the use of Dr. Miles' Pain Pills. Now he is rapidly recovering at his home in Buffalo, N. Y.

J. C. Helfrey, foreman at the Westinghouse factory in East Pittsburg, had a severe attack of grip, but he used Dr. Miles' Nervine and Pain Pills and was soon back in his place.

Rev. C. Body was in a serious condition at his home in St. Paris, O., but Dr. Miles' Nervine and Nerve and Liver Pills pulled him through all right.

UNITED IN DEATH

EDWARD AND FRANK HENRY DIE FROM PNEUMONIA

BUT TWO BRIEF HOURS APART

HEAVY AFFLICTION OF A FAMILY NEAR NEW HAVEN.

CONRAD RODENBECK IS DEAD

OTHER DEATHS AND FUNERALS OF THE DAY.

Affliction's hand rests heavily upon the home of Mr. and Mrs. Frank Henry, who reside a short distance east of New Haven, Wednesday evening, within the space of two brief hours, two sons, Edward and Frank Henry, jr., died from pneumonia. Edward, sixteen years of age, died at 9 o'clock, and two hours later Frank, aged seventeen, passed away from the same disease.

Other members of the family have also been ill, a daughter, Miss Mamie, having almost entirely lost her voice from the effects of la grippe. The young men were nephews of Joseph Romary, of this city, and Mrs. Henry Schone and Mrs. Frank Veith are cousins of the bereaved father.

RODENBECK.

Conrad Rodenbeck, for half a century a well known Allen county farmer, died at 11:30 o'clock Wednesday night at his home, three miles north of the city, upon the Coldwater road. Mr. Rodenbeck had been ill about three weeks and death was due to the infirmities of his advanced age—seventy-nine years, two months and twenty-four days.

Mr. Rodenbeck was born at Quetzen, bei Minden, Germany, and came to Allen county in 1850; purchased a tract of woods north of the city, cleared it and developed it into the splendid farm which had since been his home. He was industrious and upright and was regarded as one of the substantial citizens of Washington township. Mr. Rodenbeck had been a member of St. Paul's Lutheran church ever since his arrival in the county.

His marriage occurred in 1851 to Miss Louise Geiseking, who, together with nine children, survives. The children are Frederick Rodenbeck, Mrs. Frederick Busse, Mrs. Carl Muhlenbruch, Mrs. William Bartels, the Misses Minnie, Sophia and Christine Rodenbeck and Rev. Carl Rodenbeck, of Scribner, Neb. There are twenty grandchildren.

The funeral services will be held from the residence Sunday afternoon at 2 o'clock, Rev. Jacob Miller officiating. The interment will occur at the Lutheran cemetery on the Coldwater road.

RAUDEBUSH.

Malcolm Dale Raudebush, the infant son of Mr. and Mrs. L. J. Raudebush, of 30 Summit street, died this morning at the age of two months and seven days.

Funeral services will be held from the residence Saturday morning, at 10 o'clock.

FUNERAL ANNOUNCEMENTS.

Braeuer:—The funeral services of Mrs. Catherine Braeuer will be held Friday afternoon at 1:30 o'clock from the residence, 92 Huestis avenue, and at 2 o'clock from Emanuel Lutheran church.

Lahrmann—The funeral of George Lahrmann will be held Friday afternoon at 1 o'clock from the family home, in Marion township, and at 1:45 from the Lutheran church on the Piqua road, Rev. Franke officiating.

LIPTON IS SATISFIED.

London, Feb. 28.—The reply of the New York Yacht club to the latest suggestions from this side on the subject of the international yacht race reached the Royal Ulster Yacht club today. The answer is regarded as clearing up the ambiguity in regard to the starting rule. Sir Thomas Lipton informed a representative of the Associated Press today that he is perfectly satisfied with the New York Yacht club's reply and considers that the Royal Ulster Yacht club's suggestions have been met in a sportsmanlike spirit.

SMALL TOWN FIRE-SWEPT.

Mantua, Ohio, Feb. 28.—A fire originating in the saloon of J. V. Rosenstet, shortly before midnight, destroyed a large portion of the business part of Mantua this morning. The village is without fire protection and the fire soon gained such headway as to be beyond control and aid was summoned from Cleveland. The burned district extends along Main street, from Prospect street south to the Erie railroad, and one block east on Prospect street. The principal losers are: I. J. Hays, clothier; Mrs. Goddard, bazar; James Kirk, photographer; S. Eldridge, jeweler; the postoffice; the Brown house; the Mantua house; J. V. Rosenstet, saloon; A. Gentile, saloon; M. Brown, saloon. The loss will amount to $75,000 and is only partly covered by insurance.

STRIKE ORDER IS OBEYED.

Cleveland, Ohio, Feb. 28.—Telegrams received at the local headquarters of the Marine Engineers' association today from various lake ports indicate that the strike order issued yesterday by National President Uhler will be obeyed by all members of the organization. It is stated that engineers engaged in making repairs or fitting out vessels have ceased work at all points on the lakes where such work has been in progress. While many prominent vessel owners continue to assert that they will be glad to see all vessels tied up until late in the season in order to stiffen carrying rates, some of the more conservative and influential vesselmen intimate that the strike will soon be compromised. Officials of the passenger boat lines declare that they will make every effort to start their steamers just as soon as the ice permits. It is intimated that if they cannot secure non-union men they will withdraw from the lake carriers' association and comply with the demand of the engineers.

CONSUL ORDERED HOME.

Lisbon, Feb. 28.—The Brazilian government has ordered its consul at Oporto to return immediately to Brazil with his family.

MARRIAGE LICENSES.

Abraham C. Deardorff and Charlotte Lemay.

In this case both the parties are under age, the lady being but seventeen. The parents of both, however, gave their written consent to the issuance of the license.

LOCAL LINES.

Judge F. S. Roby, of Auburn, is in the city.

Sister M. Regis, a Sister of Providence at St. John's academy, arrived in the city yesterday to be at the bedside of her father, Thomas Tiernan.

Architect Grindle has gone to Palm Beach, Fla., where he will spend some weeks. He is preparing plans for an elaborate residence there for a wealthy southern gentleman.

Thomas Travers will arrive in the city this evening from St. Paul seminary at St. Paul, Minn. He is called home by the illness of his grandfather, Thomas Tiernan, who is in a critical condition.

Mr. and Mrs. Charles Schroeder were pleasantly surprised Wednesday evening at their West Washington street home by a merry party of masqueraders, the occasion being Mrs. Schroeder's birthday anniversary. The evening was spent in playing pedro and other social diversions, and at the close of the games a fine lunch was served.

The situation in the building trade, so far as it relates to employer and employe, has not materially changed. The contractors who have not signed the scale appear firm in the determination not to do so, and those who did sign are making no effort to induce others to do likewise. One of the contractors who signed the scale said this morning that the city papers were misinformed as to the number of signers. Instead of thirty or forty, there were only nine names upon the wage agreement.

TO CHANGE RAILWAY SYSTEM

GERMAN EMPEROR FAVORS AN ELECTRIC SERVICE.

It Is Expected a Speed of 150 Miles an Hour Will Be Attained on Electric Lines.

Washington, Feb. 28.—It is reported that Emperor William has expressed himself in favor of a complete change in the entire German railway service, according to a communication received at the state department from Consul General Guenther at Frankfort.

At an audience recently held by Privy Councillor Rathnau, a promoter of great electrical enterprises, the latter gave the emperor detailed information emphasizing the necessity of constructing electrical railways for direct and rapid connection between Berlin and the principal cities of the German empire. He also brought out the fact that a great national triumph would be gained if Germany could be the leader in the creation of an entire electrical railway system.

The German secretary of war has placed the military line from Berlin to Zossen at the disposal of the promoters, who are urging upon the government this mode of travel for experimental purposes.

This line is eighteen miles in length, and it is hoped that a speed of from 125 to 155 miles an hour can be attained. The cars each will accommodate fifty passengers and will look very much like the sleeping cars now in use. If these trial runs prove satisfactory a great step towards the utilization of electricity as the sole railway motive power will have been gained, and, says the consul general, "the time will not be distant when it will be possible to travel, for example, from Berlin to Hamburg in a little over an hour, in cars which will follow each other at intervals of ten minutes."

For the purpose of furthering this project a number of prominent industrial and banking firms some time ago formed a society for investigation, with Dr. Schulz, president of the imperial railway department, at the head.

Consul General Guenther says in conclusion:

"By raising the speed, which now averages thirty-seven miles per hour, for fast trains to 155 miles per hour, and by dispatching the cars singly, the ideal railway of the future will have been reached."

SALT CURE FAILED TO SAVE.

Hamilton, Ohio, Feb. 28.—Marcus Sauer, sixty-nine years old, died here yesterday after an illness that attracted attention in medical circles throughout America six weeks ago. On January 11 the old man was dying of chronic dropsy. Dr. W. Z. Kumler was summoned and before he arrived the patient had apparently expired. It was at this time that the Loeb-Lingle salt cure was attracting so much attention and in desperation Dr. Kumler tried it. He injected a warm solution of common salt into Sauer's left arm and in twenty-one minutes revived him completely. Mr. Sauer gained strength and was apparently getting well until a week ago pneumonia set in. Then the dropsy developed a gangrene and Mr. Sauer died quietly yesterday. He was a junk dealer of some means and leaves seven children.

HEROIC GIRLS FIGHT FIRE.

Philadelphia, Feb. 28.—The fire brigade of Bryn-Mawr college, composed of girls, some of them with millionaires for papas, did heroic work and extinguished the flames that were burning one of the college's cottages, that occupied by Professor Scott. A number of girl students discovered the blaze and Miss G. E. Fowler, chief of the brigade, blew the horn that summoned the girl fire fighters. Soon the girls—there were forty of them—had two streams of water on the flames, they having drawn the hose cart and hose to the scene in record time. The girls were persistent in their efforts and a half hour after the fire was discovered it was practically under control.

BANKER FOILS EXTORTION.

Bonner Springs, Kan., Feb. 28.—M. D. Bearden, a respected citizen, is under arrest here for connection with an attempt to force $1,000 from Frank Warner, cashier and principal owner of the bank of this place, under pain of death to himself and family or the kidnaping of his child. Bearden was arrested, it is alleged, while making off with a bag of slugs supposed to contain money and which was left at a spot designated in a threatening letter received by the banker.

Mr. Warner took a few friends into his confidence, ordered the gold and had it on display in the bank. Later he filled the bag with slugs and deposited it as directed, David Wood concealing himself near by. The steps led up to the lodgerooms of the Odd Fellows' lodge, of which Bearden was a member. It was the night of the regular lodge meeting and when it was concluded Bearden was the last man to leave the building.

Bearden, according to Wood, drew out the bag and started away, when Wood ordered him to halt. Bearden, it is said, threw the heavy bag at Wood and ran. He was taken in charge by Deputy Sheriff Whitford. The prisoner has lived in Bonner Springs or Alton years and has borne a good reputation. He has a wife and two children.

EMPLOYES TO SHARE PROFITS

NEW PLAN INTRODUCED AT THE FOX BAKERY.

Workmen Have an Opportunity to Purchase National Biscuit Stock —Many Will Do So.

The 130 employes of the Fox branch of the National Biscuit company in this city are to have an opportunity to become stockholders in that gigantic enterprise, purchasing preferred stock upon the monthly payment plan. With the pay envelopes next Monday will be inclosed a circular letter explaining the plan and a blank application for stock, and Thomas Lyu, the assistant manager, stated to The Sentinel this morning that he believed a large number of their workmen would invest in the stock.

The plan was but recently adopted at a meeting of the stockholders of the National Biscuit company, and the offer to become associate proprietors is open to every employe of the company from the laborers to the associate managers. It is the desire to perfect a community of interest between all persons connected with the active work of the company.

The preferred stock of the company amounts to $25,000,000, and of this $23,525,100 is outstanding, being owned by 2,492 persons, of whom more than 1,000 are women. About $10,000,000 worth of the stock is owned by the officers, directors, managers of the plants and their families, but the remaining $15,000,000 represents outside capital. The market value of the stock at the present time is $92.50 a share, and for the three years during which the company has been in existence it has paid an annual dividend of 7 per cent.

The offer goes into effect immediately. In order to become a stockholder it is necessary for an employe to make application to the manager of the plant with which he is connected, stating how much stock he wants to buy, and inclosing $5 as the amount of the first payment. This must be followed by regular monthly payments according to the amount of stock taken out, and employes will be paid 4 per cent. interest on all money paid in until the stock is fully paid for, when they become full-fledged stockholders.

The company agrees to buy the necessary amount of stock from the outside for its employes at the regular market value and assume all expense. Provision is made for refunding money paid in in case an employe is unable to continue his payments or leaves the company.

ASSAILANT IS ARRESTED.

St. Petersburg, Feb. 28.—The man named Karpovich, who shot at and wounded the minister of public instruction, M. Bogoliepoff, yesterday, while the latter was holding a reception, has been arrested. M. Bogoliepoff was formerly rector of the Moscow university and later curator of the Moscow educational district, where he distinguished himself by a strict enforcement of discipline. He when the law was passed punishing obstreperous students with military service. He recently ordered the unsparing enforcement of this law, and approved many sentences against the students.

HAS ARRIVED AT GENOA.

Berlin, Feb. 28.—Baroness Von Ketteler, who sailed from New York for Italy February 14, has arrived at Genoa. She will stay for some time in the Riviera for her health.

The Anti-Cigarette League will have an important meeting at the city hall Saturday. Rev. Dr. McGaw will address the league. The recent entertainment given by the league was most successful.

PURDUE STUDENTS COMING

WILL VISIT MODEL FARMS ABOUT FORT WAYNE.

Fifty Young Agriculturalists in Charge of Director Plumb to Arrive Tuesday.

Fifty students of Purdue university at Lafayette are coming to Fort Wayne for the purpose of inspecting a number of model farms in this vicinity, and the young agriculturalists will arrive Tuesday evening at 6:47 over the Wabash. Prof. C. S. Plumb, director of the experiment station at the college, will be in charge of the young men.

The students comprise a part of those who are taking the agricultural course at the state institution, and next Wednesday will be spent in a visit to at least four farms in this vicinity. The first stop will be made at Brookside farm, owned by Hon. J. H. Bass, and from thence the young men will visit the farm of J. C. Peters, where they will lunch. The Mondamin Meadows farm of Hon. T. E. Ellison will next be visited, and returning to the city an inspection of the plant of the Mondamin Meadows Dairy company will follow. The young men will next visit the farm of the state institution, where they will be the guests of Supt. Alexander Johnson at supper. The party will leave at 8 o'clock Wednesday evening on the return to Lafayette.

A DIPLOMAT WEDS.

London, Feb. 28.—The marriage of W. Bayard Cutting, private secretary to United States Ambassador Choate, and Lady Sybil Marjorie Cuffe, youngest daughter of the present earl of Desart, will probably occur the latter part of April, but the date depends upon when Mr. Cutting's family can come over to be present at the ceremony in London. Mr. Cutting contemplates resigning from the embassy.

FIRM FOUNDATION.

Nothing Can Undermine It in Fort Wayne.

People are sometimes slow to recognize true merit and they cannot be blamed, for so many times in the past they have been humbugged. The experience of hundreds of Fort Wayne residents expressed publicly through newspapers and other sources places Doan's Kidney Pills on a firm foundation.

Mr. S. E. Beck, of 104 Ewing street, says: "Ever since I had my foot cut off six years ago I had symptoms of kidney trouble. I don't know whether it was the shock of the accident or the effects of the operation, but whichever it was, I had kidney complaint, and try what I would I could not get relief until I procured Doan's Kidney Pills at Meyer Bros. & Co.'s drug store and began taking them. My back ached very bad at times and I could hardly stoop. The first few doses of Doan's Kidney Pills did me a great deal of good, and in a short time the symptoms disappeared."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Mrs. Hiller will also lecture and demonstrate before the club league Saturday afternoon. These lectures are free to everyone.

A mouse created a small riot in a Lakeside car shortly after 6 o'clock Wednesday evening. The little animal appeared suddenly from somewhere and the women in the car proceeded to elevate themselves as high as possible. The rodent finally escaped to the rear platform, whereupon the conductor sought refuge on the brake wheel and from this coign of vantage finally succeeded in sweeping the intruder off the ear.

You Look Old

It's impossible for you not to, with the color of seventy years in your hair! Perhaps you are seventy, and you like your gray hair. And perhaps not!

Dark hair for youth and vigor; gray hair for old age and decline.

If you will use Ayer's Hair Vigor, in less than a month there won't be a gray hair in your head.

It keeps the scalp free from dandruff, stops falling of the hair, and makes it grow thick and long.

One dollar a bottle

If your druggist cannot supply you, send us $1 and we will express a bottle to you, all charges prepaid. Be sure and give us your nearest express office.

WILL ORGANIZE POLO CLUB.

For a time past a number of young men interested in polo have been discussing the advisability of organizing a polo club and a meeting has been called for this evening at Princess rink to effect an organization. Two teams will be picked, and as polo clubs have already been purchased, practice will begin at once. As soon as the teams become proficient matches will be arranged with teams of neighboring cities and the game of polo promises to become a feature in Fort Wayne this year. Five men compose a team, and of the two aggregations a team of five will be picked to play matches with visiting clubs. Dave Eckert and Frank Dick are the gentlemen who have been most active in endeavoring to organize teams and they are confident that the new club will be a success.

W. H. Keenan was at Wabash on business yesterday.

GOT HER COFFEE

And It Pulled Her Out.

"Doctor after doctor said I should not drink strong coffee. It struck me as peculiar that this advice should be so universal.

I have been a school teacher, and a few years ago began to feel I was pretty well worn out and nervous, found that I was depending more and more upon my coffee to carry me through my day's work. Many times, when teaching in a boarding school, I have asked the matron for a cup of coffee "strong" because I felt I could not get through the recitation without it.

Of course, I was living on borrowed strength, and two years ago the physical crash came. Nervous prostration and neurasthenia. For two weeks I could not even walk or stand alone. The physician said it would be two or three years before I could recover so as to be able to do anything. My appetite was gone. I could not sleep, and I was in a desperate condition, nervous and otherwise.

I was wanting coffee very badly, but it was kept from me. One morning about three weeks after the break down, the nurse brought me a cup of coffee, of delicious flavor. "May I have it?" I exclaimed. "Yes, the Dr. says it will not hurt you now." I could not understand it and did not try, but just drank the coffee, and had it every morning after that.

My appetite began to return with the first cup, and I had been enjoying it for a month or more when she said, "Does your coffee taste as good as it did before you were sick?" "Oh, yes," I said "it never tasted better." "Is it strong enough to suit you?" I said, "It could not be improved." "Do you know," she said, "You are not drinking Mocha or Java, but Postum Food Coffee;" and so it was, every grain of it.

I had often scoffed at Postum Food Coffee before I knew of its value, and its delicious flavor.

It has been a Saviour to me. Instead of waiting two or three years to recover strength, I am now in good working condition six months after the break down, and feel better than I have for ten years past." S. W. H——, Everett, Wash. Full name given by Postum Cereal Co., Ltd., Battle Creek, Mich.

There is a reason for such rapid recovery. Postum Food Coffee contains the natural phosphate of Potash and albumen from the grains of the field, which nature has sent for the use of humanity in the body. These materials combine in the human system and go to make up the gray matter that fills the nerve cells in the brain and all through the structure. We must furnish proper materials if we would build the proper body.

You can get these materials in a delicious form in Postum Food Coffee.

WILL MEET TONIGHT.

The Sentinel last night by mistake announced a meeting of the city democratic committee for last night. The meeting will be held tonight at the city hall. Comptroller Berghoff no longer hesitates in announcing that he will be a candidate for mayor in the event of the passage of the charter amendments. If they are not passed he will not be a candidate. It was suggested to him that no matter who is elected mayor he would in all probability be appointed comptroller at a salary $1,000 better than the mayor's salary. "I know it," said Mr. Berghoff, "but money and salary is not the only thing to be considered. There is a principle at stake and I would rather defend my principles than double my salary."

Governor Durbin put a crimp in the Joss railway consolidation bill that destroys its usefulness. The executive veto of this measure will be commended by the people generally.

J. P. Morgan's "clean-up" for his beneficent and arduous labors in organizing the steel trust, it is reported, will be about $25,000,000. This is tolerably fair compensation and it is presumed Banker Morgan needs the money in pursuit of his ambition to own the earth.

They order councilmanic affairs with novel vigor in Wheeling, West Virginia. When there is no quorum present the police force is set to work to procure one. Republicans who sought to deadlock the council and prevent a democratic official slate from going through were arrested and compelled to give attendance. The police force might be employed to improve the punctuality of a number of Fort Wayne councilmen and drag in a quorum when one is specially needed.

As details of the Terre Haute lynching come out the testimony multiplies that there was almost no effort made by the sheriff, his officers or the police to protect the prisoner in the jail. It would appear that the authorities were stupified by the appearance of the mob or overcome by curiosity to know what the mob would do if given a chance. In addition there seems to have been some ambition of Terre Haute people to have their town achieve the distinction of being the scene of a lynching bee. It is possible the authorities could not have saved the negro from the mob, but the good repute of the city would have been partly spared and the names of its officers saved from reproach if an effort had been made to foil the mob.

Texas has now become the empire state of the south, having nearly a million more inhabitants than Georgia, which has heretofore had that proud title. It has a greater population than all the New England states combined, exclusive of Massachusetts. Its growth in wealth is no less marvelous than its growth in population. The discovery and development of its oil fields, the vast production of cotton, the extent and constant increase in railroad mileage mark it as one of the greatest and most progressive states in the union, and the states and territories adjacent to it seem to be sharing its prosperity.

Rev. Dr. William Winslow, of Boston, vice president of the Egyptian exploration fund, has just announced the discovery of a valuable trophy among the papyri recently received by him for distribution among universities. It is declared to be the oldest fragment of the Gospels in the world. Dr. Winslow says that the papyrus contains a large part of the first chapter of the gospel of St. Matthew. It was found in Oxyrhynchus, 140 miles south of Cairo, near the famous "Logia," or "Saying of Jesus," and its date is placed by some experts at 150 A. D., and by the editors of the society's publications at fifty or sixty years later. This papyrus of St. Matthew belongs to the same class as the famous Sinaitic and Vatican codices, and is a remarkable corroboration of those texts and the accepted version. Dr. Winslow announces also that valuable papyri of Homer, Thucydides and Euclid are also in the collection.

COMFORT IN FARM LIFE.

[Washington Times.]

A professor in Cornell university has been discussing in print the question whether a farm can be made to pay. He thinks it can, but with some mental reservations on the subject of what it means to have the farm "pay." He says of one of his early experiences with his farm:

"Half of country life in in the living. It is in the point of view. It is in the way in which we look at things. Thoreau rejoiced when it rained, because he knew that his beans were happy. One day my man was agitated because the woodchucks were eating the beans. He would go to town at once and buy a gun. I, the simple home comfort which their chucks would probably destroy. If I thought from one-eighth to one-quarter of an acre. Now, one-quarter of an acre of field beans should bring me a net cash return of three or four dollars. I told him that he could not buy a gun for that money. If he had a gun he would waste more time killing the woodchucks than the beans would be worth. But the worst part of it would be that he would kill the woodchucks, and at daylight morning after morning I had watched the animals as they stole from the bushes, sniffed the soft morning air and nibbled the crisp young leaves. Many a time I had spent twice four dollars for much less entertainment. My neighbor thought that I ought to cut out the briers in the fence corner. I told him that I liked to see the briers there. He remarked that some folks are fools. I replied that it is fun to be a fool."

There is a good deal of common sense in this. The reason why many people dislike farming is that they want to get their pleasure somewhere else and make the farm pay for it, which it will seldom do. The people who really take comfort in this business are the thorough-going countrymen, who feel stifled if they have to live in a city, and would rather mow a field than keep books. It is very difficult to make a farm pay the cost of living, and also supply enough surplus to provide for all kinds of city wants and whims.

Another reason why many people find life in the country unpleasant is hinted at in the anecdote quoted above. There is really no need of cutting off all the fun of life on a farm from some fancied need of economy. Some farmers insist on trimming off all the briers in the fence corners, destroying all the woodchucks and rabbits, eradicating all the weeds, and reducing their premises generally to a cross between a market garden and a city lawn. This keeps them in a worried and excited state of mind all the time, because nature has a lively and permanent dislike to absolute tidiness, and her cohorts of weeds and grasses and her regiments of small beasts, birds and insects, are enough to keep any wide-awake farmer busy for eighteen hours out of the twenty-four. Farmers of this type are in much the same predicament as a housekeeper who regards a single fly as a cause of serious worry, and believes that the fading of carpets is an evidence of lack of housewifely skill.

We have all seen those delightfully picturesque old places, nestled in some hollow or perched on some hill slope, where everything seems to have been in the same place for generations, where the red squirrels scamper over the stone walls and the cinnamon roses and golden-rod make the waste places beautiful; where there is no furniture too good for the tired people to use, and no floor too finely carpeted for children's feet to tread; and most of us have thought that if one wanted to live in the country, such would be the place in which to do it. Yet on these farms one does not always find the best apples and vegetables, or the most profitable meadow; the greater part of their crop has been for generations asked him how many beans the woodinhabitants got out of them. This intangible harvest does not appear in the census returns, nor is it represented in any bank account; but it has gone to the making of character, and that, after all, is the most valuable crop grown in this country.

William Curie, a prominent St. Joe merchant, is at the Randall.

Mrs. E. P. Green has recovered from an attack of the grip at Canaseraga, N. Y., by the use of Dr. Miles' Pain Pills.

Among the victims of the grip epidemic now so prevalent, F. Coyle is now recovering at Canton, O., by the use of Dr. Miles' Nervine and Pills.

W. E. Nihells, of St. Louis, Mo., who was down with grip, is reported much improved. He used Dr. Miles' Nervine and Pills.

The friends of Mrs. L. Denison will be pleased to learn of her recovery from grip at her home in Bay City, Mich., through the use of Dr. Miles' Nervine and Pills.

Everybody says that J. W. Udy is looking splendid since his recovery from the grip at his home in Des Moines, Iowa. They all know that Dr. Miles' Nervine was what cured him.

Prosecuting Attorney Charles L. DeWaele, who has passed the three-score mile stone, had a time with the grip, but when seen at his home in Roscommon, Mich., the other day, he said Dr. Miles' Nervine was what cured him.

At nearly three score and ten Mrs. Galen Humphrey was fighting against odds when the grip attacked her, but she took Dr. Miles' Nervine and now her neighbors in Wareham, Mass., remark on how well she is looking.

After an illness of five weeks from the grip, Mrs. Harriett Jackson is again about and looking fine. She began taking Dr. Miles Nervine after the fourth week. Her home is in Bowling Green, Mo.

WOULD-BE ASSASSIN APOLOGIZES TO VICTIM.

HE SHOT AT THE WRONG MAN

GENERAL NEWS OF THE STATE OF INDIANA.

Greenfield, Ind., Feb. 28.—Calvin Bellows, aged 43 years, an employe of the Trees Manufacturing company here, was killed today by the Pennsylvania fast mail.

His home is supposed to have been in New York, where his son is said to be employed in a bank.

Papers in the dead man's pockets showed he was graduated from Columbia college.

SHOT AT THE WRONG MAN.

Logansport, Ind., Feb. 28.—About ten days ago an attempt was made by an unknown person to assassinate Otto Becker, a well known young man of this city. He was assaulted near his home one night and the following night was shot at while sitting in his room, the bullet breaking the glass in the window and lodging in the wall near Becker's head.

Yesterday Becker received a letter stating that a mistake had been made, as he is "not the man wanted." The letter said the writer was one of a party of New York counterfeiters who had come to this city to avenge himself on certain citizens who last summer received letters from the eastern green goods circulators and had complained to the federal authorities.

BOY KILLS HIS STEPFATHER.

Columbus, Ind., Feb. 28.—George Jarrett, aged twenty, murdered his stepfather, Austin Malloy, with an ax. Malloy was drunk and abusing and beat his wife, the boy's mother. When the latter came home a general family brawl ensued. Finally Malloy declared he would kill both of them. He started after his wife with an ax when the boy came up behind with another. In 1894 Arthur Malloy, who then lived with William Jarrett near this city, murderously assaulted Jarrett with an iron poker. Malloy left and went to a distant state. Some time after the death of Jarrett occurred Malloy returned and married the widow. Forty years ago Malloy killed a man named Kane, near here, in a fight brought on over a watch trade. Later he literally cut a man to pieces in a saloon fight and it is currently rumored that he killed another man in Illinois.

A FAMILY POISONED.

Elwood, Ind., Feb. 28.—William Bannon, his wife and three children, members of a prominent Elwood family, were poisoned yesterday. The father is in a serious condition, but the others are recovering. They drank water coming from the well at their home, and, in a short time, all were deathly sick. A brass pump is in the well, and it may have held verdigris. A sample of the water is being analyzed by physicians. They say the family shows signs of being poisoned by arsenic, which may have been thrown into the well by an enemy.

A MISSING WILL.

Noblesville, Ind., Feb. 28.—An envelope, supposed to have contained the will of Mrs. Israel Cook, a wealthy woman, who died last week, was found in her home, and across the back of the envelope, in Mrs. Cook's writing, was a request that if the will was opened before it was admitted to probate it should be declared void. The envelope was opened by County Clerk Casey, in the presence of Judge Neal, last evening. That portion of the will relating to the disposition of the property had been cut out and was missing. Only the names of the witnesses and the acknowledgment of the execution remained. The envelope shows that it had been opened and sealed again, but there is no evidence to show who mutilated the document. A suit may be brought to establish the purport of the will, giving the property to George Palmer, who was raised by Mrs. Cook from infancy. A short time before her death Mrs. Cook asked the undertaker to pay the pallbearers at her funeral and this has been done.

WOMAN KILLED BY A TRAIN.

Lafayette, Ind., Feb. 28.—Mrs. Drais, sixty years old, was killed yesterday by a Big Four passenger train from Indianapolis, at Altamont, a small station, three miles south of here. She was driving and a view of the track was concealed by a Lake Erie freight train, whose conductor shouted to her. Evidently not hearing him, her buggy was struck squarely in center and her body hurled thirty feet, where she was found dead in the detached buggy top. She leaves a family.

AFTER THE SPITTERS.

South Bend, Ind., Feb. 28.—The attempt of the Woman's Progress club to stem the tide of tobacco spitting on the walks of the city has proven futile, although placards appear prominently in the streets. The business men have taken a hand, and they are signing a petition to be sent to the police commissioners, asking that severe measures be taken to stop the practice. The business men have been nearly driven to distraction by the loafers and tobacco chewers.

CIGARETTE PLAGUE.

Frankfort, Ind., Feb. 28.—The Frankfort schools are having considerable trouble with the cigarette question. So many of the younger children have become addicted to the habit that it has been necessary to hold a court of inquiry. As a result affidavits have been filed against storekeepers, and an effort will be made to stop selling the children tobacco.

THREE DEATHS IN ONE FAMILY.

Mishawaka, Ind., Feb. 28.—Napoleon Parant, who left this town Sunday to attend his brother's funeral at Ottawa, Canada, dropped dead at the latter's bier, yesterday, and last night his sister expired at the supper table at her home in South Bend.

SCARE IN A THEATER.

Huntington, Ind., Feb. 28.—While a play was in progress at the theater a drunken man in the balcony dropped a loaded pistol over the railing. A woman screamed and a panic was narrowly averted.

PREPARES FOR HIS DOOM.

Wabash, Ind., Feb. 28.—John Rinkard, the condemned murderer, who is imprisoned in the Wabash county jail, while expressing the hope that his attorneys will yet save him from the gallows, is preparing to meet his doom. He asked Deputy Sheriff Brewer for a Bible, and urged that it be given to him at once. Rinkard has written an ungrammatical, misspelled letter to his lawyers, at Marion, requesting them to procure certain new evidence, which Rinkard says will be of value in the new trial if it is granted. The lawyers for the prisoner are complaining that the newspapers have not treated Rinkard fairly, and that he was convicted before the real trial for murder began. Judge Shively is incensed at the charge. He says that all reference to the murder and the trial was excluded from the papers during the jury trial of the question of sanity, and that, while the trial for murder was in progress the jury, by his expressed order, was deprived of all newspapers, and certainly could not have been influenced by the publication of the testimony. The motion for a new trial will be argued next week, and it is expected to be promptly overruled and sentence pronounced on Rinkard.

THE DUTY OF MOTHERS.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment, and her mother should see that she gets it.

Many mothers hesitate to take their daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham and secure the most efficient advice without charge. Mrs. Pinkham's address is Lynn, Mass.

Mrs. August Pfalzgraf, of South Byron, Wis., mother of the young lady whose portrait we here publish, wrote Mrs. Pinkham in January, 1899, saying her daughter had suffered for two years with irregular menstruation—had headache all the time, and pain in her side, feet swell, and was generally miserable. Mrs. Pinkham promptly replied with advice, and under date of March, 1900, the mother writes again that Lydia E. Pinkham's Vegetable Compound cured her daughter of all pains and irregularity.

Nothing in the world equals Mrs. Pinkham's great medicine for regulating woman's peculiar monthly troubles.

GIVEN ALL POWER

PRESIDENT IS ABSOLUTE IN THE PHILIPPINES.

SPOONER AMENDMENT PASSES

AFTER AN EXCITING DEBATE IN THE SENATE.

CUBAN AMENDMENT PASSED

BOTH GO THROUGH BY LARGE MAJORITIES.

Washington, Feb. 28.—The senate, after an exciting session, has taken decisive action regarding our position in the Philippines and Cuba. The army appropriation bill was passed a few minutes before 1 o'clock this morning.

The Spooner amendment extending the president's power in the Philippines caused the most heated discussion, but was finally passed by a vote of 45 to 95. Amendments proposing to extend the constitution to the islands were rejected.

THE SPOONER AMENDMENT.

The Philippine amendment as agreed to in the senate is as follows:

"All military, civil and judicial powers necessary to govern the Philippine Islands, acquired from Spain by the treaties concluded at Paris December 10, 1899, and at Washington, November 7, 1900, shall, until otherwise provided by congress, be vested in such manner as the president of the United States shall direct for the establishment of civil government and for maintaining and protecting the inhabitants of said islands in the free enjoyment of their liberty, property and religion;

"Provided, That all franchises granted under the authority hereof shall contain a reservation of the right to alter, amend or repeal the same.

"That a permanent government shall have been established in said archipelago full reports shall be made to congress on or before the first day of each regular session of all legislative acts and proceedings of the temporary government instituted under the provisions hereof; and full reports of the acts and doings of said government and as to the condition of the archipelago and its people shall be made to the president, including all information which may be useful to the congress in providing a more permanent government.

"Provided, That no sale or lease, or other disposition of the public lands or the timber thereon, or the mining rights therein, shall be made; and, provided further, that no franchise shall be granted which is not approved by the president of the United States and is not in his judgment clearly necessary for the immediate government of the islands and indispensable for the interests of the people thereof, and which cannot without great public mischief be postponed until the establishment of permanent civil government; and all such franchises shall terminate one year after the establishment of such permanent civil government."

PASSIONATE ORATORY HEARD.

Not since the enactment of the resolutions declaring the state of war to exist between the United States and Spain has there been such an avalanche of passionate oratory as the senate listened to today. Throughout the session the army appropriation bill was under discussion, the controverted questions being the Spooner Philippine amendment and the Platt Cuban amendment.

The most notable speech of the day was delivered by Mr. Bacon, of Georgia. He had been thoroughly aroused by reports that the democratic members had been induced by questionable means to withdraw their opposition to the proposed legislation, and he passionately branded as a libel upon honorable men and senators any and all such statements. His arraignment of the administration for "coercing" congress into enacting such provisions in the closing hours of the session was sensationally fierce and he declared that the only possible object of such action was that the "plunderers and vultures" might have an opportunity to prey upon the prostrate land of the Filipinos. Senators Turner, of Washington; Tillman, of South Carolina; Pettigrew, of South Dakota; Hoar, of Massachusetts; Teller, of Colorado; Mallory, of Florida; Lindsay, of Kentucky; Culberson, of Texas; Jones, of Arkansas; Simon, of Mississippi; Allen, of Nebraska, and others, addressed the senate, all of whom denounced the proposed legislation.

VOTE AGAINST CONSTITUTION.

A vote was taken upon the amendment of Mr. Vest, providing that the action of this government or its officials in the Philippines shall be subject to the constitution and laws of the United States so far as they are applicable. The amendment was rejected, 25 to 45, as follows:

Yeas—Bate, Berry, Butler, Caffery, Chilton, Clay, Cockerell, Culberson, Harris, Heitfeld, Hoar, Jones of Nevada, Kenney, McEnery, McLaurin, Mallory, Martin, Pettigrew, Pettus, Rawlins, Taliaferro, Teller, Tillman, Turley, Turner—25.

Nays—Aldrich, Allison, Bard, Beveridge, Burrows, Carter, Chandler, Clark, Cullom, Deboe, Dillingham, Dolliver, Fairbanks, Foraker, Foster, Frye, Gallinger, Hanna, Hansbrough, Hawley, Kean, Kearns, Kyle, Lindsay (dem), Lodge, McComas, McCumber, McMillan, Nelson, Penrose, Perkins, Platt, of Connecticut, Platt, of New York, Pritchard, Proctor, Quarles, Scott, Sewell, Shoup, Simon, Spooner, Stewart, Thurston, Warren, Wolcott—45.

REJECTION OF AMENDMENTS.

Mr. Rawlins offered an amendment declaring it not to be the purpose of the United States to hold permanent sovereignty over the Philippines, but only to the extent necessary to secure their pacification and to establish a stable government. Rejected—yeas, 24; nays, 45.

Mr. Bacon offered an amendment to limit the grant of power to March 4, 1901. Rejected—yeas, 20; nays, 46.

Mr. Pettus, of Alabama, offered an amendment providing that every person in whom authority is vested under this grant of power shall take an oath to support the constitution of the United States. Rejected—25 to 41.

Mr. Teller then offered his amendment providing that the civil government established in the Philippines should be so exercised as to secure for the inhabitants thereof the fullest participation consistent with the safety of the government. Rejected—24 to 39.

Mr. Teller then offered as an amendment a provision of the act establishing the Missouri territory in 1812 that all fines shall be moderate, no ex-post facto laws, etc. Mr. Teller said that as the officials in the Philippines were not to be required to take an oath to support the constitution of the United States, and the constitution and laws were not to be made applicable, he offered the amendment to protect the people of the islands. It embodied pretty good republican doctrine, said he, in the days when it became a law. To prevent cruel treatment of the natives under the powers of an autocratic government violative of every principle of free government he declared the amendment should be adopted. It was rejected—23 to 41.

HOAR OFFERS AMENDMENT.

Just as it looked as if the vote was about to be taken the venerable Massachusetts senator, Mr. Hoar, arose.

"There is one principle of constitutional liberty not yet slain," said he, "and I will give it a chance tonight." He then offered an amendment providing that no official of the Philippines vested with legislative power should exercise judicial or executive power and vice versa, "to the end that the government might be one of laws, not men."

The amendment was rejected—yeas 26, nays 43.

VOTE ON SPOONER AMENDMENT.

At last the decisive moment had arrived. It was now 10:30 p. m. The senate had been in session continuously since 11 o'clock in the morning. The vote was taken upon the amended Spooner resolution, which was adopted—yeas 45, nays 27—as follows:

Yeas—Aldrich, Allison, Bard, Beveridge, Burrows, Carter, Chandler, Clark, Cullom, Deboe, Depew, Dillingham, Dolliver, Elkins, Fairbanks, Foraker, Foster, Gallinger, Hale, Hanna, Hansbrough, Hawley, Kean, Kearns, Kyle, Lodge, McComas, McCumber, McLaurin, McMillan, Nelson, Perkins, Platt of Connecticut, Pritchard, Proctor, Quarles, Scott, Sewell, Shoup, Simon, Spooner, Stewart, Thurston, Warren, Wetmore—45.

Nays—Allen, Bacon, Bate, Berry, Butler, Caffery, Chilton, Clay, Cockrell, Culberson, Harris, Hoar, Jones of Arkansas, Jones of Nevada, Kenney, Lindsay, McEnery, Mallory, Martin, Pettigrew, Pettus, Rawlins, Taliaferro, Teller, Tillman, Turley, Turner—27.

VOTE ON CUBAN AMENDMENT.

The Cuban amendment to the army bill was adopted. The vote was 43 to 20, as follows:

Yeas—Aldrich, Allison, Bard, Beveridge, Burrows, Carter, Chandler, Cullom, Deboe, Depew, Dillingham, Dolliver, Fairbanks, Foraker, Foster, Gallinger, Hale, Hanna, Hansbrough, Hawley, Hoar, Kean, Kearns, Kyle, Lodge, McComas, McCumber, McMillan, Nelson, Penrose, Perkins, Platt of Connecticut, Proctor, Pritchard, Quarles, Sewell, Shoup, Simon, Spooner, Stewart, Thurston, Warren, Wetmore—43.

Nays—Bacon, Bate, Berry, Butler, Caffery, Clay, Cockrell, Culberson, Jones of Arkansas, Kenney, Lindsay, Mallory, Martin, Pettigrew, Pettus, Rawlins, Teller, Tillman, Turley, Turner—20.

Several amendments were voted down and the bill was passed—yeas 43, nays 18.

Mr. Allison, of Iowa, reported the sundry civil appropriation bill, and the senate at 1 a. m. adjourned.

Born, to Mr. and Mrs. Will Skelton, of West Jefferson street, a son. Mr. Skelton is traveling salesman for A. H. Perfect & Co.

WORK OF THE LEGISLATURE

HOUSE PASSES TERRE HAUTE CHARTER BILL.

Insurance Measures are Slain in the Senate—Hot Fight on Calumet Canal Bill.

(Special to The Sentinel.)

Indianapolis, Ind., Feb. 28.—The house today passed the Terre Haute special charter bill, giving it a municipal government modeled upon that of Indianapolis. Fort Wayne and Evansville. The senate bill abolishing the live stock sanitary commission, and the Thompson bill, limiting assessors' probing of banks to specific accounts, were also passed by the house.

The senate killed Woods' valued-policy bill and the valued-policy feature of Agnew's insurance bill, and passed a bill that passenger trains must stop at all county seats of five thousand or more population and the bill regulating voluntary associations. There is a hot fight on over the Calumet canal bill and a vote will not be reached until late.

VETOES CONSOLIDATION BILL.

One of the most important events of the session of the general assembly was the act of Governor Durbin yesterday in vetoing the west railroad consolidation bill. It is the governor's first veto. The bill sought to allow railroads to consolidate or otherwise acquire property of another road on the proviso that such roads were not parallel or competing. In his reason for vetoing the bill Governor Durbin says it is against the interest of the state and that it seeks to remove all railroad suits to the federal court. This would work hardship on residents of outlying districts of the state. He says, furthermore, that there is no provision in the bill that would allow subsequent legislatures to legislate against the combinations or consolidations made under the provisions of the law. He holds the bill generally harmful to the state.

WILL DISCUSS FRANCHISES.

The board of works at the meeting tonight will have several matters pertaining to interurban roads to consider. The Southwestern road will be represented and will urge the granting of certain franchises already asked for. The board, however, will not take immediate action for several reasons. One of these reasons will be the presentation of a remonstrance against the granting of a franchise asked for on Fairfield avenue. It states that already South Wayne avenue has been turned over and as Fairfield avenue is the principal residence street running north and south it should be spared. Among other things the petition says:

"We respectfully call your attention to the fact that these interurban companies are urging the passage of senate bill No. 168, section 6 of which gives these companies power to take, transport, carry and convey persons and property on its railroad, by such force and power as it is permitted to use for such purposes in cities and towns into, and through which it shall run and operate its road, and to receive tolls and compensation therefor."

"This bill gives interurban roads the same power that are given to steam railroads and is intended to take from cities the power to prohibit these roads carrying freight. Some of the courts have held that these interurban roads may carry freight over the streets of the city without any such legislation.

"We urgently protest against turning over the residence streets of our city for the purpose of carrying freight to this or any other town."

It is signed by C. E. Bond, D. M. Foster, C. H. Worden, G. E. Buckley, Lavina A. Bond, S. E. Bond and about half a dozen others.

BOND IS FORFEITED.

Harry Snow, who was to have had a preliminary hearing before Commissioner Logan yesterday on a charge of selling liquor without a government license, failed to put in an appearance, and the commissioner declared his bond defaulted. Attorney Ryan, who has been appearing in behalf of Mr. Snow, stated that he expected to have his client on hand before the close of the week.

SECURED THE TEMPLE.

Masonic Temple has been secured for the annual commencement exercises of the Fort Wayne College of Medicine, which will occur March 28. The class of graduates this year will number four.

RIPPER BILL PASSES.

Harrisburg, Pa., Feb. 28.—The measure known as the Pittsburg "ripper" bill passed finally in the house this afternoon. The bill now goes to the governor for his approval. The bill provides a new charter for the cities of Pittsburg, Allegheny and Scranton; abolishes the office of mayor and creates that of city recorder, who shall be appointed by the governor.

WILL CLOSE EARLY.

The various building and loan associations of the city have reached an agreement to close their offices at 6 o'clock every evening during the month except Saturday evenings. It has been customary heretofore to remain open the first four nights of every month, but this will be discontinued.

DIRECTORS WILL MEET.

The regular monthly meeting of the directors of the Commercial club will be held this evening, and in addition to the routine business a committee from the Brotherhood of Railroad Trainmen is expected to confer regarding the effort to bring the next meeting of the order to Fort Wayne.

Clean Your Kidneys.

Advice of a Famous Physician.

First and foremost, REST.

Take care of yourself. Your already weakened nerves want rest and must have it. If the attack is severe go to bed and remain there. More fatalities result from neglect of this precaution than from any other cause.

Eat sparingly. Your digestive organs are in no condition to take care of large quantities of food.

Drink plenty of pure, cold water. It allays the fever, stimulates the kidneys to action and opens up the pores of the skin. Keep the bowels open with Dr. Miles' Nerve and Liver Pills.

Take three doses of Dr. Miles' Nervine per day, and if you cannot sleep, take an extra dose at bed time. To further control the fever and to overcome the peculiar aches and pains of grip, use Dr. Miles' Pain Pills. They act quickly and effectually and no bad effects result from their use. These remedies have been thoroughly tested more than a million times and their efficiency is thoroughly established. They never fail to give relief.

Dr. Miles' Remedies can be found at any drug store and they are sold on a positive guarantee that first bottle or package benefits or money refunded.

HE MADE THINGS LIVELY

PADDY WALSH DOES EXCITING STUNTS AT WARSAW.

Kept the Entire Police Force and the Sheriff's Busy—Was Finally Subdued.

The Sentinel last evening gave a meager account of the strange actions of P. J. Walsh, foreman for Contractor Peters on the big sewer job. The scene of Walsh's exploits was at and near Warsaw, and the Warsaw Times of yesterday gives the following very lucid and comprehensive account of the antics of the demented man while in that city:

"A man giving his name as P. J. Walsh and his occupation as a sewer contractor of Chicago, who is evidently insane, with a 38 calibre revolver and a box full of cartridges, terrorized the residents of Warsaw last night in the vicinity of Prospect Hill. A posse, consisting of Sheriff Smith, Marshal Moon, Officers Winebrenner and Douglass, tried to effect his capture, but the stranger taking possession of Patrick Scollard's haymow, the entrance to which was through a narrow stairway, kept the officers from approaching by shooting down this narrow passage every time anyone appeared. The only alternative left for the officers was to keep a watch for the appearance of the demented stranger should he emerge from his 'fort.' This vigil finally terminated in an all-night watch from a shed in the vicinity.

"Tuesday afternoon at about 4 o'clock a stranger, well dressed, rather good looking, a thick-set man, with fair or ruddy complexion, light reddish mustache, and whose age is about forty, appeared at the office of Sheriff Smith and asked his protection and afterwards to be turned over to the police of Chicago, where he said he resided on Jackson street. He was of Irish descent and stated that he had come from Fort Wayne over the Nickel Plate as far as Claypool, after having completed a sewer job in that city. The man seemed overcome by fear and stated to the officer that a number of men had been following him singly in Fort Wayne for the past ten days and he feared they intended to kill him. Just as soon as he completed his work he decided to take the train for Chicago, and on that train he said he overheard his name mentioned by a crowd of toughs in a way he averred, that alarmed him. He got off at Claypool in the hope of getting away from them and came to Warsaw in a sleigh to get the protection of the sheriff. Up to this time Sheriff Smith thought the man only showed an unusual amount of fear and the thought of his probable insanity was not entertained.

"The stranger made the necessary arrangements for Deputy Sheriff Stoner to accompany him to Chicago at 5:24 p. m. On arriving at the Pennsylvania station Joe O'Connell, who accompanied the officers and Walsh, casually remarked that they would arrive in Chicago about 9 p. m. The stranger suddenly decided that he would not, under any circumstances, go into Chicago in the night and that they would wait until this morning. He was shown a hotel where he could pass the night and the officers left him. He registered at the White house as P. J. Walsh and left the hotel at about 6 o'clock. He went to Rutter's, where he purchased a revolver and a box of fifty cartridges, and his shooting promiscuously in the west part of town alarmed the citizens and they sent word to the officers.

"About 7:30 the officers received a telephone message stating that a man had been acting strangely in that section for some time and had finally gone into the barn belonging to Pat Scollard, on West Jefferson street. Officers Winebrenner, Douglass, Stoner, Smith and Moon at once went to the scene and arriving there found the man in the upstairs of the barn, with a revolver and a pitchfork in his possession. The officers tried every way to capture him, but to no avail, for just as soon as he saw anyone move he would fire at them, several of the officers having very narrow escapes from being hit. There was but one access to the upstairs, a narrow flight of steps, and with this guarded by an insane man with a revolver and pitchfork it was impossible to get at him. At about 4 o'clock this morning, after firing some twenty shots, he succeeded in getting out of the barn and making his way to the woodshed of Jacob Phillips, where until near daylight he continued to shoot at everyone and every moving thing that came in sight. At about 5 o'clock this morning, by jumping over several fences, he eluded the officers and went in a southwesterly direction. His hat, a brown derby, was found in the barn this morning, as was also a number of empty shells. His hat bore the trade mark of Wm. Meyer & Bro., of Fort Wayne.

"At noon Sheriff Smith received word by a farmer named Plummer, residing near Orion, that the crazy man was near Ben Hildenbrand's place and that Hildenbrand and others would keep a watch on him until his capture could be effected.

"Sheriff Smith and Marshal Moon captured the lunatic this afternoon near Orion and brought him to jail in Warsaw."

Walsh's brother and Detective Wilkinson arrived at Warsaw last evening and on the early train today left with him for Chicago. Contractor Peter is in receipt of a telegram from the brother, saying that they arrived at Walsh's home without incident and that he seemed to be considerably pacified. It is believed that a good rest and careful nursing will bring him out of his difficulty without any serious results.

BASE BALL.

Until the league magnates now in session at New York shall have taken action on matters regarding the welfare of the Interstate league there can be absolutely nothing new in base ball locally. The complete failure and utter wiping out of the American association occurred precisely as The Sentinel last Saturday predicted that it would and this leaves Indianapolis and Louisville without any happy, happy home at all. At that there is little likelihood that either of the cities named will drift into the Interstate; neither is it likely that either of the cities will be without base ball this year. The present session of the National league is the first real important one that has been held this year, or since the close of last season, and is the first and only one at which lines have been strictly defined. There will be many changes in the base ball map now that the players have been conciliated and the American league will be forced to an agreement with the National league. The question of grabbing players from the Interstate will be taken up just as soon as the magnates discover that Charlie Strobel is in town. Strobel had an idea that his coming would be heralded and would create at least a four-column rise of the tide. He was disappointed. The magnates not only did not know that he was there, but did not know who he was after they were notified of his presence. Such is fame. Poor Strobel!

The league magnates in session at New York yesterday considered the playing rules for 1901 and made some very important changes and in some instances radical ones. Among the most important so far decided upon are the following:

A rule was adopted which does away with the intentional "fouling off" of pitched balls by a batsman. The first and second foul balls hit by the batsman, unless two strikes have already been called against him, shall henceforth be counted as strikes.

Rule No. 3, defining the position of the catcher's lines, was altered so that the catcher will have to stand within ten feet instead of ninety feet of the plate. This places the catcher "up behind the bat" throughout the game.

A rule making the pitcher deliver the ball to the batsman as soon as the latter takes his position at the plate was adopted. Should the pitcher deliver the ball to any other place than the plate's ball will be called for delivery.

A rule was passed which penalized one ball against the pitcher if he fail to deliver the ball to the batsman within twenty seconds after the latter has taken his position.

A rule was passed empowering the umpire to remove from the game, and, if need be, from the grounds, any player guilty of using improper language to another player, captain, manager, or spectator. Written proof of the offense must be submitted to the president of the league within twenty-four hours, who may, if the proofs be satisfactory, suspend the offender from play.

A batsman may not henceforth take his base if hit by a pitched ball, but the ball will count as a ball against the pitcher.

Several rules conflicting with the changes named were stricken out or changed to conform to the alterations.

CONTAGION AND INFECTION.

La Grippe is Infectious, but Not Contagious.

Contagious diseases are communicated from one person to another; infectious diseases are conveyed through the air.

Smallpox is a contagious disease; la grippe is infectious. When an epidemic of the grip is prevailing it is in the air we breathe and no one is safe.

The only safeguard is to keep the system in the highest possible condition of health and on the first appearance of a cold in the head to use some safe antiseptic like Stuart's Catarrh Tablets freely, a tablet taken every hour or two for a couple of days will be sufficient to break up the attack.

La grippe attacks the weakest part of the system; it may be the lungs, heart, liver, stomach or kidneys, but wherever it finally locates it almost invariably starts with cold in the head and throat, or, in other words, the disease at the beginning is acute catarrh.

This is the reason Stuart's Catarrh Tablets have been so successful in breaking up attacks of the grip. The antiseptic properties of the remedy destroy the germs before the whole system is thoroughly infected.

Dr. Anniston says: Stuart's Catarrh Tablets being free from cocaine and harmful drugs, should be freely used at this time of year on the first appearance of grip symptoms.

They check the excessive catarrhal secretions, stop the fever and prevent pneumonia.

They are composed of antiseptics and may be used by little children as freely as by adults and with great benefit.

Dr. Lewiston says: My usual prescription for the grip is Stuart's Catarrh Tablets, which can be found at all drug stores. Keep to the house for a day or two and use the tablets freely, and I have never heard any complaint of failure to cure.

NEW FURNACE STARTED.

Pittsburg, Pa., Feb. 28.—The second new furnace of the Carrie group at Rankin, Pa., owned by the Carnegie Steel company, was blown in today. The first one was blown in last Tuesday night. The capacity of the new furnace is 750 tons a day, which is said to be the greatest of any furnace of this character in the world.

A workman employed in Schele's coal yard, had his hand badly cut yesterday while engaged in sawing wood. The wound was sewed up by Dr. McCausland.

THE MARKETS.

Chicago, Feb. 28.—Although Liverpool wheat cables were steady and northwest receipts light moderate selling by bears caused a fair decline here in wheat today. May opened unchanged to a shade lower at 76½c to 76@76⅛c and sold off to 75⅞c. Receipts here were 60 cars, 4 of contract grade. Minneapolis and Duluth reported 282 cars against 351 last week and 530 a year ago.

May later reacted to 76⅝c, but closed easy, ⅛c lower, at 75⅞c.

Renewed selling by commission houses and the absence of any particular outside buying depressed the corn market early. May opened a shade down at 40⅛c to 40⅛c and declined to 40¼@40⅜c. Receipts were 336 cars, 8 of contract grade. Country offerings were moderate.

The closing was steady, May ⅛c higher at 40⅛c.

Oats were dull and a trifle easier with corn. May opened unchanged to a shade lower at 25½c to 25⅝@25⅝c and sold to 25⅞c. Receipts were 193 cars.

Provisions were quiet and rather irregular, with the tendency easier with grain. May pork opened 7½@10c lower at 14.05@14.07½ and sold to 14.10; May lard 2½c down at $7.50, selling to $7.47½, and May ribs a shade depressed at $7.07½, dropping to $7.05.

THE CLOSE.

Prices at the close were as follows:

Wheat—Feb., 74¼c; March, 74¼c; May, 75⅞c.

Corn—Feb., 39⅛c; March, 39¼c; May, 40⅛c.

Oats—Feb., 24½c; March, 24½c; May, 25½c.

Pork—Feb., $13.85; May, $14.02½; July, $13.75.

Lard — Feb., $7.37½; March, $7.37½; May, $7.42½@7.45; July, $7.50; Sept., $7.55.

Ribs—Feb., $6.97½; March, $6.97½; May, $7.02½; Sept., $7.15.

Flax—Cash N. W., $1.63; May, $1.61; Sept., $1.61.

CHICAGO LIVE STOCK.

Chicago, Feb. 28.—Cattle—Receipts, 10,000; market generally steady. Good to prime steers, $4.90@6.00; poor to medium, $3.40@4.80; stockers and feeders, $2.75@4.50; cows, $2.05@4.20; heifers, $2.65@4.50; canners, $2.00@2.60; bulls, $2.40@4.15; calves, $4.00@6.25; Texas fed steers, $4.00@4.90; Texas grass steers, $3.35@4.00; Texas bulls, $2.50@3.50.

Hogs—Receipts today, 33,000; tomorrow, 30,000; left over, 3,161. Market opened steady, closing 5@10c lower; top, $5.52½. Mixed and butchers, $5.30@5.47½; good to choice heavy, $5.37½@5.50; rough heavy, $5.25@5.35; light, $5.25@5.42½; bulk of sales, $5.35@5.45.

THE DAY ON WALL STREET.

New York, Feb. 28.—The features at the opening of the stock market were Sugar, Tobacco and St. Paul. On the sale of 6,000 shares of Sugar, simultaneous quotations were made of 143½ and 142½, compared with 142⅝ last night. Tobacco sold at 120¾ and 121, compared with 121 last night. St. Paul was up ⅝ on the sale of 4,000 shares. Changes were mixed otherwise with fractional gains predominating. American Smelting after a fractional gain at the opening jumped 3¾. The Steel stocks shared in the irregularity of the market.

In many stocks fluctuations of a point or more were made during the first hour. Price movements, however, were not uniform, nor was the tendency defined for any special group. Sugar fell off to 141½ and rose again to 143. Smelting reacted 2 points, while the preferred advanced as much and National Steel preferred improved a point. Delaware and Hudson, Erie first preferred, St. Paul, Kansas and Texas preferred and St. Louis and Southwestern preferred gained 1½. International Pump preferred, Pacific Mail and International Power also showed strength. Peoria and Eastern, St. Joe and Grand Island first preferred and General Electric were quite weak. A break to 8½ in Steel and Wire induced selling of other Steel stocks and Sugar again broke to 140½. At 11 o'clock the market was on the down grade except for the copper stocks, Smelting rising again to near the highest and Anaconda and Amalgamated Copper rising 1 and 2⅜ respectively.

Stock prices gravitated still lower, although the movement was checked at intervals by feeble rallies. Sugar vibrated a point or more frequently and largely governed the course of the other stocks. Below 141 buying became effective, but a point rally was followed by a larger decline. All the Steel stocks fell well below yesterday's closing prices, with pronounced losses in National Tube, Tennessee Coal, American Hoop and Steel and Wire. National Tube lost 2¼ and Steel and Wire preferred 2½ and the others over a point. Bear pressure was resumed against Brooklyn Transit and profit-taking lowered Tobacco 1½. Most of the leading railroads were sold freely, particularly St. Paul, Union Pacific, Southern Railway preferred and Northern Pacific. A few exceptions were noted. C., C. C. & St. L. rising 1 and Lake Erie and Western 1½. International Power was bought confidently and advanced 2½. Rubber rose 2⅝ and the preferred 2¼.

Bonds held up well.

FINE RESIDENCE BURNED.

Pittsburg, Pa., Feb. 28.—"Braemar," the handsome residence lately owned by John G. A. Leishman, minister to Turkey, and recently bought by Col. Frank J. Heurz, first vice president of the National Tube company, was totally destroyed by fire at an early hour this morning. The loss will exceed $100,000. The house has been unoccupied for several months past and during the past two weeks workmen have been employed in renovating the building, preparatory to its occupancy by Colonel Heurz. The structure was of brick and stone, three stories in height and of English colonial architecture. Three weeks ago Colonel Heurz purchased it from Minister Leishman for $135,000. How the fire originated is not known.

ABOUT THE COURT HOUSE.

Sarah M. Hite has filed a damage suit for $5,000 against Bartholomew W. Cullen, alleging breach of promise. Cullen had been paying her suit and promised to marry her. His ardor cooled and while the plaintiff is still willing and at all times has been willing to fulfill her part of the contract Cullen has fought shy and flatly refuses to enter the marriage relation. In lieu of a husband Miss Hite thinks about $5,000 would compensate her for her unrequited love. H. I. Smith is plaintiff's attorney.

The Enterprise Paint company sues William Bremer for $200 on a note.

In the circuit court Perry Meyers asks for a new trial of his case in which Carrie Warner contested a judgment against him for bastardy.

Hannah M. Krieger Kuntz has commenced action against R. L. Macy et al to quiet title.

The jury in the case of the state vs. Boils for assault and battery on Louis Glaidt brought in a sealed verdict. It was opened this morning and was found to be for acquittal.

The case of James Sutton vs. the Grand Rapids and Indiana railroad, seeking damages for the killing of a cow, is on trial before the jury in the circuit court.

In the superior court the case of Doglitz vs. Lutewiler is on trial before the court.

John F. Tierney has commenced action against John Henry et al to quiet title.

The county commissioners have discovered that the appropriation for smallpox is about exhausted. The county council appropriated $2,500 to fight the disease with, and that amount and more has been expended. The commissioners are considering the advisability of calling the council together again for the purpose of making an additional appropriation. Monroeville, which was a short time since declared free from the disease, has bobbed up again with new cases. These are said to have resulted from exposure in the case of a child which died of smallpox and was given a public burial. The physician in charge, it is claimed, said it was not smallpox and never reported it as such.

Judge O'Rourke came down town today for the first time since his sisters over a week ago. He is much improved and expects to resume his seat on the circuit court bench in the morning. In a few weeks, after the weather gets warmer, he will make a trip to West Baden, where he will remain a few weeks for general recuperation. He has regained his health, but is still suffering from weakness.

The Archer-Sprague-Varney company has filed articles in the recorder's office increasing the capital stock of the concern from $25,000 to $50,000.

The administrator's sale of the Hollopeter farm in Cedar Creek township, held at the court house this afternoon, attracted a large number of farmers.

IN JUSTICES' COURTS.

Justice Bullermann yesterday acquitted Mrs. Dahnen of the charge of provoking the two little boys of Mrs. Dunlap. The boys would not swear sufficiently hard to make out a case for the state.

Justice France fined Eliot White $2 and costs for Sabbath desecration. The offense consisted of hunting on Sunday.

NEWS IN POLICE CIRCLES.

Ed Wauzy, a colored vagrant, was before the mayor this morning. The evidence showed that Wauzy had been begging in the western part of the city and became very insolent. He asked for food and when it was given him would insist on having coffee and other luxuries. The woman whom he approached became alarmed and called the police and he was locked up. The mayor fixed him for thirty-six days. Impudent colored men are not in much demand in Indiana today, except by mobs, as witness the adventure of the one at Terre Haute and the one now in jeopardy at Indianapolis.

BEAT THE HUNTINGTONS.

The Huntington bowling team was beaten in a contest at the Y. M. C. A. alleys in this city last evening by the Eurekas, made up of Messrs. Hicks, Donohon, Moritz, Hills and Tarmon. This is the fifth time these teams have met, and in each case the Eurekas have been victorious.

TO CONSOLIDATE MINES.

Cincinnati, Ohio, Feb. 28.—A conference was held here today between representatives of the Wilmington Coal company, the Marmot Coal company and the Gates interests for the purpose, it is said, of consolidating, with a view to the acquirement and development on an extensive scale of coal lands in West Virginia.

FOR SHATTERED NERVES.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known, to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

A Cross Clerk

Is a rarity. For the most part the young woman behind the counter is smiling and obliging, though her back hurts, her side pains, or her head throbs distractingly. The wonder is, not that a clerk is sometimes irritable, but that she so rarely shows irritation, when every nerve is quivering and she hardly knows how to hold her head up.

The nervous condition, headache and weakness, which are the results of irregularity or a diseased condition of the womanly organs, can be entirely cured by the use of Dr. Pierce's Favorite Prescription. It regulates the functions, stops enfeebling drains, strengthens the nervous system and promotes the general health of the entire body.

Sick women are invited to consult Dr. Pierce by letter, free of charge. All correspondence private. Address Dr. R. V. Pierce, Buffalo, N. Y.

"Having used Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' during the past year," writes Mrs. Mattie Long, of Hicks Valley, Perry Co. Pa., "I can truthfully recommend the medicines for all female weakness. I have used several bottles of 'Favorite Prescription,' which I consider a great blessing for weak women. I was so nervous and discouraged that I hardly knew what to do. Your kind advice for home treatment helped me wonderfully. Thanks to Dr. Pierce."

THE WABASH DEAL

PITTSBURG EXTENSION IS A "SURE GO."

DETAILS NOW UNDER WAY

PITTSBURG PAPERS BELIEVE IN THE PROJECT.

NICKEL PLATE PROMOTIONS

A HALF DOZEN WORTHY FELLOWS ADVANCED.

No item of railway news of recent date created more interest than the Associated Press dispatch concerning a Wabash line into Pittsburg, the greatest of all shipping points, which was published in The Sentinel last Monday. The emphatic denials of President R. Blickensderfer, of the Wheeling and Lake Erie, and General Manager Joseph Ramsey, of the Wabash that those railway companies had entered into a combination with a view of opening a new Pittsburg-St. Louis freight line has not destroyed the belief that the Wabash is working in that direction, though the Wheeling may not be a party to the deal. It was noticed that Mr. Ramsey's denial was specific only so far as it concerned the Wheeling. He said nothing concerning the alleged deal with the Cleveland, Lorain and Wheeling road, which very plausible story was sent out from Cleveland and was also published in The Sentinel. The public believes the Wabash contemplates establishing this new iron and coal route and will watch developments with a great deal of interest. If the route is established it will restore to the Fort Wayne branch of the Wabash its old-time importance in the way of an east and west freight line.

The Pittsburg Dispatch adheres to the Wheeling and Lake Erie-Wabash combination story and declares it is true. That paper yesterday published the following concerning it:

"The promoters of the Wabash extension into Pittsburg have been working actively during the past few days perfecting the details for the complete location of all lines and terminals, and it is believed that an early start will be made this spring on the construction. The Pittsburg underwriters are enjoying to the limit "the enraged denials of Joseph Ramsey, jr., vice president of the Wabash, and they admit that the western railroader is simply 'quibbling.'" They say that the consummation of the Carnegie deal will not affect them in the least and that they will forge ahead with their project as though Mr. Carnegie were still the absolute dictator of the great steel properties along the Monongahela.

"The underwriting syndicate, consisting of George J. Gould, Myron T. Herrick, Mr. Ramsey, Francis L. Robbins and others, has now only five months within which to work to comply with the agreement signed by Mr. Carnegie and themselves. This agreement is more far-reaching than most suppose.

"It not only provides that the Gould syndicate, in consideration of its building a line from Pittsburg to the Wheeling and Lake Erie at the Ohio river, shall receive one-fourth of the residue tonnage of the Carnegie company going west out of Pittsburg after the Pittsburg, Bessemer and Lake Erie has had its share, but that it also shall receive one-fourth of the heavy tonnage coming in from the west and northwest, including iron ore from the Mesaba and Lake Superior region, coal and limestone.

"The estimated annual consumption of iron ore by the Carnegie company is from 6,000,000 to 7,000,000 tons, and of this the Pittsburg, Bessemer and Lake Erie receives at its docks at Conneaut harbor from 2,000,000 to 3,000,000 tons each year. The Pittsburg and Lake Erie and the Pennsylvania lines now haul the remainder of this heavy tonnage to the Carnegie furnaces. This will now have to be divided by the railroad combination with the new Gould syndicate, as Mr. Ramsey would 'quibble,' but virtually with the Wabash. It is expected that this tonnage alone will amount to from 1,500,000 to 2,000,000 tons each year. This is insured and the greater increase in the Carnegie consumption and production will add so much to the tonnage of the new Gould road.

"It is not known yet at which point the ore tonnage will be received, but it is probable that advantage will be taken of the facilities at Huron and Toledo, although the Wheeling and Lake Erie, acting with the Wabash, will probably be compelled to spend a large amount of money on docks and harbor improvements to facilitate the economical handling of the freight destined for the Carnegie blast furnaces. The Conneaut docks are now the finest of their kind in the world, but neither they nor the Bessemer railroad can begin to handle the enormous ore tonnage of the Carnegie demands. The Gould road under the Carnegie agreement thus receives a back haul that will place it quickly in the front rank and beyond some roads that have had a much longer existence.

"The Pittsburg promoters of the scheme are not yet prepared to make public their plans. All admit that the publication in the Dispatch, while complete as to its facts, details and statements and while premature, has done no harm to the project. The only fear the promoters had was that announcement before the Carnegie-Morgan deal became a fact might dissolve the contract arrangements. Vice President Ramsey, in a private telegram to the Dispatch last night from St. Louis, virtually admitted the correctness of the Dispatch's statements."

"Grip robbed me of my sleep and I was nearly crazed with neuralgia and headache. Dr. Miles' Pain Pills and Nervine cured me."—Mrs. Pearl Bush, Holland, Mich.

"My stomach was affected by grip and I could eat nothing but crackers and milk. I began taking Dr. Miles' Nervine and Pain Pills and the trouble disappeared."—Mrs. J. Lindsey, Montrose, Minn.

"When I was prostrated with grip and my heart and nerves were in bad shape, Dr. Miles' Nervine and Heart Cure gave me new life and health."—Mrs. Geo. Colle, Elgin, Ill.

"I had been in bed three weeks with grip when my husband brought me Dr. Miles' Nervine, Pain Pills and Nerve and Liver Pills. I was cured."—Mrs. J. Reinler, Franklin, Ind.

ISSUING NEW POLICIES.

The Brotherhood of Locomotive Firemen is calling in all old life insurance policies and issuing new ones. The old policy did not comply in all particulars with the laws of Indian governing life insurance and the change is made on this account. The new policy is a voluminous affair, gotten up with the view of complying with the laws of every state and territory in the union and every province of Canada. The insurance branch of the brotherhood is in good financial condition and no order's policies are more promptly paid when necessity arises than are those of the B. of L. F.

THE FIRST JOINT MEETING.

A new clause in the by-laws of the Brotherhood of Locomotive Firemen permits monthly joint meetings of the brotherhood lodges and the Ladies' auxiliary. Next Monday evening A. G. Porter lodge will inaugurate these joint meetings, which it is hoped will be found profitable to both the brotherhood and the ladies. It is expected that joint meetings will be held every month hereafter.

LOCOMOTIVE MUSEUM.

Chicago, Feb. 28.—Arrangements have been completed for the establishment of a locomotive museum at Purdue university, Lafayette, Ind. Many of the railroads have been interested in the project and three of them have already agreed to contribute to the collection. The museum will be the only institution of its kind in the country.

PENNSYLVANIA'S MILEAGE.

Philadelphia, Pa., Feb. 28.—Chief Engineer Brown has made public his report on the mileage of the Pennsylvania Railroad company for the year ending December 31. The total mileage of the company is 10,443.78 miles east of Pittsburg and Erie and 4,654.60 west of Pittsburg. The Pennsylvania system comprises a total trackage of 18,602.79 miles. During the year there was an increase of 872 miles of new track on lines east of Pittsburg.

CHANGE IN YARD FORCE.

The retirement of Andrew Delay from the office of night yardmaster of the Nickel Plate will be followed by a general advance in that department of the service. Charles F. Lyons becomes night yardmaster, H. C. Niedhammer becomes chief day clerk, Charles Haenel becomes chief night clerk, William Turner becomes day real clerk, and John Holly, jr., an extra man, becomes night real clerk. Mr. Delay was led to this move by the state of his health, which will no longer permit of night work. He will take a position as local freight brakeman in Conductor Fred Dunkl's crew, having a run between this city and Knox. As stated, all these changes are promotions and the men effected have earned them by faithful performance of duties. All have been employed at the yards for several years.

A change in night yardmaster at Bellevue is also to take place tomorrow. A. P. Bretz will succeed J. H. Calder, transferred. Mr. Bretz was formerly employed in the Chicago yards of the company.

NEW RAILWAY PROJECT.

Jefferson City, Mo., Feb. 28.—The Springfield, Jefferson City and Chicago Railroad company has been incorporated by the secretary of state with a capital of $2,700,000. The road is to extend from Jefferson City to Springfield and Lawrence county in Missouri, a distance of 200 miles.

WANT INCREASE IN WAGES.

The National Switchmen's union has presented a petition to General Superintendent Bleiget, of the Lake Shore road, asking that standard or "Chicago" wages be paid all switchmen employed by the company outside of that city. The request has been taken under advisement. About 1,000 men would be affected by the advance, which amounts to $5 per month for each man.

EMPLOYES' EXCURSION.

The foremen of the various departments of the Pittsburg, who comprise the committee on arrangement for the coming annual excursion of the employes, met in Master Car Builder J. A. Graham's office at 9:30 o'clock this morning to settle upon a date for the excursion. It was decided to run the excursion the first Saturday after the June pay day, which will likely be the 22nd. Formerly only the mechanical department participated in these annual excursions, but hereafter all departments—the mechanical, the transportation and the maintenance of way—will participate in them. This will swell the crowd to 5,000 or 6,000 and require sixty-five to seventy cars to handle them. The coming summer is likely to be a busy one for the passenger department of the road on account of the Pan-American exposition and other events, and it was necessary to thus early settle upon a date for the employes' excursion in order that the transportation officials would have ample time to prepare for the affair.

ANOTHER ENGINE SOLD.

The Bass works will build a 1,200-horse power Corliss engine for the Wheeling Iron and Steel company. The contract was secured yesterday by George T. Ladd, traveling salesman for the company.

INDUSTRIAL NOTES.

Cyrus Bender, of the Wabash blacksmith shop, is sick.

Robert Taylor, machinist at the Bass works, is sick and off duty.

Nickel Plate engine 35 went to the shops yesterday for a general overhauling.

Pittsburg Conductor A. Kniffin has recovered from his recent illness and yesterday reported for duty.

Harry Evans, foreman of the carpenter department of the Electric works, is sick with the grip.

Z. T. Heffner and E. H. Meier, car builders at the east shops, are off duty on account of sickness.

John Brewer, Postal telegraphoperator, was taken into Fort Wayne lodge No. 19, A. O. U. W., last night.

Machinist W. S. Wells, of the Pittsburg shops, went to Peru today to attend a meeting of the Foresters.

Conductor Carl L. Shober has been transferred from the Pennsylvania work train to through freight service.

Nickel Plate Engineers George Quidor and T. Sheahan and Fireman R. Drake are off duty on account of sickness.

Chief Draughtsman William Stephan will leave for New York Sunday on business for the Pennsylvania company.

Motive Power Superintendent D. F. Crawford, of the Pennsylvania, has returned from a business trip to Pittsburg.

A. G. Porter lodge, Brotherhood of Locomotive Firemen, has a class to be initiated at the meeting next Monday evening.

Conductor James House and Brakeman A. F. Young have returned to their duties on the Nickel Plate after a few days' absence.

Henry Hartman, of the Pittsburg blacksmith shop, went to Saginaw, Mich., today for a week's visit with relatives and friends.

Supt. T. R. Pickard, of the Bass works, has been in Chicago two or three days looking after some business affairs for the company.

James McConnell, who has been in Ohio attending the funeral of his father, will resume his duties in the Pittsburg freight office tomorrow morning.

Operator H. L. Taylor, who is to succeed Charles A. Hartman at the instrument in Master Mechanic G. E. McKee's office tomorrow, arrived in the city this morning.

Mr. and Mrs. Thomas H. Gallivan, notice of whose marriage appeared in The Sentinel last week, are preparing to go to housekeeping at 87 Hendricks street, in a house recently purchased. Mr. Gallivan is a Nickel Plate brakeman.

G. A. Schultz, boilermaker, and L. M. Murray, boilermaker's helper, resigned their positions in the Pittsburg shop this morning. They have other employment in view.

William Hayes, who operated a steam hammer in the Pittsburg shops and later in the Wabash shops, has taken a position as brakeman on the Grand Rapids and Indiana road.

Division Operator Jennings, who succeeds Mr. Tigar, has completed his first trip over the road and is today looking over affairs in the office. The change occurs tonight.

Samuel Cutshall, conductor of the Wabash passenger train which was wrecked near Burton, Ind., Tuesday, was a former resident of Fort Wayne. He is a brother to Mrs. Nellie Fee, of this city.

George Bireline, Martin Shuler and M. R. Hardendorf, Pittsburg shopmen, are sick. Jacob Waldschmidt, also of the shops, is nursing an injured finger and will be unable to work for a few days.

William White, of Lima, general master mechanic of the Lake Erie and Western road, made his monthly visit here yesterday and with Master Mechanic J. W. Mitten looked over the company's property.

The father of Passenger Fireman Charles Sanders is lying very ill at his home near Rome City. He is eighty-four years old and on account of his years it is feared he will not recover from the attack.

Walter Stanley, caller at the Nickel Plate yards, is sick and off duty. William Smart is working in Mr. Stanley's place, while John Holly, extra caller, is working at nights in Mr. Smart's place.

Frank Bonner, a draughtsman, has taken the place formerly occupied by Mr. May in the laboratory at the electric works. As previously stated in The Sentinel, Mr. May has been promoted to foreman of the department.

The Nickel Plate has changed its method of running dining cars. On the western division the dining car has been running only between this city and Chicago, coming here on No. 2 at 3 o'clock and leaving on No. 3 at 4:30 o'clock. It will hereafter be a part of the train over the entire line from Buffalo to Chicago.

J. J. Wood and F. S. Hunting, general manager and sales manager, respectively, of the Fort Wayne Electric company, will attend the annual meeting of the General Electric company at Schenectady, N. Y., next Monday and make a report of the business of the Fort Wayne branch. They will leave Saturday evening for Schenectady.

While freight traffic of all Fort Wayne roads is on the increase, some of the roads in Ohio and Pennsylvania are doing a decreasing business. This is particularly true of those roads engaged chiefly in ore and coal traffic. The Wheeling and Lake Erie was compelled to put ten conductors back and to discharge fifteen brakemen this week on account of the falling off in business.

$100 Reward $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

LOCAL LINES.

Henry C. Pettit, of Wabash, is at the Wayne.

George Jacobs left today for Montpelier, Ohio, on a business trip.

Mrs. Herbert Lucas, of Indianapolis, who has ben the guest of her parents, Mr. and Mrs. Tony Gerrard, of Lillie street, has returned home.

The Luther league of Trinity English Lutheran church will give a social at the church on Friday evening. There will be a musical program and refreshments.

The little three-month-old daughter of Mayor Scherer is very seriously ill with bronchial pneumonia. At noon the condition of the little one was considered critical.

A still alarm was sent in last night which called the department to the residence of James Summers, on Douglas avenue, where a slight blaze was discovered in the stable on the premises. The fire was extinguished without trouble and without material damage.

Dr. L. P. Drayer and Prof. A. B. Crowe have equipped a laboratory in the White block with a new and improved X-ray apparatus. It is the most complete outfit in the city and the gentlemen are prepared to make fluroscopic impressions and radiographs for the profession.

Milton Coffin, a cook employed at the National saloon, on East Main street, fell on the ice on the sidewalk in front of Belchin's saloon last night about 1 o'clock. He cut a deep and painful gash in his chin and was assisted to his home on Harrison street by Officer Cheviron.

The home of Mr. and Mrs. A. J. Noll, of 307 Lillie street, was invaded last evening by twenty-six of the little friends and neighbors of their daughter, Lillie, who came in honor of that little lady's eighth birthday anniversary. The young hostess was much surprised, but soon had games, etc., provided, by which the young guests enjoyed a most delightful evening. Toothsome refreshments were served.

J. W. Hilgeman visited at Huntington Tuesday evening.

Rev. J. Frank Snyder, of Lagrange, was in the city yesterday.

George W. Beers is removing into his residence on West Berry street.

Miss Hazel Cowdrey, of West Jefferson street, is at Chicago attending the national A. C. L. convention as a delegate from the City Anti-Cigarette league.

Huntington Herald: "Mrs. A. H. and Mrs. E. E. Perfect and Miss Perfect, of Fort Wayne, were in the city today, guests of Harry and Guy Perfect. The first mentioned lady is the mother of the boys, who live here."

There was not a large, but a deeply interested audience in attendance at the evangelistic exercises at Bethany Presbyterian church last evening. There will be preaching this evening and tomorrow evening by the pastor. Sunday morning there will be communion, reception of members and baptism.

Floyd Rumbaugh, in the Ohio penitentiary for the murder of the marshal of Hicksville, has written Detective Streiffing a lengthy letter, thanking him for his efforts in his behalf. He protests his innocence and expresses hope that the detective will be successful in his efforts to run down the real criminals. The letter is a very intelligent one and bears every indication of candor and honesty.

The case of Ed Henninger, who has been in jail for several months for attempting to hold up a man named Dolirman near the Clay street bridge, will be called in the circuit court tomorrow morning. Henninger has recovered from the effects of the bullet wound in his leg inflicted by Detective Coling when making the arrest. The bullet, however, has not been found and still remains a part of the personal assets of Mr. Henninger. The prisoner has waived a preliminary examination.

SHE LIKES THE TOWN.

Last evening a man by the name of Lloyd, hailing from Cardington, Ohio, came to town in search of his daughter. He said she had left home in company with a young woman from Fort Wayne who formerly worked in a restaurant and he wanted to get her back. This morning the daughter was located at the Wellington restaurant and the old gentleman approached her. The young woman point blank refused to go back to Continental. She said she is of age and proposes to stay right in Fort Wayne, where she can get work. The Lloyd girl is supposed to have a good reputation and there is nothing sensational about her leaving home except that she is tired of the excitement incident to the Ohio village and wants to locate in a bigger town. The father returned home without his daughter.

PRESIDENT READE HERE.

Rev. Dr. T. C. Reade, president of Taylor university, was in the city Wednesday. Taylor university, originally located in Fort Wayne, is now at Upland, Ind., and Dr. Reade reports that it is unusually prosperous. A New Jersey lady has just left the university a legacy of $5,000. Dr. Reade says that Upland is still considered the center of the natural gas field of the state, and in consequence it is just now enjoying quite a boom.

WILL STOP FOR SUPPER.

Two hundred Chicago school children, who are to go to Washington as the guests of the Chicago American to witness the inauguration of President McKinley, will leave Chicago Saturday afternoon in a special train over the Pennsylvania railroad. The party will stop in Fort Wayne for supper Saturday evening.

OFFICERS FOR COMING YEAR

CHOSEN BY COUNTY SUNDAY SCHOOL CONVENTION.

Last Work of the Meeting Wednesday—Report of the Resolutions Committee.

The closing work of the annual convention of the Allen County Sunday School association Wednesday afternoon was the election of officers for the ensuing year, as follows:

President—E. A. K. Hackett, Fort Wayne.

Vice President—E. C. Carrington, Harlan.

Secretary and Treasurer—Mrs. Nettie Hubler, Hoagland.

Superintendent Home Class Department—Hiram A. Philley, Fort Wayne.

Superintendent Primary Department—Miss Lizzie Covington, Fort Wayne.

General Superintendent—A. D. Craig, Fort Wayne.

THE RESOLUTIONS.

The committee on resolutions, composed of Rev. J. W. Lake, J. D. Cloyd and S. Doty, presented the following report, which was adopted unanimously:

"Whereas, We believe that the Sunday school is an important factor in redeeming the world; and,

"Whereas, This convention has met for the purpose of advancing the work of the Sunday school in Allen county, Ind.; be it, by this convention,

"Resolved, 1. That we notice with regret the absence of our worthy and beloved president, E. A. K. Hackett, who, although compelled to be absent from us during this session, we feel sure is with us in spirit and [illegible]. We also regret the removal from the county of our earnest vice president, Levi Binkley, and his absence from the active work of this convention. 2. That we appreciate the very energetic work of our county superintendent, A. D. Craig, realizing that much of the success of the Sunday school work throughout the county is due to his untiring efforts. 3. That we recognize the great benefits arising from the Home class department and primary work in the Sunday school and would urge every school to adopt home class department work and also give greater emphasis to the primary work. 4. That, recognizing the need of greater efficiency among our teachers, we would most heartily recommend the Bible normal course as being extremely helpful in qualifying teachers. 5. That we extend our hearty thanks to all who have taken their places on the program, and especially to State Superintendent, Rev. J. C. Cranson, Mrs. D. W. Thomas, of Elkhart, and Mrs. Bryner, who have each come to us with so many good things for this convention. 6. That we extend our thanks to the pastor of the Berry Street M. E. church, Rev. H. J. Morris, and his board of trustees, for the use of their church during the convention; also to H. Philley and choir for their singing and to the good people of Fort Wayne for their entertainment."

The report of the retiring vice president, Levi Binkley, showed that twenty-one Sunday school conventions have been held in Allen county during the past year, which has marked a notable advance in Sunday school work in the county.

The little three-month-old daughter of Mayor Scherer is very seriously ill with bronchial pneumonia. At noon the condition of the little one was considered critical.

A still alarm was sent in last night which called the department to the residence of James Summers, on Douglas avenue, where a slight blaze was discovered in the stable on the premises. The fire was extinguished without trouble and without material damage.

Dr. L. P. Drayer and Prof. A. B. Crowe have equipped a laboratory in the White block with a new and improved X-ray apparatus. It is the most complete outfit in the city and the gentlemen are prepared to make fluroscopic impressions and radiographs for the profession.

Milton Coffin, a cook employed at the National saloon, on East Main street, fell on the ice on the sidewalk in front of Belchin's saloon last night about 1 o'clock. He cut a deep and painful gash in his chin and was assisted to his home on Harrison street by Officer Cheviron.

The home of Mr. and Mrs. A. J. Noll, of 307 Lillie street, was invaded last evening by twenty-six of the little friends and neighbors of their daughter, Lillie, who came in honor of that little lady's eighth birthday anniversary. The young hostess was much surprised, but soon had games, etc., provided, by which the young guests enjoyed a most delightful evening. Toothsome refreshments were served.

Huntington Herald: "Mrs. A. H. and Mrs. E. E. Perfect and Miss Perfect, of Fort Wayne, were in the city today, guests of Harry and Guy Perfect. The first mentioned lady is the mother of the boys, who live here."

There was not a large, but a deeply interested audience in attendance at the evangelistic exercises at Bethany Presbyterian church last evening. There will be preaching this evening and tomorrow evening by the pastor. Sunday morning there will be communion, reception of members and baptism.

Floyd Rumbaugh, in the Ohio penitentiary for the murder of the marshal of Hicksville, has written Detective Streiding a lengthy letter, thanking him for his efforts in his behalf. He protests his innocence and expresses hope that the detective will be successful in his efforts to run down the real criminals. The letter is a very intelligent one and bears every indication of candor and honesty.

The case of Ed Henninger, who has been in jail for several months for attempting to hold up a man named Dohrman near the Gay street bridge, will be called in the circuit court tomorrow morning. Henninger has recovered from the effects of the bullet wound in his leg inflicted by Detective Coling when making the arrest. The bullet, however, has not been found and still remains a part of the personal assets of Mr. Henninger. The prisoner has waived a preliminary examination.

SHE LIKES FORT TOWN.

Last evening a man by the name of Lloyd, hailing from Columbus, Ohio, came to town in search of his daughter. He said she had left home in company with a young woman from Fort Wayne who formerly worked in a restaurant and he wanted to get her back. This morning the daughter was located at the Wellington restaurant and the old gentleman approached her. The young woman point blank refused to go back to Continental. She said she is of age and proposes to stay right in Fort Wayne, where she can get work. The Lloyd girl is supposed to have a good reputation and there is nothing sensational about her leaving home except that she is tired of the excitement incident to the Ohio village and wants to locate in a bigger town. The father returned home without his daughter.

PRESIDENT READE HERE.

Rev. Dr. T. C. Reade, president of Taylor university, was in the city Wednesday. Taylor university, originally located in Fort Wayne, is now at Upland, Ind., and Dr. Reade reports that it is unusually prosperous. A New Jersey lady has just left the university a legacy of $5,000. Dr. Reade says that Upland is still considered the center of the natural gas field of the state, and in consequence it is just now enjoying quite a boom.

WILL STOP FOR SUPPER.
